ESPEE STRIKE DUE AT 6 P. M. TODAY

OFFICE HEADS MAY CHOOSE OWN GOODS

District Attorney in Ruling Today Upsets Board Policy

Orange county supervisors have no authority to dictate what type of equipment or supplies the county officers may purchase, District Attorney W. F. Menton ruled today.

If they want L. C. Smith typewriters, to which Supervisor N. E. West is opposed, they can order them and the purchasing agent must deliver them, Menton held.

Further, if the purchasing agent substitutes another article, he is acting illegally and without authority, the county's legal advisor held.

Purchasing Agent Eugene Fenelon, who has borne the brunt of a fierce dispute which arose when supervisors directed him to distribute the typewriter business around the county, said today he will refer the opinion to the board of supervisors for instructions before he acts further.

The issue was raised by Auditor W. T. Lambert, who requisitioned an L. C. Smith typewriter. It was refused by Fenelon under the resolution of policy voted by the board of supervisors March 30.

Menton's decision means that Lambert may have his typewriter, but the dispute and delay means that the county will pay \$12 more for it than if it had been delivered when ordered. Prices went up \$12 on April 1.

Basis of the dispute is the determination of supervisor West to slice off the business which the R. A. Tiernan Typewriter (See PURCHASES, Page 2)

G-MAN SHOT IN GUN BATTLE

TOPEKA, Kans. (AP)—A federal agent was shot and critically wounded and a bystander was wounded in the foot today as a result of a gun battle in the city's business district. The agent, who was shot in the chest, was being escorted to a hospital when he was shot.

About 20 shots were fired in a furious battle in the building, located in the center of the city's business district. The agent, who was shot in the chest, was being escorted to a hospital when he was shot.

Agent W. W. Baker of the federal bureau of investigation was shot four times and so grievously wounded that the emergency operation was undertaken at the hospital where he was treated. The wounded bystander was O. D. Davis of Topeka.

The fugitives were identified as Alfred Power, 39, alias Lewis Moore, and a friend, Brinker, 28, wanted for the robbery of a bank at Katonah, N. Y.

'Very Few People Do,' Says Judge

ELLSWORTH, Me. (AP)—An applicant for citizenship told Judge George L. Emery promptly that the President of the United States was Franklin D. Roosevelt. But he admitted he didn't know who was vice president.

"Don't let that worry you," said the judge. "Very few people do."

Trio Shoots Man In Payroll Holdup

BRIDGEPORT, Conn. (AP)—A factory worker was shot and slightly wounded today when three masked bandits made an unsuccessful attempt to seize the \$25,000 payroll of the Westinghouse Manufacturing company. Three suspects were later arrested.

Townsend Will Pay Claims

SAN FRANCISCO. (AP)—Dr. Francis E. Townsend authorized payment today of salary claims totaling \$326 brought by six former employees of the San Francisco pension plan office. The six appealed to the state labor commissioner when their first request for payment went unheeded.

Blockade Patrol Will Question U.S. Vessels in Spanish Waters

BEGIN CHECK MONDAY ON SHIPPING

27 Nations All Set to Enforce Neutrality in Civil Strife

LONDON. (AP)—Ships flying the United States flag in Spanish waters will be questioned by the nonintervention blockade patrol of Spain, officials of the neutrality committee disclosed today.

The patrol will verify the papers of all United States vessels, officials said, as a guard against the possibility of ships of other nations masquerading under the Stars and Stripes to run contraband to the Spanish combatants. Bonafide American shipping, however, will not be searched.

Begin Blockade Monday
The international blockade of the Spanish coasts has been ordered to start at midnight next Monday, to enforce the "hands off Spain" committee's embargo of further foreign arms or munitions entering Spain.

Warships of Great Britain, France, Italy and Germany will encircle Spain in collaboration with the committee's land agents on Spain's French and Portuguese frontiers.

The 27 nations participating in the neutrality committee's effort to insulate Europe from a spread of the Spanish war are bound by the embargo to prevent their ships from carrying men or munitions to Spain.

Rules Outlined
Vessels flying any other flag, officials ordered, will be compelled to submit to examination of their papers by committee agents who will board them, but they will not be searched. Nations to whom the vessels belong will be notified.

Ships of non-intervention nations carrying cargo to Spain will be instructed to stop at various control ports to take committee observers aboard as assurance that their goods have been properly declared and that they will deliver no other cargo.

When such merchantmen leave the control ports for their destinations they will hoist a special neutrality flag—two black balls on a white background—as identification.

REBELS SEIZE DUTCH SHIP; CRUISER REFUSES AID
AMSTERDAM. (AP)—The Dutch freighter Sarkana was seized by an insurgent warship as it attempted to run the insurgent blockade in the Straits of Gibraltar, it was reported today, while a Dutch cruiser stood by, refusing aid.

The cruiser Java, on patrol duty to protect Dutch shipping from illegal molestation in Spanish waters, was said to have refused aid because the freighter was carrying munitions.

Year-Old Baby Boasts 16 Teeth

SAN JOSE. (AP)—If you are tempted to boast a bit about the baby's new tooth, consider a moment Ronald William Lackey of Sunnyvale. Not yet 13 months old, Ronald has 16 teeth, his parents said today.

The tooth inventory was taken after the parents read of unusual "tooth-cutting" claims made for an eastern baby. Mrs. Robert Lackey said Ronald's sixteenth "tooth-cutting" claims made for months and two weeks old.

Toronto Man Would Place Quints in Castle Museum To Help Canada Pay Debt

TORONTO. (Canadian Press)—A grandiose plan to enshrine the Dionne quintuplets in the \$2,000,000 Casa Loma "white elephant" castle and—as its sponsor said—"pay off the entire national debt in 20 years" was under consideration today by the Toronto civic property committee.

The children would be made "Canada's greatest tourist attraction" under the scheme of Alderman Percy Quinn who was named a committee of one to place the plan before the property commissioner.

The plan would place the quintuplets amid the regal splendor of the castle, built by Sir Henry Pellatt, which Toronto seized for unpaid taxes. They would reside there eight months of the year.

These possibilities were forecast:
Space in the other parts of the now empty edifice could be rented for shops and restaurants.

Forty companies would pay "rent" to picture the Dionne girls in such a romantic setting.

The stream of visitors to their Callander nursery, now past the 1,000,000 mark, would be diverted to Toronto and pay 50 cents a head for admission to the castle grounds.

POLIO PROBE G.M. WALKOUT IS SPURRED NEARS END

Experts Appointed to Inspect Hospital For Commission
Union Leaders Plan to Advise Canadians to Go Back to Work

Another move was made today in the campaign to reopen the county hospital for treatment two nurses afflicted with polio in the 1934 epidemic, who have flatly refused to come back.

The county has financial responsibility for treatment of the nurses, but approval of the State Industrial Accident commission is necessary before the change can be made. The county requested the commission to name two medical experts to inspect the hospital and examine the nurses, as preliminary to their proposed return.

To Examine Nurses
Today Commissioner Charles A. Son, Los Angeles, announced appointment of the experts. They are Dr. Harlan Sloanaker, former president of the Los Angeles County Medical society, and Dr. D. G. Dickerson of Los Angeles.

These physicians, said Son, will make expert medical examinations of the two nurses, Grace M. Griggs, now a patient at the Cottage hospital in Fullerton, and Florence M. Booher, now residing near the Orthopedic hospital at Los Angeles.

They also will inspect facilities at the county hospital for treatment of polio cases. They will make a fact-finding report, accompanied by recommendations for handling the two cases.

May Demand Hearing
Each side—the county and the nurses—will have 10 days in which to answer the report, make objections or take exceptions to it. And either side may ask for a hearing on the matter.

The inspection of the hospital will be the second authorized by the commission. The first was made about a year ago by George Gallagher, former field secretary. This report was critical in spots. Gallagher refused to retract it and on April 3 he was fired by the two San Francisco commissioners, overriding protests of Son.

She and Betty Costello, her daughter-in-law, were cleaning clothes in a gasoline-filled galvanized tub when the gasoline fumes were ignited by the flames from a gas heater, according to a fire department investigation. The accident occurred at Mrs. Gallagher's home in Santa Ana. The other victim suffered less severe burns to her hands. The coroner's office was conducting an investigation today.

RENEW FIGHT TO GET OIL ROYALTIES

Supervisor West Goes To Battle Scene At Capital

Orange county and Huntington Beach dug in for a battle to the finish today to protect their rights in the rich Huntington Beach tideland oil pool.

Armed with a legal opinion, a fighting delegate from the county and city in the person of Supervisor N. E. West will storm Sacramento next week in a drive to brush aside arguments that the county and city should not share in drilling royalties.

Supervisor West and City Attorney Ray Overacker, Huntington Beach, scoffed at the "opinion" given by Attorney General Webb which claimed any amendment to impeding oil bills in the state legislature calling for payment of money to the county and city would be unconstitutional and void.

Amendment Ready
Sen. Harry C. Westover of Orange county has ready for introduction when the Swing-Rich and Olson oil bills are taken up in the senate an amendment which provides that the city and county will receive 5 per cent of the money obtained by the state.

This amendment, Webb ruled, would be unconstitutional because the legislature has no power to "make any gift of any public money."

West and Overacker said this is merely another attorney's opinion. They hold that granting a share of the returns to the county and city would not be a gift, but would be a transfer of public funds for a public purpose. State court decisions, they said, do not back up Webb's opinion.

They pointed out that the state returns gas and motor vehicle tax money to the counties, as well as funds from other revenue sources.

Special Order Tuesday
Orange county should be concerned with the situation, because Supervisor West estimates that the county and city would get about \$200,000 a year for 20 years if they get their fair share of the royalties.

The problem of what to do with the oil in the tidelands at Huntington Beach is a special order of business for the assembly Tuesday.

Three bills, the O'Donnell, Boyle and Welsh measures, will come up for consideration at that time.

On the senate side the Olson and Swing oil bills are on the calendar for consideration.

In each of the five bills provision is made for leasing the tidelands to private companies on a royalty basis although the leasing provisions and royalty percentages vary widely.

Cutter Towing Ship to Port

SAN FRANCISCO. (AP)—The coast guard cutter Itasca advised headquarters here today it would take the freighter Manuka to tow and proceed for San Francisco. The Manuka's rudder was lost early this week and attempts to rig a jury rudder were unsuccessful. The vessel, 1000 miles out of San Francisco, was in no danger and the sea was calm.

Want Ads Help You Profit by New Business Upturn

In Court Battle Over Slander

These three above, Roberta Semple (left), daughter of Evangelist Almee Semple McPherson, her fiancé, Jacob Moidel, former attorney for Angelus Temple, and her grandmother, Mrs. Minnie Kennedy, represent one side in the \$100,000 slander suit brought by Miss Semple in Los Angeles against Willard Andrews, attorney for her mother. They are pictured as they appeared at court for trial of the action. At the right is Evangelist Almee drying her tears as she testified how she tried to be a good mother.

AIMEE NURSE DEFENDS HER

Asserts Moidel Called Evangelist 'Insane' And Incompetent

LOS ANGELES. (AP)—The private nurse of Almee Semple McPherson testified today that Jacob Moidel once told the evangelist he considered her "insane, childish, incompetent and without any business sense."

The nurse, Ella Nordin, was a witness against Roberta Semple, Almee's estranged daughter, who is suing Willard Andrews, her mother's attorney, for \$150,000 on slander charges.

Miss Nordin said she heard Moidel, Roberta's fiancé, make the remark to Mrs. McPherson in Phoenix, Ariz., at a conference during which, Almee has testified, her daughter demanded she sign contracts calling for the continued employment of herself and others at Angelus Temple.

'Olive Branch Waves'
Moidel told Almee, Miss Nordin said, that Rhea Crawford, associate Temple pastor and now Mrs. McPherson's enemy, felt the same way about Almee's mentality as he did.

Mrs. McPherson said today, commenting upon reports that there might be a reconciliation between her and her estranged mother, Mrs. Minnie (Ma) Kennedy, that she would make no overtures.

"But the olive branch is always waving on my flagpole," she added.

What preceded the meeting in Phoenix was related by the Rev. William Ballantine Black, a Temple minister, yesterday. He said a conference in Angelus temple preceded it.

"I saw Roberta and Rhea Crawford examining some documents," the Rev. Mr. Black said, referring to Mrs. McPherson's former co-pastor and present bitter enemy.

"Couldn't Say a Word"
"I heard Miss Crawford say, 'I've got enough on her to hang. I just hope she doesn't sign those contracts. Then I'll give her some headlines. I've stood all I'm going to stand from her.'"
Black said Miss Crawford was talking about "Sister Almee."
"No, I don't think I said much. As a matter of fact, I didn't say anything. I couldn't get a word in edgewise."

COAST LINES EXPECTED TO BE TIED UP

Union Chiefs, Meeting Today, Give Hint of Later Announcement

SAN FRANCISCO. (AP)—Officials of two railroad brotherhoods engaged in early-morning conferences today to discuss a strike of 8500 Southern Pacific employees which they said would become effective at 6 p. m., unless the company meanwhile met the workers' demands.

Union leaders declined to disclose the purpose of the session, but said an "important announcement" might be made later today.

C. V. McLaughlin, vice president of the Brotherhood of Locomotive Firemen and Engineers, said that despite presidential intervention under the federal law to avert a walkout, the strike would be called unless a settlement was reached before 6 p. m.

Board Meets Tuesday
The strike call, result of a membership referendum, would tie up service on the company's lines from Portland, Ore., to El Paso, Tex., McLaughlin said.

Members of an emergency mediation board, appointed under the railway labor act by President Roosevelt in an effort to avert the strike, planned a meeting here Tuesday, meanwhile declining comment on the situation.

Spokesmen for the Brotherhoods of Locomotive Engineers and Conductors, opposed to the walkout, said they would fight it actively.

Opposition's Comment
"Service will be maintained," said P. O. Peterson, general chairman of the engineers.

"We do not believe a strike will occur, because it would be clearly illegal," the President of the United States has appointed a special emergency board to investigate the dispute," commented A. D. McDonald, president of the carrier.

McLaughlin, charging the railroad "favored" the engineer and conductors and refused to abide by mediation board awards, said the firemen and trainmen could not accept the presidential move because it named the non-striking brotherhoods as parties to the dispute.

"Our grievance is against the (See S. P. STRIKE, Page 2)

C. C. HERE ASKS STRIKE HALT

Directors of the Santa Ana chamber of commerce stepped into the threatened Southern Pacific railroad brotherhoods strike situation today.

A telegram signed by President Rex Kennedy for the board of directors of the chamber was sent to President Roosevelt this morning, urging the president to intervene, urging the president to intervene, urging the president to intervene.

The telegram said: "Being advised that railroad brotherhoods will call strike at 6 p. m. today unless you request them not to do so, we urgently ask your personal intervention to prevent a strike if possible on Southern Pacific Lines."

Word came through today to E. B. Sharpley, traveling passenger agent for the S. P. company here, that there will be no strike.

Youngsters Are Important!

The boy of today is the man of tomorrow. That is why The Journal takes particular pains with its carrier force. Every young man in the department is carefully trained in modern business methods of salesmanship and service. He is a little merchant, and he learns the principles of modern business first hand from experienced men. Your carrier—under The Journal's little merchant plan—gains valuable training from his contact with and service to you. Help him along—help him prepare for a successful, valuable life.

REASONS FOR OUSTER ARE MUDDLED

Change of Stand Over Hospital Critic's Case Unexplained

No explanation had been made today of the shift in reasons for firing George Gallagher as field secretary for the Industrial Accident commission at Los Angeles. Gallagher was ousted following his refusal to retract a report which criticized the Orange county hospital in regard to treatment and facilities for handling cases of nurses afflicted with polio in the 1934 epidemic.

First the reason given by Commissioners Frank McDonald and T. I. Reardon of San Francisco was that there wasn't enough money in the state budget to pay Gallagher's salary. They decided to drop Gallagher despite opposition of Commissioner Charles A. Son of Los Angeles, who appointed him.

Second Explanation But Gallagher got in touch with State Finance Director A. E. Stockburger, and said Stockburger told him there was plenty of money on hand.

After that, a new explanation of the ouster developed. MacDonald and Reardon met and drew up a resolution saying Gallagher's position of field secretary was unnecessary.

Through the Associated Press at San Francisco The Journal asked MacDonald for an explanation of the shift in reasons for dismissing Gallagher. The reply merely outlined the resolution declaring the job unnecessary, and made no attempt to explain the discrepancy.

Difference in Dates It also was regarded as significant here that Gallagher was notified by phone on April 3 that he was ousted. The resolution declaring the job unnecessary was not adopted until April 5. Commissioner Son was not notified of the meeting at which the resolution was adopted.

Twenty-four nurses were afflicted with polio while on duty at the hospital here in 1934. The county, having financial responsibility for caring for them, wishes to return two of them to the hospital. They have refused to return. A new inspection by experts appointed by the accident commission, has been requested as a prerequisite to return of the nurses. Gallagher, who has been a champion of the nurses' cause,

MORE ABOUT S. P. STRIKE

(Continued from Page 1) company and we are not involved in any controversy with the engineers and the conductors," he said.

Southern Pacific officials said they had received assurances from Presidents A. F. Whitney of the trainmen and D. M. Robertson of the firemen that the unions would "abide by the railway labor act," but McLaughlin said he had telegrams from both declaring they had issued no orders to cancel the strike. The brotherhood presidents are in Cleveland, O.

McLaughlin said all but 1500 brotherhood employees on the 9000 miles of lines involved would be affected by the strike.

Explaining the engineers' opposition to the strike, Peterson said: "If the carrier grants demands of the firemen and trainmen, it will be a violation of agreements it has with the engineers and conductors."

"The strike in effect is against these two senior groups, the engineers and conductors. With appointment of the mediation board, it is mandatory that the firemen and trainmen call off the strike unless they want to violate the law."

Three On Board Under the railway labor act, credited with settling 13 disputes last year, presidential boards are appointed to investigate within a 30-day period carrier labor controversies. No strike can be called for an additional 30 days after the board files its report.

Board members appointed in the Southern Pacific controversy are Dr. Dexter Keefer of Portland, Ore., president of Reed College; G. Stanleigh Arnold, San Francisco attorney; and Charles Kerr, Washington, D. C., attorney.

Cheap Car Owner In More Trouble

John Quintero, after several months of persuasion, finally got his \$250 "deluxe" automobile fixed up so he was able to support it.

Now Mrs. Quintero claims he can't support his minor child, so Quintero's in hot water again. He was arrested yesterday by Deputy Sheriff James Workman and arraigned before Justice Kenneth Morrison on the non-support charge, and released on his own recognizance pending answer to arraignment tomorrow.

will not be on the job when this inspection is made.

His critical report about the hospital never has been advanced as an excuse for firing him, by the commission.

ADVOCATE OF SAFETY IS NABBED

Jack Turton, California Highway patrol officer here, has a way of getting his foot into it.

Trouble with Turton is that his speeding tickets land in the seats of the mighty every once in a while. He doesn't mind, though. Take Mrs. Edna Fether, Los Angeles socialite, who got out of jail, appealed, dodged around the district attorney's office, and finally had her case dismissed here after about three years.

Not it's C. Lewis Edwards, 33, Pasadena undertaker and director of the California Junior chamber of commerce, on his way home after awarding diamond-studded pins for safe driving.

Turton ticketed Edwards for traveling an estimated 60 miles an hour near Tustin. Edwards, a bit taken aback, said something about having friends in Tustin and not wanting them to know about it. He asked if he could appear in Santa Ana justice court, which was all right.

But Justice Kenneth Morrison has a way with speeders. He sends 'em to jail for five days. That worried Edwards again, and through his attorney, Otto Jacobs, asked for a change of venue—back to Tustin.

Where he will appear at 10 o'clock tomorrow morning.

AKRON WALKS DUE TO STRIKE

AKRON, O. (AP)—Bus drivers and street car operators staged a sudden walkout today and left 300,000 residents of greater Akron without service. A picket line formed around the barns and no cars or buses were available.

A spokesman for the Akron Transportation company, with which the Amalgamated Electric Railway, Street Car and Motor Coach Employees of America had been conducting negotiations, claimed the walkout came without warning, although wage negotiations had been in progress for several weeks.

M. P. Gill, secretary of the union, termed the walkout an "outlaw strike" and said the members, who were to have voted on a company proposal at 2 a. m. tomorrow, apparently became "restless."

KILLER TRIO EXECUTION 'HUMANE'

By ALVIN ORTON

CHICAGO. (AP)—Three murderers of policemen died in the electric chair today in Cook county's first test of its "humanized" execution.

Hidden behind a panel back of the chair, their identities carefully concealed, four regular jail guards pulled four switches for each electrocution, but only one of them sent the electric current coursing through the bodies of the doomed men.

Clear Conscience None of the guards knew which was the actual executioner of the three slayers, Joseph Schuster, 30, Frank (Doc) Whyte, 47, and Stanley Murawski, 37, all ex-convicts. Warden Frank Sain said each left the execution chamber with a clear conscience.

Disputing the contention of Dr. A. A. Brill, New York psychologist, that each guard would feel remorseful, Warden Sain said the men clearly showed they had not been under any strong tension during the executions and told him afterwards they felt no inkling of guilt.

'Humane Practice' "This is the most humane thing we have ever done in connection with executions," the warden added, "and the practice should be put into effect in all prisons."

Mechanical improvements of the electric chair to speed final preparations also were designed to "humanize" the ordeal. The time elapsing between the doomed men's arrival in the death chamber and the application of the current averaged 20 seconds.

Wires Hidden The renovated chair has clasps screwed to its arms for straps, which circle the victim's chest, thus eliminating possible fumbling by guards who strap the men in. Its mechanical seat and arm attachments are worked by spring levers and the straps have no buckles. Wires in the seat are hidden behind a mat.

Schuster, who murdered Policeman Arthur Sullivan Jan. 14 when the officer arrested him for a hold-up, was the first to die. Murawski and Whyte, convicted for the murder of Policeman Michael Toth in a south side tavern Nov. 8, followed in that order.

MEDAL FOR HARBOR WASHINGTON. (AP)—The army ordinance association announced today it would award its medal of merit to Major General James G. Harbord, head of the services of supply during the World war.

MORE ABOUT PURCHASES

(Continued from Page 1)

company has been doing with the county. Tiernan is the exclusive county agent for the L. C. Smith treasury which most county officers prefer.

"The board of supervisors is vested with the jurisdiction and powers to supervise the 'official' conduct of county officers and to see that such officers faithfully perform their duties," Menton commented in his ruling.

"I am unable from even the broadest construction of the section (of the political code) to find any authority on the part of the board of supervisors to determine or dictate how or in what manner an elective officer shall perform those duties."

"Such officer is elected by the people of Orange county and is responsible for his conduct to the people who elected him. His duties, except in certain instances, are not to serve the board of supervisors, but the people of Orange county who elected him and whose taxes pay the expenses of the operation of his office."

"To deprive an elective officer of this prerogative would be to not only hamper, but probably to destroy the efficiency of his office and to place it in the power of the board of supervisors to either place the officer in a position to render efficient service or to deprive it of that efficiency."

Without elaborating on the question in his opinion, Menton said he feels that appointive officers also are the best judges of the needs of their offices, and that their requisitions must be filled.

To charges of a "boycott" against the Tiernan firm, Purchasing Agent Fenelon today replied that there is no boycott and never has been.

He said that since January 5, when he took office under West's appointment, Tiernan has sold more filing cases, all the typewriters, and most of the desks purchased by the county.

Commenting on action of Auditor Lambert in holding up warrants for filing cases recently purchased, Fenelon declared that the Tiernan bid was not the lowest, as claimed.

He admitted that part of the purchase of six cases was made from firms who bid higher than Tiernan. Low bid, Fenelon said, was a firm not regularly in the office equipment business, so he disregarded the low bid and distributed the business among three Santa Ana firms, including Tiernan.

WIDOW WINS IN ESTATE FIGHT

Mrs. Jessie Elvira Johnson, repudiated widow of Hugh Edgar Johnson, Fullerton, today won her fight for \$3100 back allowance from her husband's estate.

Superior Judge G. K. Scovel ordered H. C. Head, administrator of the estate, to pay the sum, which has accrued over a period of 10 months.

The question of Mrs. Johnson's family allowance of \$300 per month from the estate previously had been attacked by Head and heirs, but a petition to lower the amount to \$100 per month was denied. An appeal on the question was dropped for failure to complete the appeal papers.

When Johnson died, May 16, 1936, he cut Mrs. Johnson off from a share in his \$100,000 estate, claiming that she was not legally his wife. Judge F. A. Leonard of San Bernardino county, who tried the question, ruled that she was legally his surviving widow.

State Sues to End Church's Charter

LOS ANGELES. (AP)—Charging sale of ordination certificates for the "best obtainable prices," the state attorney general today filed suit here seeking nullification of the state charter issued to the Spiritual Science church.

The church was chartered to teach laws of spiritual and material life, to engage in mental healing and to ordain ministers on a non-profit basis, but it is charged the church has issued degrees or diplomas of spiritual advisor, doctor or divinity and bishop at whatever prices could be obtained.

Women Admit Theft at Store

Two women arrested after John Ortiz, well known local department store detective saw them steal a dress, today pleaded guilty to theft charges.

Superior Judge James L. Allen ordered a probation hearing next Friday for the two women, Mrs. Julia A. Higgins, 35, and Mrs. Elva E. Richarme, 49.

To Test Threat Writer's Sanity

CHICAGO. (AP)—Federal prosecutors prepared today to ask a sanity test for John Buzas, 18-year-old garage mechanic seized as the writer of extortion letters to Ginger Rogers, the actress. Buzas demanded \$500 from the actress under threat of death. He was held in jail today, unable to post \$3500 bail.

LINER REFLAGGED SAN FRANCISCO. (AP)—The marine exchange of the chamber of commerce reported today the French line ship Bretagne, which went aground near Puerto, Colombia, had been refloated. The Bretagne carried 400 world cruise passengers.

WE FIX ALMOST ANYTHING. Fix-It Shop, 105 E. 3rd.—Adv.

ITALY REVISES BIRTH DRIVE

ROME. (AP)—The Italian cabinet today decreed sweeping measures to promote an increase in the Italian birthrate, including the authorization of marriage loans of \$50 to \$150 to induce couples to wed.

To be eligible for the loan, each member of an engaged pair must be under 26 years of age. Repayment must begin within a year after marriage if no children have been born.

The cabinet decree, provided also for converting the loan into a gift proportionate to the number of children born to the state-sponsored families, through reduction by 10 per cent after the registration of each birth.

Virtually the entire program presented by Premier Mussolini to the recent meeting of the Fascist grand council was adopted by the cabinet.

YOUNG SLAYER DIES IN CHAIR

NASHVILLE, Tenn. (AP)—Roy Wilburn Eatmon, 24, died calmly in Tennessee's electric chair at dawn today while his wife and year old baby waited outside the death house to take his body back to their farm home near Osceola, Ark.

The frail but composed youth was executed for killing a Memphis filling station operator during an attempted holdup.

Talking of the holdup killing last night, Eatmon said:

"I had not had a regular job for a year or more. I had a wife and baby to support. I needed the money, but of course whisky had something to do with it."

Spreckels to Pay Higher Alimony

LOS ANGELES. (AP)—From today John Detrick Spreckels, 3rd, must pay \$175 instead of \$100 a month toward the support of his daughter, Elsie, two years old.

In granting the increase to his divorced wife, Mrs. Roxana Gloria Spreckels yesterday, the court ordered impounded approximately \$1,000,000 in stocks recently inherited by Spreckels from his grandfather, to insure payment of the child's allowance and the \$500 a month alimony granted his wife when they were divorced last June 9.

Spreckels, in telling what had become of the \$25,000 he received last Christmas, said he paid a total of \$12,500 of it for two race horses named Boilermaker and Happy Dinah, and \$5000 to his brother, Adolph, on a bet, but could not recall where the rest went.

Okeh Funds for Farm Extension

WASHINGTON. (AP)—The senate agriculture committee has approved a bill by Senator Bankhead (D., Ala.) authorizing \$2,580,000 appropriation for vocational agricultural extension work. It would be in addition to expenditures under existing legislation.

SWEAR IN MARINE BOARD

WASHINGTON. (AP)—The new maritime commission, confirmed yesterday by the senate, was sworn into office today. It consists of Joseph P. Kennedy, former chairman of the securities commission who will act as chairman of the new agency, Edward C. Ford, former congressman from Maine; Thomas M. Woodward, and Rear Admirals Henry A. Wiley and Emory S. Land.

Japanese Fine U. S. Teacher for Taking Photos

TAIHOKU, Formosa, Japan. (AP) Helen Cooper, 50, identified as an American school teacher, was fined 20 yen (\$5.71) today for photographing the fortified zone of Keelung, the Domei (Japanese) News Agency reported.

Authorities confiscated five photographs she was alleged to have snapped from a steamer yesterday despite a warning. She was charged with taking pictures while other passengers on the boat from Amoy, China, were undergoing sanitary examination.

Bank Nights in Illinois Banned

SPRINGFIELD, Ill. (AP)—The state supreme court today ruled theater bank nights constituted a lottery and authorized the authorities to prevent them. The ruling came on an appeal brought by the Iris Amusement Corporation of Chicago and several other theater owners.

Some 150 Illinois theaters operating prize drawings before the court action was started last fall.

1600 MINERS IN PIT WIN FIGHT

MICHALOKOWICE, Poland. (AP) Some 1600 hunger striking mine workers, barricaded deep below the surface, won demands for higher pay today after their wives and daughters stormed the homes of mine officials and fought off police.

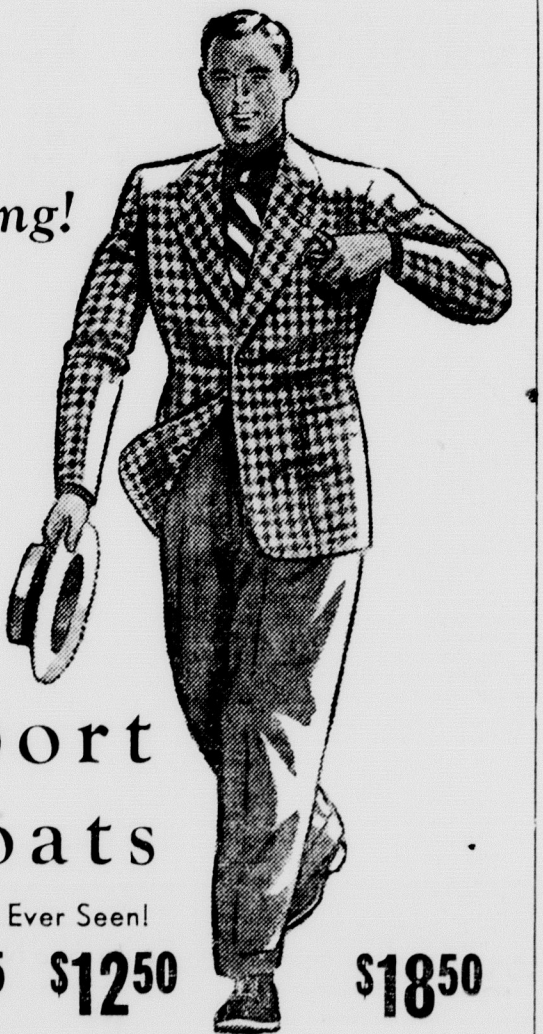

The strikers, underground since Tuesday, refused to eat yesterday when they learned the owners had rejected their demands and planned to oust them by force.

The untouched food returned to their families so excited the wives and daughters they formed a mass parade, 3000 strong and, preceded by the waving black flag that denotes a hunger strike, charged the home of the mine's chief engineer.

Meantime the operators and workers' delegates reached an agreement for raising wages and bettering working conditions, and the strikers returned to the surface, prepared to resume work tomorrow.

The ruling disagreed with an Iowa opinion which held that paying admission to a theater added nothing to the chance of winning a prize in a bank night drawing.

NEW WELFARE PUZZLE FOR COUNTY

Dust Bowl Refugees Are Entering State 500 Per Day

New welfare problems for Orange county and the whole of Southern California were seen here today in the announcement that 500 dust bowl refugees are entering California daily.

Figures were released today by the state division of immigration and housing.

Mexican labor in Central and Southern California cotton and vegetable fields is being displaced by these immigrants," reported A. E. Montieth, chief of the state division.

Texas, Oklahoma

A daily average of 100 old automobiles, each carrying from three to six persons, comes into California, according to Inspector L. T. Mott of Blythe. He said most of them come from Texas, Oklahoma and neighboring states in the dust bowl area.

Welfare Director Jack Snow of Orange county reported today that authorities in various states are now working on a plan to eliminate conflicts in the residence requirements affecting migratory workers.

To Relieve Burden

Because some states have a one-year residence law and others have two and three-year laws, many of the dust bowl refugees find themselves residents of no state.

Plans also are being worked out for more certain federal aid for the transients, he said, to relieve the burden on California and other states which are the goal of most of the refugees.

While not eligible themselves for direct relief, many of the incoming workers will displace residents who will be eligible for relief, he said.

Girl Injured in Freak Accident

Two-year-old Marilyn Meisinger was recovering today from glass cuts in a freak accident which started with a water heater.

Marilyn's father, Gilbert Meisinger, reached into a show window of the plumbing shop, in which Marilyn was playing yesterday afternoon at 212 North Broadway. He accidentally brushed against a heater displayed in the window.

The heater overturned, breaking the plate glass and cutting Marilyn with a few fragments.

Police officers Wolford, Nicholson, and Leach gave the child first aid and took her to a physician.

About Folks

News of Your Family and Friends Is Important. The Journal Welcomes It. Telephone 3699.

Dr. Claude Olewiler and Dr. Hester Olewiler, and Mr. and Mrs. A. G. Flagg have planned a pleasant outing for Sunday. They will go to the Carthay Circle to see "The Good Earth" and later dine in Hollywood.

Mrs. W. W. Tantlinger, Mrs. John H. Ebersole and son, John, Jr., and Peter Newman of Tustin, and Miss Hazel Sorenson, a student at Girls' College school, spent five days recently at Paha Springs, returning by way of Claremont, where they left Miss Sorenson at her school.

Dr. C. N. Mosher and Mrs. Mosher have returned to their home at 833 North Broadway after a four-week motor trip to Kansas City, Mo., where they visited relatives. They also visited two brothers of Mrs. Mosher, Harry and Earl Smith, in Kinsley, Kas., and a brother and sister of Dr. Mosher in Dodge City, finding the sister quite ill. Another brother of Mrs. Mosher, C. J. Smith of Wichita, Kas., is their house guest for several months, coming out for his health.

Antonio Ayala, 27, Santa Ana, and Theresa Ramirez, 18, Madera, have obtained a marriage license at San Jose according to an Associated Press dispatch.

Happy Birthday

The Journal congratulates the following on their birthday anniversaries today:

Claims Husband Is Ex-Convict

Alleging that when she married Antonio Camarena in Santa Ana in February, 1935, he was going under an assumed name and was an ex-convict, Mrs. Sally Camarena of Hanford today had started annulment proceedings in Hanford.

She said she learned that her husband's true name is Luciano Garcia, and that he was on parole from a grand theft conviction. He now is in Folsom for parole violation, she asserted.

HOLC Files Three Foreclosure Suits

Home Owner's Loan corporation today had filed three more in a series of foreclosure actions against Orange county real estate.

New actions seek to collect on a \$1120 note given by Themistocles Karamanos on a lot in Anaheim; on a \$2480 note given by Charlotte Kenworthy on property in Garden Grove; and one a \$1946.83 note given by Harry O. Warton on a lot in Anaheim.

H. S. DEBATERS SEEK TITLE

Santa Ana High school debating and declamation experts were in Redlands today, beginning two-day competition in two divisions with approximately 35 schools from all over Southern California.

Two debate teams, composed of June Blodget and Ed Budd, and Walter Swanberger and James Tucker, will argue "Resolved, that all electric utilities should be governmentally owned and operated." Teams are prepared to take either negative or affirmative, and draw straws to determine which side they take.

Jack Hutton of Santa Ana is an entrant in the declamation tournament, and will give Wendell Phillips' "Toussaint L'Overture."

The Santa Ana debate teams will have five contests on their hands each today, and teams which win at least four of these will stay over for the final competition tomorrow. The students are under supervision of John M. Swarthout, debate coach at the high school here.

TOMORROW
Bowers museum open, 10 a. m. to noon, 2 to 4:30 p. m.
Laurel encampment, I. O. O. F. hall, 2 p. m.

The Datebook

TONIGHT

POLICE REPORTS
The following information was taken from today's reports on file at the Santa Ana police department:

Mrs. U. H. Plavan, 2685 North Main street, asked officers last night to search for a prowler she said she saw near her window.

S. Saffier, 235 West Fourth street, reported two highway signs—one reading "end 25 mile zone" and the other "railroad crossing"—had been broken down on West Fourth street.

The R. N. Hockadays' dog turned out to be a good watchdog last night. He was so good that a prowler reported near the house was evidently far away when police arrived.

B. F. Shipe, route 1, La Habra, had an argument with a street car last night. Shipe's automobile and the street car, passing Fourth and Main streets, were both slightly damaged.

Charged with assault and battery, Lucille Corona, 24, housewife of 2602 West Fifth street, was arrested by Detective Lieut. Charles Wolford and Matron Dorothy Russek last night on a complaint signed by Ruth Marques.

After selling \$18 worth of gasoline on credit to a man who said he was "James C. Johnson, 1010 West Bishop street," C. L. McCrory, service station proprietor, decided to check up. He found the address was fictitious and turned the car license number over to police for a checkup. Officers found the owner's name and will notify McCrory of his identity.

NO ONE INJURED
Two drivers escaped injury last night when a car driven by Jimmie James, 1216 West Third street, struck the back of a car driven by Jose Garcia, Glorietta, at Central and Main streets.

DENY PARDON TO MOTHER WHO STOLE

BOISE, Ida. (AP)—Mrs. Angela Hopper, motherly former city clerk embezzled thousands to provide for a son in Hollywood, lost her appeal for a pardon yesterday.

The Idaho pardon board denied by a 2-1 vote the gray-haired state's prison where she has been woman's plea for release from confined since 1933.

Gov. Barzilla W. Clark voted to free her, but Secretary of State Ira Masters and Attorney General J. W. Taylor opposed.

Son Served Term

The son, Johnny, was freed from serving a term for accepting state's prison a year ago after money his mother admitted taking from the city of Boise.

Explaining his vote, the secretary of state said:

"It appears from the information I have been able to gather in this brief study of the Hopper case that she has refused to cooperate with the city in tracing the disposition of the large amount of money she stole from the city."

"She has confessed and pleaded guilty only to what she has been forced to admit and has made no attempt to make restitution for her crime."

Want Confession

"It appears there is quite a difference between the amount of cash missing and the amount which can be traced out of the state to her son John."

"Before this case is closed and the pardon granted, it appears to me she should make a full and complete confession and advise city officials what disposition she made of this cash."

Auditors reported shortages upwards of \$100,000. Mrs. Hopper pleaded guilty to charges of taking only a few thousand.

Child Star's Custody Fight Proves Costly

LOS ANGELES (AP)—Freddie Bartholomew, child film actor, is finding the extended litigation over his guardianship quite expensive.

The probate court next Tuesday will hear arguments concerning attorneys' fees of \$25,000 which were awarded to lawyers representing his parents, Mr. and Mrs. Cecil Llewellyn Bartholomew, in their three-cornered court fight last summer with Freddie's aunt, Miss Mylicent Bartholomew, over his custody.

Miss Bartholomew won Freddie's custody at that time by compromise. Recently, she became his legal mother by adoption proceedings. Shortly thereafter, E. Walter Guthrie, her lawyer, filed a motion to vacate the court order on the fees, contending the court lacked jurisdiction. Guthrie said Freddie is still paying on the fees and \$10,000 other expenses in connection with the litigation.

Lathrop Junior High News

Business training classes at Lathrop are interested in the study of various kinds of insurance and contracts. Different terms used in business are being discussed as a part of this work.

A study of soils is the work Mr. Scott has chosen for his seventh grade general science classes. Eighth graders are investigating different types of scientific machines. Splendid notebooks have been done by all of these classes, Mr. Scott reports.

Crystal sets, book ends, tables, side stands for bicycles and bicycle trailers are some of the things being made in Mr. MacQuarrie's Boys Recreational club. These are all articles in which the boys are very interested, and the club is proving to be a great success.

At a special program meeting of the Junior Literary club on Friday, the present members will welcome back to Lathrop former members of the club who are coming from high school for the meeting.

Posters made by Lathrop's art students and instructors, illustrating new elective courses to be offered next year's ninth grade class are causing a great deal of interested comment. Special courses in creative writing, in mythology, in puppetry, cartooning, public speaking, hobbies and travel, weaving and textiles, and health and personality will be offered. This is an innovation at Lathrop, and present eighth graders are looking forward to being the first ninth grade class to enjoy them.

Plans for a demonstration school which will be a part of Lathrop's contribution to Public School Week are being made for the week of April 26. Visitors will meet at 7:30 in the assembly hall, where programs will be given for their enrollment in the various classes for the evening.

The playoff for the girls tennis tournament with Frances Willard Junior high will be played this week and next at Lathrop for the possession of the 20-30 club trophy cup, reports Irma Jean May, manager of the tournament.

A model airplane contest, sponsored by Miss Ruth Gordon, and with Ralph Shallenberger, Bob Musick and Nick Roussos in charge, will be held on Friday in room 31 at Lathrop.

Ninth grade literature classes are starting their study of Scott's novel, "Ivanhoe," with a great deal of interest. Several eighth grade classes have begun a study of "Boy's Life on the Prairie," by Hamlin Garland and "A Dutch Boy Fifty Years After," by Edward Bok.

A professional reading shelf for teachers has been established in the Lathrop branch library. This interesting shelf contains up-to-date educational material in the form of bulletins, pamphlets, magazines and books. Lathrop teachers are taking advantage of this fine opportunity to keep up

with what's new in teaching methods and educational news. All teachers are invited to make use of this teachers' shelf in the Lathrop branch library.

The popular display table in the main room of the library is featuring "Richard Halliburton" this week and next week. For a number of years, Richard Halliburton's books have been among the favorite travel books of Lathrop students. So the large poster with his picture and the notice that he will be in Santa Ana soon to speak, has created much interest and speculation as to ways and means of saving pennies in order to hear him. The Lathrop branch library has all of Halliburton's books, but perhaps the most popular one is his first, "The Royal Road to Romance." Running close second to it is the last one, "Seven League Boots."

The third meeting of the I. X. L. assembly was held in the auditorium of Julia C. Lathrop Friday, April 9, 1937. The meeting was then opened by the president, Bill Was. After the minutes were read the president introduced Mr. H. Brown of the Automobile Club of Southern California, located at Los Angeles.

Mr. Brown talked on "How to Prevent Accidents Which Are Serious." Here are several ways he gave to prevent accidents on bicycles: 1. Never ride anybody on the handle-bars or tandem; 2. Keep on right side of the road; 3. Always have lights when you are riding your bicycle at night.

Bicycles are considered by California state law a vehicle and therefore are not to be ridden on the sidewalks.

Mr. Brown concluded his talk by saying, "We are driving toward making our boys and girls better citizens and toward learning California state laws."

The regular meeting of the E. G. C. was held in the cafeteria, April 9. The program was opened by a flag salute, led by June Mason. A very interesting amateur program arranged by Mrs. Wolff was given. Those who participated were: Roberta Emerson, Major Emmerson, La Rue Fipps; radio announcer, Gertrude Knox; advertiser, Dorothy Nelson; master of ceremonies, Ruth Nelson; Andronicke Pappas, Jeanne Wilson; Betty Kemp, Maurine Waters, Ruth Hawley, Darlene Sherfy, Maxine Farrell, Peggy Harne, Marian Knoll, Barbara Jones, Jean Turner, Eugenia Bond, Nannette Hubbard, Ruane Neighbor, Ruth Ames, Marguerite Alvord, Eleanor Lawrence, La Faye Steed, Joyce Hubbard, Katherine Stockton.

STANFORD STUDENTS ELECT

PALO ALTO, (AP)—Tom Killefer of Hermosa Beach and Barbara Murphy of Los Angeles are the new president and vice president, respectively, of the Associated Students of Stanford university. Their election was shown by a canvass of returns from Tuesday's balloting. Art Stoefer of Los Angeles was elected to the board of athletic control.

FORECLOSURES DECREASING IN STATE

SAN FRANCISCO. (AP)—Louis C. Drapeau reports California's 132 active state chartered building and loan associations decreased their foreclosure activities 65 per cent in 1936.

The building and loan commissioner's annual report "is gratifying as concerns condition in the building and loan business, and very convincing indications of a return to normal operations."

He said he did not have to take over a single association for liquidation during the year; that loan repayments improved, and the number of loans made increased substantially.

Annie Laurie's Home Up for Sale

DUMFRIESHIRE, Scotland.—Annie Laurie's home is for sale. It is Maxwellton, which has been owned by the family of the present owner, Sir John Laurie, since 1611.

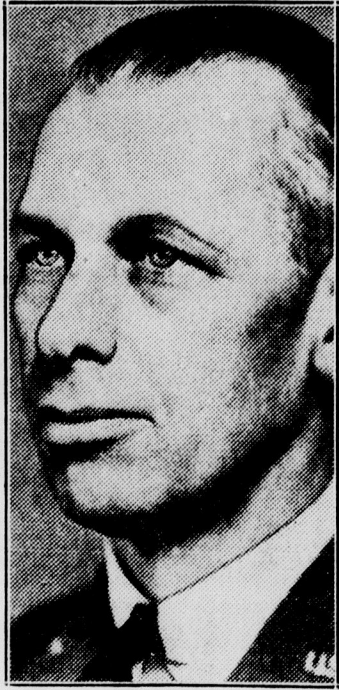

Annie Laurie, born in 1852, was betrothed to William Douglas, who wrote the song. Alas for short-lived romance, Annie broke her engagement and married another man.

And when the poet Douglas learned that Annie didn't live there any more, he didn't "lay me down and die." Instead, he philosophically married another girl.

Estate taxes are said to have caused the present baronet to put Maxwellton on the market.

Penn's new highway program is the greatest ever attempted there.

Commandant

Appointment of Lieut. Col. Charles W. Ryder (above) as commandant of the U. S. Military academy at West Point, N. Y., was announced by the war department. He succeeds Lieut. Col. Dennis E. McCuniff. Colonel Ryder will take over his new post June 30. (Associated Press Photo)

Hospital Boiler Contract Is Let

SACRAMENTO. (AP)—The department of public works has let a contract to R. C. Meyer, Los Angeles, for erection of a boiler in the Camarillo State hospital for \$22,100.

PLAN FOR NOVEL CYCLE JAUNT

LOS ANGELES. (AP)—David Griffin, 26, son-in-law of Rev. Paul Rader, Chicago evangelist, is outfitting here for a 20,000-mile tour of Asiatic and African frontiers in a three-wheeled motorcycle truck.

He will be accompanied by Hubert Mitchell, 29, of Los Angeles, who is waiting for him in Singapore, where their trip of more than a year's duration is to start.

Their truck, built in a Los Angeles shop, will carry built-in folding beds, gasoline tanks holding fuel for 1000 miles, hampers for a month's food supply, a short wave radio and racks for shotguns.

From Singapore their route will take them through the Malay States, Burma, Tibet, across Khyber pass and through Persia, and finally across the mid-section of Africa.

Car's Loud Knock Caused by Syrup

HANCOCK, N. H. (AP)—Frank Burroughs' automobile developed an extra loud knock. He found that instead of pouring two quarts of oil into his machine, he had picked up a can of maple syrup.

Woman Is Named Passenger Agent

SEATTLE. (AP)—Seattle claims to have the only feminine general passenger agent in the nation, following appointment this week of Miss Honey Lou Hansen to that office by the Northern Transportation company.

Chandler's for traditional home furnishings

When a home is furnished by Chandler's it never goes out of fashion. Whether we furnish your home in Eighteenth Century English, Federal American, Victorian, Twentieth Century Modern or Early American, you can rest assured it will be done correctly. The floor coverings, draperies, furniture coverings and furniture styles will all be true to their period.

Chandler's interior decorators have a vast fund of information and are particularly adept at carrying out your ideas and in finding just the pieces to fit into your desired scheme.

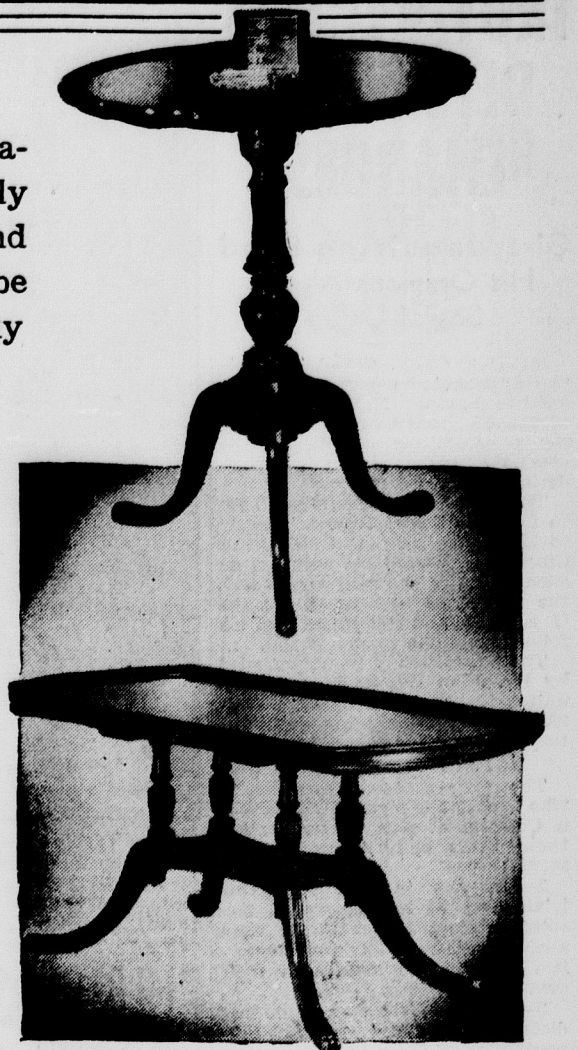

Traditional furniture is not high priced at Chandler's and the spirit of friendly co-operation extends into our credit department where every effort will be made to arrange a method of payment to meet your individual requirements.

Incidental Tables

Eighteenth Century tables in mahogany and walnut. All gracefully designed, properly proportioned and beautifully finished. You will be amazed at the fine tables you can buy for between ten and twenty dollars.

Colonial Maple Dinette

Early American simplicity . . . durable Rock Maple . . . the table extends . . . the style is right . . . in fact, everything about it is right because it is made by Robert Irwin. Naturally, the price is right . . . it always is at Chandler's.

Traditional Floor Coverings

Oriental designs for Eighteenth Century . . . plain carpets for all periods . . . Hook patterns for Early American . . . you'll find them at Chandler's.

Custom linoleum floors are a specialty of ours . . . you can have anything from a safety pin to a locomotive reproduced on your floor . . . we are always pleased to submit schemes.

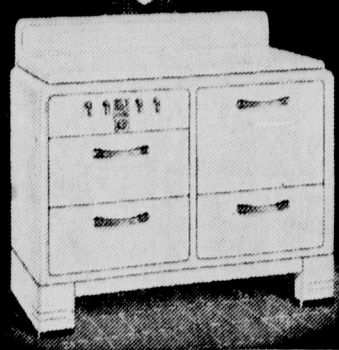

Chandler's

for the BEST in home appliances

Such names as *Frigidaire*, for refrigeration; *Universal*, for gas ranges; *Crawford*, for electric ranges, and *Hoover*, for vacuum cleaners are recognized throughout the world as "tops." . . .

THE UNIVERSAL SIMMER-SAVE BURNER
is a specially engineered device. It is actually two burners in one, containing—(1) two burner throats, (2) two separate valves. It gives an automatically controlled boiling heat, a true warming heat—a fast flame for rapid boiling, and an ideal frying flame.

You can with a MODERN UNIVERSAL GAS RANGE

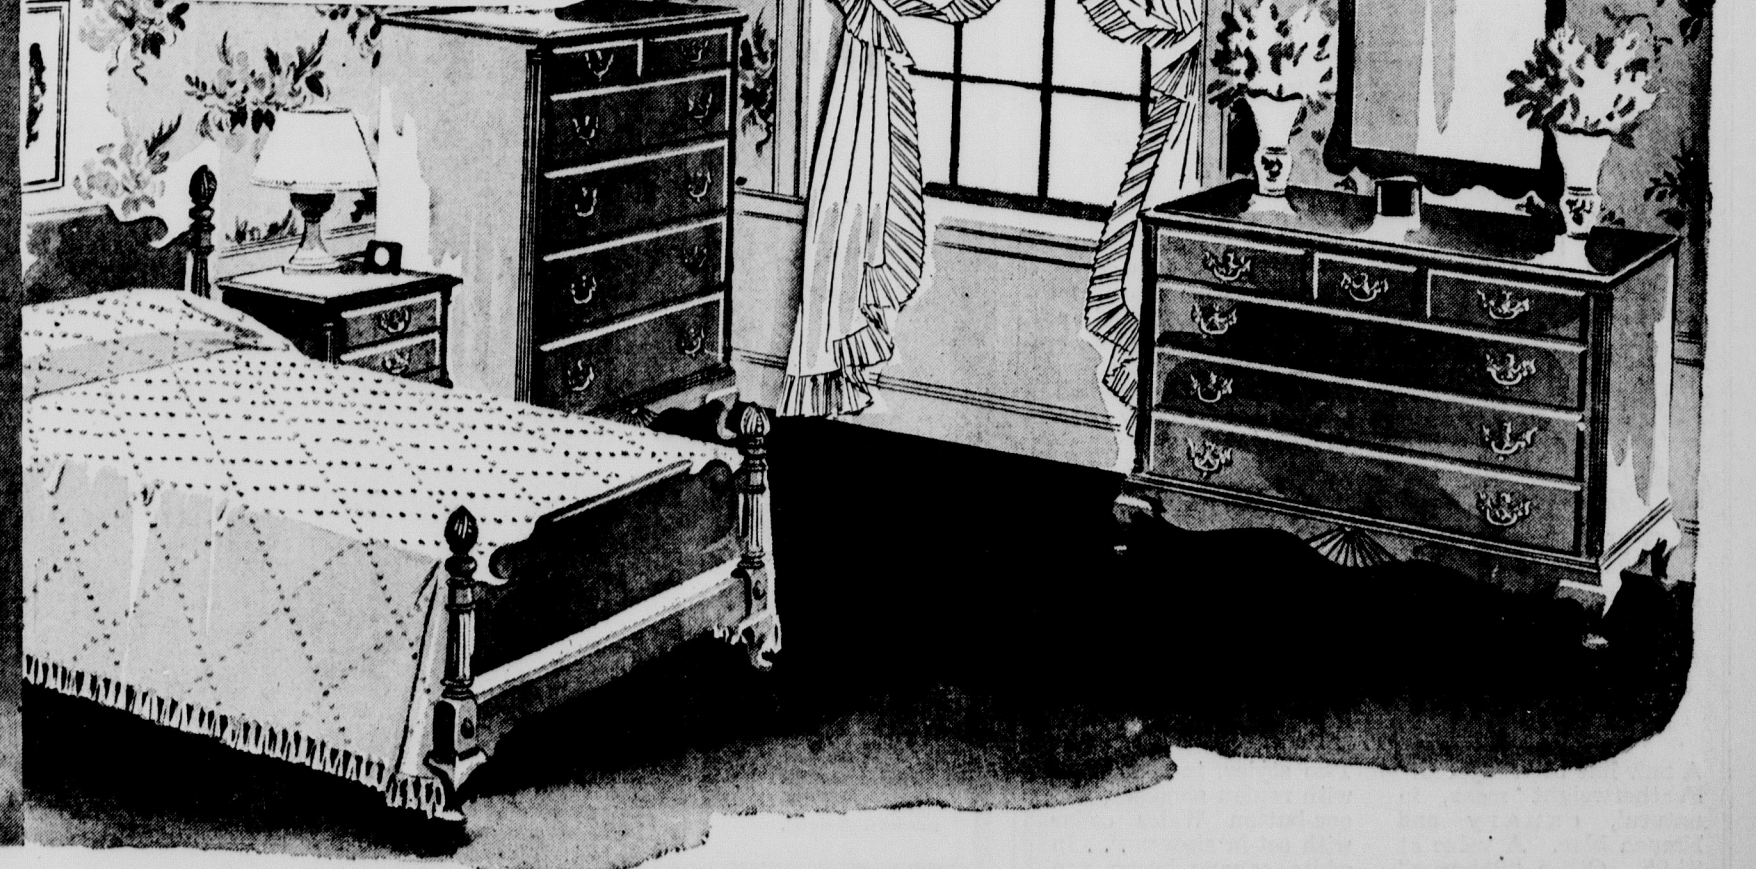

● The Universal with its Simmer-Save Burner presents to the Homemaker the greatest advancement in top burner cooking service since the advent of the gas range.

A statement so broad and all-embracing challenges believability. It is a statement, however, the truth of which is proven by the acid test of actual performance. In addition to saving gas, time and food values, Universal Simmer-Save eliminates "boil-overs" and "boiling dry."

Why no "boil-overs?" The reason—The Simmer-Save with its automatically controlled boiling heat maintains a continuous gentle boiling action—thereby eliminating "boil-overs" because it does away with violent, turbulent boiling action.

Why no "boiling dry?" The reason—The automatically controlled boiling heat of the Simmer-Save does not rapidly evaporate liquids—it takes over an hour to boil away one cup of water—thus there is no danger of foods "boiling dry."

Consider these facts—(1) These are but two of seventeen distinct advantages that Universal Simmer-Save Cookery offers; (2) Not only in top burner cooking, but in every division of cookery, Universal presents a type and degree of cooking service so superior as to establish an entirely new and advanced standard of performance. These facts merit your investigation.

The Salem Bedroom Group

Sturdy Northern Maple reproductions. The shaped tops—turned corner posts, pierced hardware—all combine to make the design most interesting; and Chandler's has priced it so reasonably that it's even more interesting.

TROTZKY HAS DEFENSE OF CHARGES

Gives Inquiring Board His Opinions About Soviet Union

MEXICO CITY. (AP)—Leon Trotsky approached completion of his defense against Moscow charges of treason today after sketching for a committee of liberals the ideas that launched him into wandering exile.

The man who once stood next to Lenin in Soviet Russia, in reply to his counsel, Albert Goldman of Chicago, delivered his opinions on such topics as the next world war, the course of government in the U. S. S. R. and elsewhere, and his following in the Soviet Union.

The committee of inquiry headed by Dr. John Dewey of Columbia university, has been hearing Trotsky and examining his documentary evidence for five days.

His Eight Opinions

The gray-goated revolutionist who once spoke for 12 hours before a Communist party congress entered these opinions and arguments:

1—Charges in recent Moscow trials that he had counseled terrorism against Joseph Stalin were absurd because individual terrorism "lovers the masses in their own eyes."

2—Moral considerations do not dictate that stand because "the oppression of the masses is so terrible, especially in some countries, that every method to liberate the masses is moral."

Doesn't Want Power

3—He is not "hungry for power" in the Soviet Union, although he will take it as "an inevitable evil" if it comes, because, "when your ideas are victorious you must accept it."

4—The Soviet regime is "as close to capitalism as to socialism" and has "a new dual function; to protect the new forms of property against capitalism and exploit the new forms of property in behalf of bureaucracy."

5—Soviets' "bureaucracy" could be overthrown "only by a new political revolution" and if it opposes the masses that means violence.

Would "Defend Soviet"

6—Despite the Moscow allegations he plotted with agents of Germany and Japan to dismember the U. S. S. R. he and his "Fourth Internationalists" would defend the nation—even to the point of collaborating with Joseph Stalin—because the Soviet Union is "an open door to better future."

7—In event of world war, Japan would face revolution, then Germany. If there were no revolutions the Soviet Union would be forced back to capitalism.

8—He does not know how much support he still has in the U. S. S. R. "There are some sympathizers, I suppose. I have no panacea for my followers."

Rogers Memorial Week Proclaimed

AUSTIN, Tex. (AP)—Governor Alfred has proclaimed the week beginning April 30 as Will Rogers Memorial week and invited Texans to cooperate with the motion picture industry, founder of the institution, in support of a Memorial hospital at Saranac, N. J. Theaters will receive voluntary contributions from audiences during the week.

Ghost Town Bank Ruins Yield Gold

Louis Guy (center) and Bob Stebbins (right) mined the foundations of an old bank building in North San Juan, California ghost town, for gold dust and small nuggets dropped during the halcyon days when the town was a roaring gold camp. They cleaned up a cupful of gold in a day. Bob Braithwaite, Los Angeles tourist, was giving them a hand when this picture was taken. (Associated Press Photo)

CHURCH SCORES BOOZE, FILMS

LOS ANGELES. (AP)—Abstention from liquor, movies and "all forms of worldly amusements forbidden in the scriptures," in contained among overtures submitted by the Presbytery of California, Presbyterian Church of America, this week, for consideration at the general assembly in Philadelphia, June 1.

The Presbytery reaffirmed loyalty to that section of the Westminster confession of faith which upholds the right of nations to engage in "justifiable wars," and warned churches to take a vigorous stand against communism.

Farm Cooperative Bulletin Issued

A new bulletin on farmer cooperatives, outlining problems of relations between the members, directors, officers and employees, has just been released by the National Farm Credit Administration.

Prepared by the late J. W. Jones, agricultural economist, after several years study, the bulletin is based on policies of a large number of cooperatives throughout the United States, including the California Lima Bean Growers association.

Copies of the bulletin, No. 9, by J. W. Jones, may be obtained by writing to the Farm Credit Administration, Cooperative division, Washington, D. C.

SUSPECT KILLS SLEF

LOS ANGELES. (AP)—Sheriff's office reports today listed the death of Albert Thomas Ross, 66, as a suicide. Authorities said they were seeking him for questioning concerning an incendiary fire in Glendora, when they found him dead from self-administered poison in the home of his son.

Occidental Has Founder's Day

LOS ANGELES. (AP)—Students and faculty of Occidental college observed "Founders' day" on the campus Thursday as the culmination of a week's celebration in observance of the fiftieth anniversary of the institution.

A feature of the day's program was an address on "The Growth of Higher Education in America During the Past Half Century," by Dr. Earle R. Hedrick, newly appointed provost of the University of California at Los Angeles.

Special Label On Oil Is Ordered

LOS ANGELES. (AP)—Camphorated oil sold in the state must in the future be labeled "for external use only," the California board of pharmacy has ruled.

Several deaths from internal use of the oil accidentally administered led to the ruling, A. C. Kamper, board president, said.

FALLING OUT OF BED DISCUSSED

LOS ANGELES. (AP)—The hazards of falling out of bed were discussed this week at the convention of the Association of Western Hospitals.

Dr. Claude W. Munger, president of the American Hospital association, said falling out of bed is a common occurrence and often results in serious injury.

Hospitals should use a crib-like bed for persons who frequently awaken to find themselves on the floor, he said.

Dr. Munger said that hospitals should undertake a program of public enlightenment to eradicate the fear that many people have of the institutions.

Hospitals have made great progress in the past five years, declared Dr. Glen Myers, president-elect of the Association of Western Hospitals.

KILL MOTION FOR PENSION HEARINGS

WASHINGTON. (AP)—The house ways and means committee, in a Democratic-Republican squabble, defeated a motion this week to start hearings by April 26 on the Townsend plan and other bills relating to old-age assistance.

The vote, along party lines, was 16 to 7.

The seven Republican committeemen denounced the action of the majority in preventing hearings as un-American and high-handed. They said steam-roller tactics had been used to take away the constitutional right of citizens to petition congress.

"When a million people want to be heard, we are here to hear them," said Representative Treadway (Rep. Mass.), ranking minority committee member. "We have no right to stifle them."

Treadway made the motion to begin hearings by April 26 on a dozen old-age pension measures.

The meeting adjourned before any action was taken on a Democratic proposal to hear proponents of all old-age pension bills whenever hearings begin on any proposed amendments to the social security act.

Crash Kills Tim Reardon's Son

SAN FRANCISCO. (AP)—An automobile which crashed head-on into a cement signal post here Wednesday carried Louis V. Reardon, 27, son of Timothy A. Reardon, chairman of the state industrial commission, and Miss Edith M. Tally, 25, a nurse, to their deaths.

The elder Reardon was attending legislative sessions at Sacramento when notified of the fatal accident. Police said Reardon had picked Miss Tally up at a hospital and was driving her to her home when the accident occurred. Reardon, an inspector for the industrial commission, was driving a state-owned automobile.

The elder Reardon came prominently to the attention of Orange county recently when another inspector for the commission, George Gallagher, was ousted from the Los Angeles office over protests of Commissioner Charles A. Son. Gallagher had made a report regarding facilities at the Orange county hospital for treatment of nurses afflicted with infantile paralysis during the 1934 epidemic. He refused to withdraw the report, which was somewhat critical.

THE PRICE OF A SPRING HANDBAG WILL PUT A RICH BIGELOW RUG ON YOUR FLOOR!

BIGELOW WEAVERS

A small DOWN PAYMENT BRINGS this BIGELOW FERVAK into your home.

FERVAK \$4.95 Sq. yd.

OWL DRUG STORE TO STAGE GALA OPENING EVENT TOMORROW

ONE-DAY SALE PLANNED BY MANAGER

Searchlights Will Blaze Welcome Message Across Sky

Blazing searchlights will cut the sky here tomorrow night as the Owl Drug company's new store at Fourth and Main streets celebrates its formal opening with a special one-day introductory sale.

The new store, on which the firm has spent thousands of dollars to make it their most modern and up-to-date store in Southern California, opened for business a week ago and has already attracted hundreds of visitors.

Frank Hiskey, manager, today extended an invitation to all Orange county residents to visit the latest addition to the Santa Ana business district.

"The Owl's policy is never knowingly to be undersold," Hiskey said. "We expect to give the best service possible and the very lowest of prices."

A feature of the new concern which will be appreciated here during the summer is an elaborate air conditioning system which cleans, purifies, cools, and dehumidifies the air for perfect comfort.

Tastefully decorated, the new store carries out a conservative modernistic theme from pastel paintings on the walls and ceiling to the last fixture and showcase.

Of 27 persons now employed by the Owl store here, 22 have been long-time residents of Santa Ana, and only five have been "imported." All five are making their homes here and becoming permanent residents, Hiskey said.

The store employs five registered pharmacists for the protection of those having prescriptions filled, or for those buying any of the thousands of drug store items which must be sold only by pharmacists.

Retail products are featured at Owl, as well as nearly all nationally-advertised goods. Many household and miscellaneous items are carried in stock.

The Owl soda fountain also serves light fountain lunches, featuring salads. A well-equipped kitchen prepares food for all meals.

"Owl has given us the very best it has for Santa Ana, and we're proud of the new store," Hiskey commented today. "We want Santa Ana to know that we want Santa Ana to be an important part of the Owl business, and we want the Owl to be an important part of Santa Ana."

Lumber Provided By Local Firm

The Santa Ana Lumber company played a big part in helping construction work on the building at Fourth and Main street housing the Owl Drug company.

The local concern furnished all the rough lumber for the job, which was a considerable item. Mill work was another part of the job handled by the lumber company, which also supplied the plastering materials for the building work.

Owl Store Chief

F. J. Hiskey, shown here, is the manager of the new Owl Drug store which has just opened at Fourth and Main streets. Hiskey has expressed considerable pleasure over being in Santa Ana and having the opportunity of introducing Owl drug service to residents of this city and county.

FRANK HISKEY OWL MANAGER

Frank Hiskey, manager of the new Owl Drug company store in Santa Ana, has had just two jobs in his life—and both of them have been in drug stores.

It was 17 years ago, while he still was in school, that he took his first position with a drug store. During the time he completed college courses in pharmacy and in merchandising at the University of Southern California, he continued working with the drug firm.

He found he liked the work so well that he took it up for a career.

After 12 years with one firm, he went to Owl five years ago in Long Beach. For the past two years, immediately before coming to Santa Ana to open the new establishment here, he has been manager of the San Pedro Owl Drug store.

Mr. and Mrs. Hiskey and their two daughters are making their home on Beverly place.

Air Conditioned At Owl Drug Store

Air cooling and conditioning equipment installed in the new Owl Drug store at Fourth and Main streets here was supplied by the Frigidaire division of the General Motors Sales corporation.

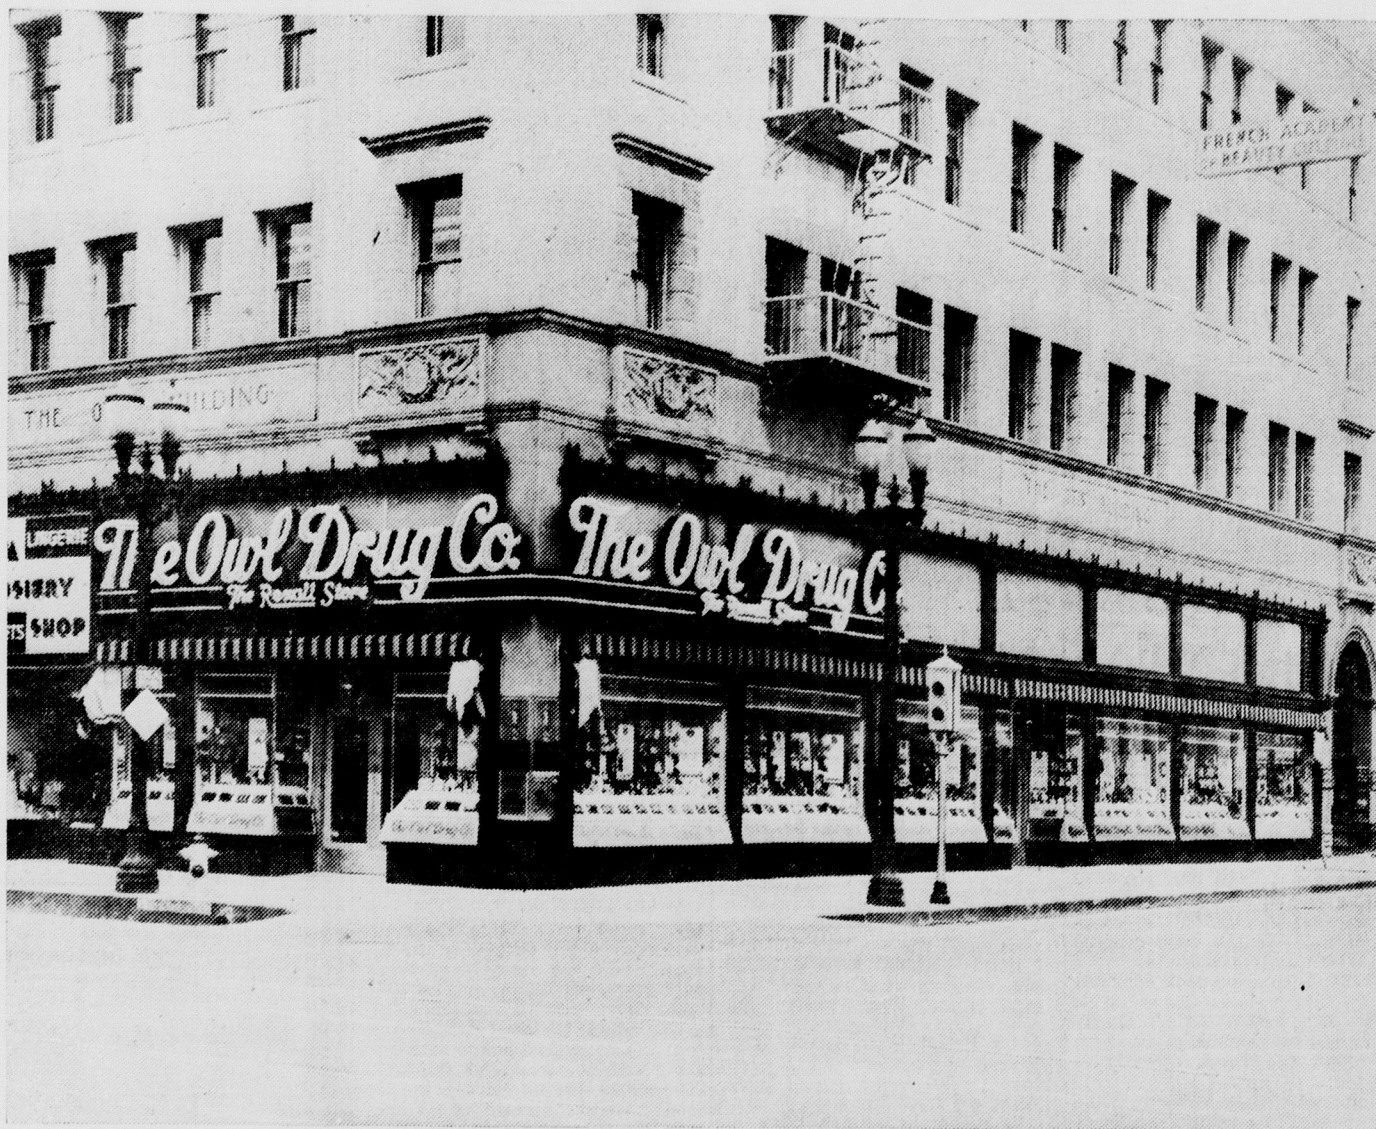

The air in the new store is cooled, automatically dehumidified, cleansed and circulated.

Water Softeners Are Installed

Water softeners and filters used in the new Owl Drug store at Fourth and Main streets were supplied by Water Softener Service company of Los Angeles.

This company supplies all such installations in Owl drug stores throughout Southern California.

New Owl Drug Store At Fourth and Main Streets

The accompanying picture shows the new Owl Drug store which recently opened at the northwest corner of Fourth and Main streets, under the management of F. J. Hiskey. The quarters were completely remodelled by R. C. McMillan, general contractor. The new store has all the equipment, services and conveniences typical of a modern drug store and has been equipped according to the latest ideals in store design.

TILE WORK DONE BY SORENSEN

Carrying out the black and orange color scheme of store windows, awnings, and signs at the Owl Drug store is an 18-inch strip of glossy black tile, extending completely around the store front below the edge of the show windows.

The tile, three panels high, and all other brick and tile work in the new Owl store were furnished by S. F. Sorensen, 820 Van Ness street, tile and plastering contractor.

Pacific Plumbing Installs Fixtures

Installation of brass and cast iron piping, rest rooms, and a large ejector pump in the basement of the new Owl Drug store was done by the Pacific Plumbing company, 313 North Ross street.

Rest rooms for employees are located downstairs, as is the ejector, a pump which raises waste water to the level of the street sewer line outside. This installation is necessary in buildings in the downtown area with basements lower than the pipe line.

GUNMEN ROB WOMAN
LOS ANGELES. (AP)—Police broadcast a description yesterday of two gunmen reported to have robbed Mrs. Geraldine Bergh of \$102 and guarded her at pistol-point as she drove from Palm Springs to Beaumont.

Auxiliary Santiago Dam Saves Added Water

Valuable water is piling up behind the "dam on the dam" across Santiago creek.

The dam on the dam is made of sandbags—two thousand of them piled about three feet high in the spillway of the Santiago dam, which had 25,000 acre feet of water impounded before the sandbags were piled up.

It isn't known exactly how much additional water has been saved so far from the sandbag dam, but it is estimated that 1800 acre feet of water can be saved by the new project. Irrigation water is worth about \$15 an acre foot, so it is figured that the additional water saved is worth about \$30,000.

Water still is rising slowly behind the five-deep dam of sandbags which have been piled in the spillway.

An application for permission to install the sandbags was granted by the board of water resources to the John T. Carpenter Water company and the Serrano Irrigation company.

These companies, with the Irvine company, own the Santiago dam.

Directors of the Orange County Water district are working on a project to sink the overflow from the Santiago dam but, for the present at least, there isn't any overflow. The sandbag dam has halted the flow which went wasting down the Santiago creek into the river.

Fixtures Supplied By General Firm
The General Fixture company of Los Angeles, which manufactures bank, store and office fixtures, supplied many of the fixtures installed in the new Owl Drug store here.

The store, at the northwest corner of Fourth and Main streets, has just opened for business in Santa Ana.

NEW BILL OPENS AT THE STATE

Combining romance, comedy, thrills and spectacles, "Trail Dust" opens tonight at the State theater. It is another of Clarence E. Mulford's series of interesting stories in which the fiction character, Hopalong Cassidy, plays the leading role.

William Boyd again portrays the role of Cassidy in this western, which concerns the efforts to a cowboy and his outfit to find food for cattle facing a famine in the great Southwest. They are attacked on all sides by men in employ of profiteers who seek to prevent them finding new fields so that, by starving out the cattle, they can force up the price for their own beef.

But Hopalong finally wins out after a battle with the killers, and aids in furthering a romance between his partner and the daughter of a sheriff whom he has befriended.

In the cast with Boyd are Jimmy Ellison, George Hayes, Stephen Morris, Gwynne Shipman and others.

Also on the program are a Polly Moran comedy, a newsreel, a Merrie Melody cartoon and chapter No. 11 of "Fighting Marines."

trying to climb a bank at the fork of two trails.

Landing on a hillside a half-mile away, Long hurried to Betty Jo and found her frightened but unhurt. She got a free plane ride back to camp.

Contractor

R. C. McMillan, Santa Ana building contractor shown here, executed the general contract for remodeling the quarters now occupied by the new Owl Drug store at Fourth and Main streets.

CONTRACTOR SETS SPEED RECORD

McMillan Races With Time on Owl Store Remodeling

The Owl Drug store remodeling job was one that "couldn't be done in 30 days," but R. C. McMillan, Santa Ana, made it with a couple of days to spare.

"We had to work night and day at the beginning, and it took close figuring to dovetail the construction, plumbing, electrical, plastering, and other work to gain speed," McMillan said.

Reconstructing the store at Fourth and Main, formerly occupied by Karl's Shoe store, into a modern new drug store quarters entailed a number of unusual and difficult problems.

The basement, formerly one large storage room, was rebuilt into a stock room, liquor room, soda room, tobacco room, dressing room and manager's office.

One task involved in the basement was that of digging out a concrete vault placed there years ago when the building was occupied by a bank.

Sides were removed and rebuilt to accommodate the modern type display windows used by the Owl Drug company. Tile work, awnings, and windows were redesigned to carry out the Owl color and decorative scheme.

The entire mezzanine floor was remodelled, and the store space enlarged by at least one-third by removing partitions.

McMillan, as general contractor, handled not only the heavy construction, but also the linoleum, and other similar features.

SETS MARK FOR PLASTERING

A new record in speedy completion of a big plastering job was set by Joe Catherina, plastering contractor, in the work done on the Owl Drug store at Fourth and Main streets.

It was a \$1200 plastering job. Speed was essential, so Catherina put three shifts of 14 men each to work on the job. They completed 90 per cent of the work in four days flat, which Catherina thinks is something of a record in speedy plastering.

The three shifts of men were kept busy 24 hours a day for the four days.

CLASH MARKS RELIEF BILL DEBATE

Welsh Confesses City Of L. A. Seeking to Shift Burden

SAN FRANCISCO. (AP)—Senator McGovern, San Francisco, and Assemblyman Welsh, Los Angeles, clashed before the senate governmental efficiency committee yesterday in debate on the supervisors' relief bill.

After McGovern had said Los Angeles was attempting to shift a big part of its relief load to northern counties, Welsh replied: "Frankly, Los Angeles county is attempting by the bill to shift the tax burden so that other counties will carry their just load."

Cuts L. A. Rate
The bill reduces the Los Angeles tax rate 6 cents.

The committee adjourned the hearing until next Thursday after Herbert F. Ormsby, of the state chamber of commerce, had explained the formula of the relief bill, which he said would distribute the relief load throughout the state in a fair manner.

C. E. Grier, president of the State Supervisors' association, also spoke briefly and both Grier and Ormsby will appear again next week.

Bill's Provisions
Briefly the bill provides the relief problem is a county problem up to the first 5 cents on each \$100 valuation of the county tax roll, then up to 16 cents on each \$100 valuation of both the county and state and from 16 to 27 cents the entire burden will fall on the state. If the relief costs are more than 27 cents the state must call on the federal government for assistance. Grier said the bill had been introduced by 10 organizations of the state, that it was fair in the elimination of duplication and he declared arguments between counties should not be brought into the relief question.

COUR TO INSIDE OF NEW DEAL

WASHINGTON. (AP)—The supreme court has sided with the administration in seven major cases since the present term started last October.

There have been no major rulings against administration laws this term. Victory this week in decisions upholding the Wagner labor relations act for business in interstate commerce, brought the New Deal box score to nine victories and 11 defeats since 1933.

This does not include the Washington minimum wage decision, a statute favored by the administration.

No Coma Feared For Mrs. Love

LOS ANGELES. (AP)—Helen Wills Love, convicted of slaying her husband, was awake and alert today and showed no signs of slipping into a coma like her recent seven days of unconsciousness.

Jail attendants said Wednesday they observed evidence which they thought might portend another coma to prevent her transfer to prison for a term of seven years to life.

"I will never go to Tehachapi prison—never!" she declared shortly before Superior Judge Frank Smith Wednesday refused a further stay of execution.

Library Displays Unusual Drawings of Southland Artist

END OF TRAIL

TWENTY-SEVEN 100 FINED FOR BEARDS GROW LEWD SHOW

Twenty-seven men students at Santa Ana Junior college have decided they will forsake convention, and grow beards for the tenth annual Fiesta.

For one whole month the students will let their chin growths sprout. They're only hoping that adequate foliage will be decorating their chins by Fiesta time, May 14. For the tenth year, ever since the Fiesta originated, the contest is being sponsored by the Orphan Kiddles club. Prizes donated by local merchants will be awarded to the contestant who has the bushiest beard, scrawniest beard and the one best trimmed.

That stiff competition will be the keynote of the contest is evident by the fact that there are plenty of entrants for all three divisions.

The only disappointment so far is the news that Fred Pinkston, owner of last year's bushiest beard, has announced he will not seek to defend his title. It has been intimated that Pinkston did not need to enter the contest now, as it would only require a few days for his beard to grow.

The following are listed: Phil Yould, Bob Anderson, Bob Fowler, Paul Christ, Bill Keeton, Ray Foster, Kenneth Oliphant, Virgil Stevens, Allen Titensor, Richard Dyke, Richard DeSmet, Jack Brounink, Vic Rowland, Franklin Guthrie, John McBride, Fred Titensor, Bob Paul, Carl Hawkins, Elden Richards, William Semmacher, Leslie Minder, Russell Roquet, Muryl Hallman, Daniel Martin, Max Galusha, Joe Crawford and William James Backman.

Prizes being awarded are a sport shirt from Vandermast's, a sweater by Hugh J. Love, sport jacket from Swanberger's, and three free shaves from Joe Steele's barber shop.

Man's Suicide Under Train Is Disastrous

NAGOYA, Japan. (AP)—A despondent man threw himself under a freight train yesterday.

The result:
He was killed.

The locomotive and 16 cars were wrecked.

Traffic all the way from Tokyo to Shimonoseki was tied up.

The damage totaled \$28,500.

HOOKSETT, N. H. (AP)—Police swooped down on an abandoned railroad depot here and arrested from 75 to 100 men for attending an immoral exhibition. A court session held on the spot ordered fines of \$5 and costs.

One man, charged with conducting the show, was fined \$100, while a man and woman, allegedly two of the seven nude performers, were held for court appearance Tuesday.

Municipal Judge William Head accompanied the raiding party of 25 officers.

As soon as the spectators and two alleged performers were lined up, Judge Head called court to order. Each of the spectators was assessed costs of \$6.70, bringing their total fine to \$11.70.

Tells Women of Youths' Choice

LOS ANGELES. (AP)—Dr. Everett Dean Martin of the Claremont colleges believes that the choice of the present generation is between the liberty of liberal democracy or "the tyranny of romantic radicalism."

Speaking to 1000 clubwomen yesterday at the seventh annual Women's Civic Conference at the University of Southern California, Dr. Martin declared that the issue is "not a conflict between communism and fascism, but between liberal democracy, which regards liberty as the achievement of reason and law, and romantic radicalism which is the deadly enemy of liberty."

Open Canal Bids In Yuma May 7

DENVER. (AP)—The federal bureau of reclamation has advertised for bids on the All-America canal system near Calexico, Calif. Bids will be opened May 7 at Yuma, Ariz.

The California project calls for the construction of the new river crossing and other structures, requiring 93,000 cubic yards of excavation, 144,000 cubic yards of compacted embankments and placing of 930,000 pounds of reinforcement bars. The bids will not cover the cost of materials, which the government will furnish.

The picture above is typical of the unorthodox artistry of R. Remlow Harris, San Gabriel artist-poet, whose original drawings now are on exhibition at the Santa Ana library.

Harris is a featured artist and poet in the Five Star Weekly magazine section, which appears exclusively in The Journal each Thursday. The unusual display at the library is composed of original drawings, with the reproductions as they appeared in the Five Star Weekly.

The noted western poet and artist titled the poem explaining the above drawing "End of Trail, Says Speedy Fox." The poem itself, reads:

"It's time," says Speedy Fox, "right now for this Free Ride to cease. I crave a rest, a little grass, in fact me want un peace." And so he walks beneath a limb, no higher than his back, and scrapes his riders to the ground, and piles them in a stack. "It's not," says he, "that I am mean, but they have rode enough, and when they won't get off themselves, it's time to treat them rough." And that's the way it is with life, when we on friends impose. They'll carry us on the road awhile, then let us stub our toes.

PROBE \$250,000 BLAZE

ISLETON, Calif. (AP)—Fire Chief H. O. Nelson today investigated the ruins of the Bayside Cannery destroyed by a \$250,000 fire to determine if the blaze was of incendiary origin. The fire started early Tuesday and quickly swept through the main cannery plant, a warehouse and a wharf.

Pretoria is establishing free physical culture classes for adults.

EXTEND NAVY CONTROL OF OIL POOLS

WASHINGTON. (AP)—The senate passed and sent to the house yesterday a bill extending the authority of the navy department over naval petroleum and oil shale reserves.

Chairman Walsh (D-Mass.) of the naval affairs committee said the primary purpose of the legislation was to permit the department to trade certain of its holdings for adjoining holdings of private companies in the Elk Hill field of Kern county, California.

In debate during which the "Teapot Dome" naval oil case was recalled, Walsh said the trading authorized by the bill would consolidate affected naval holdings and provide a safeguard against underdraining.

Walsh said restrictions would help guard against danger of another "Teapot Dome scandal."

Foreign Nations Buy Many Planes

LOS ANGELES. (AP)—Foreign governments have ordered more than \$4,000,000 worth of fighting planes from the Vultee Aircraft factory, General Manager Don P. Smith announced.

COOLED AND
AIR-CONDITIONED
BY FRIGIDAIRE

Before making a permanent investment in air conditioning, The Owl Drug Co., made a complete investigation of all equipment—and selected Frigidaire. Owl knew that the long years of practical experience of Frigidaire and General Motors had developed a quality product and that it would provide you with the greatest comfort and convenience. The air that you breathe in the new Owl store is not only cooled but automatically dehumidified, cleansed and circulated. You will compliment Owl on the bracing, cool, zestful temperature.

If in the market for air conditioning, regardless of its application, it would pay you to investigate Frigidaire.

Telephone, write or come in—today—for full details. You will be under no obligation.

WALLACE IS AFRAID FOR FARMERS

Says Wagner Decision Exposes Them to 'Inequality'

WASHINGTON, (AP)—Secretary Wallace said today the supreme court decisions upholding the Wagner labor act had "left agriculture exposed to severe legal inequality."

The secretary declared the court decisions in favor of labor would increase farmer support for President Roosevelt's judicial reform program.

"Uncertainty in Future"

Without mentioning Associate Justice Roberts by name, Wallace asserted "the justice who wrote the majority opinion that knocked out vital parts of the Agricultural Adjustment act in 1936 now wields the balance of power on the court."

As a result, Wallace contended, "the situation is such as to cause complete uncertainty as to what future court decisions hold for farmers."

The secretary said business through corporations had been given the right to act nationally and the Wagner decisions granted labor "a similar right."

"Still Local Problem"

"But by the decision of the supreme court in the Hoosac Mills case affecting the AAA, agriculture is still legally a local problem," Wallace said.

The agriculture secretary said he wanted "to make it clear that I am for the decisions in the Wagner cases."

"But I want to make it equally clear," he added, "that from the standpoint of farmers these decisions have made enactment of the President's plan of judicial reform more imperative than ever before."

SEAMEN KILLED DURING STORM

BELLINGHAM, Wash. (AP)—Two sailors were killed and two injured on the storm-damaged Pacific American Fisheries freighter May D, Capt. Emil Jackson, wirelessly the company's office here yesterday.

He reported the Alaska-bound ship encountered a storm 250 miles west of Cape Sable, Bellingham, and John M. Moore, Seattle.

The injured: Theodore Porter, Bellingham, and Oscar Johnson, Seattle.

Captain Jackson's message said: "Deckload carried forward and aft while boom to during heavy gale. Cargo booms gone. Considerable damage to winches and rigging. Now heading for Bellingham, about 250 miles away. Entire deck load gone."

REWARD OUT ON MISSING MAN

SAN FRANCISCO, (AP)—A \$500 reward for information as to the whereabouts of John E. Hogan, chief dispatcher for the International Longshoremen's association here, as offered by the longshore labor relations committee today.

Hogan, a former Notre Dame football player, disappeared the night of last March 31 and efforts to locate him have failed.

"The committee has set aside the above sum and hopes that this action will result in making early contact with Mr. Hogan and returning him to his job," said a statement signed by F. C. Gregory of the Waterfront Employers' association, and Henry Schmidt, president of I. L. A. local 38-79.

House Repeals 'Haul' Clause

WASHINGTON, (AP)—The house this week passed and sent to the senate the Pettengill bill repealing the "long-and-short-haul" clause of the interstate commerce act.

The bill would give the railroads, in effect, opportunity to meet freight rates of water and truck carriers on long distance, particularly transcontinental traffic.

'Ramona' Opens 14th Season at Hemet Saturday

All previous attendance records are expected to be shattered in the fourteenth season of "Ramona," California's distinctive outdoor play which opens this Saturday in famed Ramona Bowl near the cities of Hemet and San Jacinto. The scenes and personages above are: left, Victor Jory (Alessandro) and Jean Inness (Ramona); center inset, Morris Ankrum, director; upper right, two members of the posse which thunders over the hills in the second act; below, group of young women of Hemet and San Jacinto at the wishing well in the Bowl.

HEMET-SAN JACINTO.—Excitement was at a high pitch in these two cities of Riverside county this week as final details were completed for opening the fourteenth season of the famed "Ramona" outdoor play in Ramona Bowl near here Saturday afternoon. Mayors of virtually every Southern city will be guests of honor.

Now recognized throughout America as California's most spectacular outdoor production, the dramatic offering will be given for the seventeenth time this weekend. Performances are scheduled for every Saturday and Sunday afternoon, April 17-18, 24-25 and May 1 and 2.

The cast of 250 has been in rehearsal under the direction of Morris Ankrum for the past three weeks. Dress rehearsals were in progress this week. Heading the large cast is Victor Jory, star of stag and screen, and Jean Inness, stage actress. Jory has just returned from an eleven-months trip to Australia and Great Britain where he starred in screen productions.

Promptly at 2:45 Saturday afternoon a procession of all members of the cast will wind its way up the trail leading into Ramona Bowl. The players will take their places and the play will be under way at 3 before a replica of the Camulos rancho.

Replete with legend and historical facts of early California, the play is based on the romance of Helen Hunt Jackson who gathered material for her novel while visiting in the Hemet-San Jacinto valley. The people of the two cities present the play as a civic-non-profit enterprise to perpetuate the beauty and grandeur of California. Gay fiesta scenes and native Spanish dances will be special features.

Augmented service direct to the bowl entrance is being provided by buses of the Pacific Electric Railway and Motor Transit Service.

A synthetic manure for hotbeds has been developed by the horticulture department of Oklahoma A. and M. college.

Wally Will Be Free to Marry Duke Either May 3 or 10

Don't Decorate Home With Red, Doctor Warns

INDIANAPOLIS, (AP)—If you want to prevent domestic warfare, don't decorate your home too prominently with red.

Speaking before the Indiana Association of Optometrists here, Dr. Wesley L. Vanosdow of Indianapolis warned that red colors are particularly irritating and may cause nausea, headaches and domestic trouble.

Light shades of green are most desirable in home decorations, he said.

M'CARRAN HAS COURT PLAN

WASHINGTON, (AP)—Senator McCarran (D. Nev.), introduced in the senate Thursday a substitute for the Roosevelt court bill. It would provide for an unconditional increase of two members in the size of the supreme court.

The Nevada senator has long been regarded as one of the "key" members of the senate judiciary committee because he has remained non-committal on the President's proposal to enlarge the court by six members if those now over 70 years do not retire.

In offering his substitute, in the form of an amendment to the Roosevelt bill, McCarran refused to say whether he would support the measure if his amendment were rejected.

He did tell reporters, however, that he did not favor any "forced retirement" from the court.

A total of 93,221,000 checks was cleared through the United States treasury for New Deal emergency agencies in 1936.

JUDITH ALLEN IS GRANTED DIVORCE

LOS ANGELES, (AP)—Granting Film Actress Judith Allen a divorce yesterday, Superior Judge Charles S. Burnell told her she was entitled to annulment, instead, of her Mexican marriage to Joseph (Jack) Doyle, actor-boxer, despite the fact that Superior Judge Joseph Vickers denied her plea two weeks ago.

Judge Burnell heard Miss Allen's testimony about the couple's marriage in Agua Caliente in April, 1935, and her charges of cruelty, and said:

"I'm afraid, young lady, you are no more married to this man than I am."

Her lawyer, Samuel Zagon, hastened to explain that Judge Vickers denied her annulment plea although she testified at the time she and Doyle did not comply with Mexican marriage laws as to witnesses and other matters.

"Well, he probably doesn't know much about the laws of Mexico," Judge Burnell observed.

He went on to say that at least one witness to a Mexican marriage must be a citizen of Mexico and must have known at least one of the principals for six months.

He added, however, that since the annulment issue was not before him, he could not take judicial notice of the situation and therefore, would grant the divorce decree.

AERO SOCIETY HONORS FIVE

PASADENA, (AP)—Honor plaques for humanitarian service in aeronautical safety were awarded to five Southern Californians at the tenth anniversary dinner of the Aero Educational Research organization here last night.

The awards, announced by Dr. John F. B. Carruthers, president of the organization, were made to Walter Waterman for construction of a combined automobile and airplane; Irving Krick, professor at the California Institute of Technology, for development of air weather forecasting; Guy Ball, for his illuminating flare; Edward Bernard, for wing flap developments; and Maj. Lauretta Schimoler, founder of the Aerial Nurse Corps of America.

An honor plaque also was awarded to Mme. Nungesser-Sides, widow of the late Charles Nungesser, French flier. Dr. H. L. Hipwell, chairman of the Lindbergh welcoming committee in Paris, was designated to carry a petition to the president of France, urging dedication of a street to Nungesser's memory.

Changes in Sugar Bill Are Urged

WASHINGTON, (AP)—Secretary Wallace has recommended to congress drastic changes in the administration's new sugar bill. The principal one would permit Hawaii, Puerto Rico and the Virgin Islands to ship their total quotas to this country in refined instead of raw form.

INCREASE OF SEX CRIMES ANALYZED

PITTSBURGH, (AP)—Sex crimes, reported increasing in recent years, do not indicate "degeneration of our national morals," Dr. William T. Root declares.

The head of the department of psychology at the University of Pittsburgh believes, instead, that such crimes are the product of the individual behavior of the constitutionally defective.

"A survey of sex crimes does not indicate that we have any common factor or any suggestive wave brought about by a single cause. It is mere chance that these cases, occurring in the different parts of the country, seem to have some sort of relation to time," he said.

The federal department of justice recently compiled figures from 1618 cities with a combined population of 58,820,588 persons to show that these offenses had increased greatly between 1931 and 1936.

But, probing the psychology of the "sex-murderer," Dr. Root declared that "some of the common factors in his behavior are a general sadistic tendency, often combined with drink or epilepsy or social suggestion."

"It is obvious," he continued, "that if a sadistic tendency is present in a small proportion of our population, mob excitement, newspaper publicity, or similar forces could prompt individuals with emotional defects to engage in some criminal assault that otherwise he might not have performed."

L. A. Is Given Rabies Warning

LOS ANGELES, (AP)—Dr. George Parrish, city health officer, said he would quarantine all dogs in Los Angeles unless persons whose pets are suspected of rabies keep them locked up.

The city health commission was informed that an average of 15 persons a day have been treated for dog bites since Jan. 1, and that 229 rabid dogs have been picked up since then.

South Africa has banned all big game hunting in national parks.

ACTOR'S FATHER DIES
HOLLYWOOD, (AP)—Dr. Frank Nagel, 65, musician and father of Conrad Nagel, film actor, died yesterday at his home after a long illness. Formerly dean of the college of music at Highland Park college, Des Moines, Ia.

HOLD L. A. SUSPECT
ST. PAUL, Minn. (AP)—Phil J. Hollenbeck was held here today in connection with Los Angeles charges of grand theft, forgery and passing worthless checks. Police said he disappeared from Los Angeles in 1933.

FADE-OUTS IN BROADCASTS EXPLAINED

Astronomer Says It's Due to Sun Spots Gas Eruption

PASADENA, (AP)—R. S. Richardson announced here that observations indicate the energy which causes fade-outs in high frequency radio broadcasts comes from the sun with the speed of light.

When there is an unusually bright gas eruption near a sunspot, energy is transmitted to the earth in eight minutes, causing high frequency broadcasts to fade. These fade-outs last from 15 minutes to half an hour. The longest come about every 54 days.

Somewhat similarly, telegraph and telephone service may be disrupted and the aurora borealis, or northern lights, made visible in states as far south as California. The latter are due to storms in the earth's magnetic field and sometimes may follow as late as 26 hours the appearance of a large sun-spot group.

Sees Continuance
These disturbances likely will continue for several years, for Richardson, an astronomer at the Carnegie Institution's Mount Wilson observatory, said the maximum of the present 10 or 11-year sun spot cycle is probably two years away.

One of the largest spot groups of all time appeared on the sun the latter part of January. An average of 12 spot groups a day was observed in February, the largest in the observatory's history. The average dropped to 9 a day in March, but now has increased to 11 or 12 again.

Explains Reaction
"It has long been known that very intense magnetic storms on the earth are more frequent when large, active sun spot groups are near the central meridian," said Richardson in the current Astronomical Society of the Pacific publication.

"This circumstance is naturally explained if we may assume the radio fade-outs are caused by radiation, and magnetic storms by charged particles ejected radially from sun spots with high velocity. Radiant energy reaches the earth regardless of where it originates on the disk, but a stream of charged particles is not likely to encounter the earth unless ejected from a spot near the central meridian."

Stockholders To Vote on Merger

SAN FRANCISCO, (AP)—Stockholders of the Los Angeles Gas and Electric Corp. and Southern California Gas Company will vote on the proposed \$150,000,000 merger May 11.

Two Crushed to Death in Collision

Two young men were killed in New York City when their automobile crashed into a milk wagon. This picture shows the badly wrecked vehicles and the body of one of the victims stretched on the pavement. (Associated Press Photo)

'Chew Own Cud' Is Judge's Reply on 'Big, Fat Slob'

ATLANTA, (AP)—For his kindness to a prisoner, portly Judge John L. Cone of Atlanta recorder's court heard himself called a "big, fat slob."

The judge got a note from a prisoner requesting chewing tobacco. In a philanthropic mood—and himself a tobacco chewer—the judge bought a generous plug and took it to the cell.

The inmate of an adjoining cell heard the judge present his gift. Thinking the judge a turnkey, the neighboring inmate commented: "Well, the big fat slob did send it."

Then he thought it a pretty good idea, so he sent the judge a note requesting a similar gift. The judge wrote this reply: "Chew your own cud."

PLAN TO REOPEN CALIENTE SPA

LOS ANGELES, (AP)—Agua Caliente, a "ghost" resort, may open by the Fourth of July, with all of its old-time splendor, Baron Long declared this week.

The Spa will operate without a gambling casino, in conformity with Mexican gambling laws which sent the resort into hibernation, said Long, entrepreneur of the reopening movement.

Long and his associates of the Agua Caliente Hotel company are awaiting a report on conditions under which the famous hostelry can be reopened. "If our survey shows what we think it will show," he said, "we will open Agua Caliente early this summer, perhaps by July 4."

There will be horse, and probably dog racing, Long said.

Fish Bill Scored By Commission

SACRAMENTO, (AP)—A bill characterized by the fish and game commission as throwing "wide open" the closed areas around Catalina island and Santa Monica bay, has been sent to the senate floor.

The senate fish and game committee made no recommendation on the measure, drafted by Assemblymen Reeves and Hunt. It would permit commercial fishermen to recover their purse nets which drift into waters where such nets are prohibited. The fish also would be retained by the user of the net.

Hollywoodites Resent L. A. Postmarks on Letters

WASHINGTON, (AP)—The Hollywood Junior Chamber of Commerce resents a Los Angeles cancellation of letters emanating from Hollywood, Senator William Gibbs McAdoo of California has learned from Morris J. Nelson, president of the junior chamber and President-Elect Dr. Samuel K. Bacon.

The Californians conferred with McAdoo on prospects of getting the postoffice department to authorize a special cancellation postmark for the Hollywood postoffice.

"Folks know where Hollywood is," said Nelson, "but who knows where Los Angeles is? We've got an enormous, beautiful new post-office out in our town and yet every letter that goes through there is cancelled with a 'Los Angeles' mark."

The tuberculosis death rate decreased from 200 per 100,000 persons in 1900 to 71 per 100,000 persons in 1930.

Home economics experts in the agriculture department suggest trying other greens instead. They list beet tops, chard, dandelion greens, mustard greens, turnip greens and watercress as "quite as good for vitamins" and often richer in calcium and iron.

CLEANER JAILED
Phil Adams, 19, Anaheim dry cleaner, was in the county jail today on battery charges. Orange police arrested him yesterday.

LOCOMOTIVE IS STREAMLINED

CHICAGO, (AP)—The Burlington Railroad has announced it had completed construction of a \$140,000 streamlined steam locomotive which will be put through tests soon to fight it out with the Diesel-electric locomotives for speed, stamina and efficiency.

Officials said the locomotive, built in the Burlington, Iowa, shops, was believed to have a speed of 100 to 125 miles an hour. They said the Diesel-electric locomotives have reached 122 miles an hour. The steam locomotive, sheathed in stainless steel, weighs about 400 tons, loaded, compared

Princess 'Runs Away' With 6 Coronation 'Creations'

PARIS, (AP)—Crown Princess Juliana of The Netherlands drove Paris dressmakers frantic for a few hours when she "ran away" with six of their most exclusive creations for the British coronation, it was learned today.

Completely unknown to the princess, the models were packed into the royal roadster when she and her husband, Prince Bernhard, left Paris Tuesday for The Hague at the end of their prolonged wedding trip.

The designers had sent the

models for the princess' inspection to the hotel where the royal couple was staying. In the mix-up of packing for the hurried departure, Juliana's maid placed the coronation gowns with the princess' other clothes and the bags were carried out to the car.

When the dressmakers discovered that the princess—and their models—were speeding toward the French frontier, alarms were sent by telephone to all points along the route to ask the princess to check over her clothes and please send back the coronation gowns.

Finally, just as she reached the border, the alarm reached Juliana.

First Casualties For Coronation

HASTINGS, Eng. (AP)—Preparations for the coronation of King George VI have claimed their first casualties.

In the nearby village of Battle, one man was killed and another gravely injured while constructing "Battle Roses," fireworks made according to a method handed down for generations.

W. D. Tyre, 57-year-old mail carrier of Elkins, W. Va., estimates he has walked more than 100,000 miles delivering mail the last 30 years.

She sorted out the creations and started them back to Paris. They will be patterns for scores of coronation gowns.

LONG ISLAND RACES ON MUTUAL

'Youthful Stakes' From Jamaica to Be Heard Tomorrow, 12:45

Second in the series of exclusive Mutual turf broadcasts, emanating from the Jamaica race track, Long Island, will be heard on KVOE and Mutual from 12:45 to 1:30 tomorrow afternoon.

The major event will be the Youthful Stakes, with Bryan Field, outstanding turf commentator of radio, at the microphone.

'Drums' Star Looks at Past

In the latest chapter of "Drums" William Farnum is whisked back to 600 B. C. through the medium of the occult drums which give this popular mystery-adventure serial its name.

When the current episode is heard on KVOE and Mutual-Don Lee tonight from 8 to 8:15, Farnum, in the role of Philip Lawrence, is given a glimpse of Byzantium, the ancient city where Istanbul now stands.

'Ranger' Captures LongSought Killer

The masked rider calls upon his friend, Tonto, to fire the shot which wounds him, as a means of leading to the capture of one of the most sought killers of the Old West in the latest adventure of "The Lone Ranger," on KVOE and other stations of the Mutual-Don Lee Broadcasting system from 7:30 to 8 o'clock tonight.

Squatters Leave In 'Cassandra'

Fear that squatters who were seen by Xavier on the property of Don Carlos were there "for keeps" is supplanted by a sigh of relief as they move to an adjoining rancho in the current episode of "Cassandra," broadcast by KVOE and Mutual-Don Lee this evening at 5:30.

Micros are Basis Of Wilkie Tale

"The Microscope Accuses" titles tonight's "In the Crimelight" broadcast by Captain Don Wilkie, former United States secret service ace, from KVOE at 7 o'clock.

This will be the third in a special series of true-to-fact stories, telling the complete story in detail of an entire case.

Tides on the Pacific Coast are generally higher than those on the Atlantic coast, partly because of eastward winds.

Brick Dust

Here and There With
The Journal's
Rambling County Editor
By T. N. (BRICK) GAINES

Hurrah! Already answers are pouring in regarding our question about street names at Laguna. Or perhaps I overestimated. An answer has come in.

Mrs. Susan Kimmell says that Whipple Lane was named for the Whipple family, much-loved and respected residents of Laguna. Other streets, she says, were probably named after nightmares—take Euterpe, for instance. She even hints that a campaign to change the names might be a good idea.

Of which I'm not in favor. Because once I aided a bit in changing a name or two at San Juan Capistrano. Many of the designations were changed there, and McKinley avenue was switched over to "Calle del Obispo." And people still call it McKinley avenue. So what's a guy gonna do?

Incidentally, we didn't get any closer to the reason for Callopo street. Mrs. Kimmell said as far as she can remember there's never been a circus parade in the Art Colony.

If anyone has suggestions, they'll be welcomed.

Here's an item that might interest Frank Rosapaw, Placentia editor and skating teacher deluxe.

It seems that one of the youngest roller-skaters in Orange is two and one-half-year-old Kay Watson, tiny daughter of Mr. and Mrs. Keller Watson, jr. He's the new Orange councilman.

It seems that Pop Watson supervised a jaunt around the block on roller skates and when the trip was over the tiny gal objected strenuously to having the skates removed. Objection was sustained and the skates stayed on.

What would a skating teacher do in a case like that?

Incidentally, it might be well to mention that the young lady inherits her athletic ability from Poppa Watson, who is supposed to pilot a mean surfboard. In fact, rumor has it, he was at one time Pacific coast champion, or something.

Now that Editor Vernon Beck has shown the editorial wheel-chair from San Juan Capistrano to Laguna's South Coast News, will we get any more "Sermons for Chillun'?"

I hope he has time to pound out some prattlings for the tiny tots and their parents. Not that it saves me any labor on Mondays, clipping his entire column, either!

Incidentally, here's a little gem from his column last week, entitled "Ode to Manana." He explains, later, that "manana" is pronounced "tomorrow."

When will our magic ship come in From fabled land across the sea, Bringing jewels, gems and dusky slaves And fortunes rare to you and me? Manana.

When will our daily task be done Which we so blithely spurn today? When will we find the time to start New chores while now we laugh and play? Manana.

When will our bleak despair depart So we may sit 'neath quiet tree To build our castles, dream and doze And set our flippant fancy free? Manana.

What is the magic word we woo With luring dream and heavy eye— What is the word that soothes the soul In dulcet tone and sleepy sigh? Ho, hum! Manana!

In Fullerton, B. K. Maxwell's young son started the first sit-down strike in the county.

When B. K. arrived home one evening, the youngster was perched high in a pergola and proclaimed loudly that he was going to stay there until his mother allowed him to play with Mike, Pete Davis' kid.

It took a promise of a chicken dinner, complete with trimmings, to get the youngster down!

Which might not be a bad hint for some of the industrialists!

Street corner conference with Police Chief Abe Johnson at Laguna. He pretends to think that newspapermen should have to buy dog licenses or be sent to Laguna's palatial hotel, but I think he's just fooling!

But he's still daring anyone to speed through his town!

What's become of the hue and crying about that stop sign on highway 101 at Manchester avenue?

Everyone started off with a bang, face-making at the state for putting in a stop that inconvenienced North Orange county folks and let trucks on Manchester sail right through.

How about getting up an expedition to remove, by force, that impediment of Santa Ana-bound autos? We just might switch it over to the other road—

WEST TO SEEK PASSAGE OF NEW HARBOR LAW IN SENATE

CHANGES IN AUTHORITY SOUGHT

Administrative Policy Is Set Up in Amendment Before Legislature

NEWPORT-BALBOA. — Seeking passage of an amendment to the county harbor act, which would change handling of administrative affairs of the county's harbor at Newport, Supervisor N. E. West plans a trip to Sacramento within the next few days to confer with Senator Harry Westover, he said today.

The proposed change would clear up many administrative matters now not clearly defined, West said. The original harbor act provided virtually no machinery for administration, but merely for construction, and the City of Newport and the county now have many overlapping functions.

Policing, fire protection and health protection methods could be agreed upon between Newport and the supervisors under the amendment, he pointed out. At present, about 75 or 80 per cent of the harbor is within jurisdiction of the city and the remainder is handled by the county.

Under the new setup a harbor commission would be set up by the county board, to act in an advisory capacity only.

Ordinary harbor laws do not fit the situation at Newport, West pointed out, where the main objective is a pleasure port. Apprehension of Newport residents that the amendment would be detrimental to harbor interests is unfounded, he explained, as the supervisors are fully aware of importance of the port and consider it a valuable county asset.

LAGUNA BEACH. — Fifth and sixth grade students of the elementary school will present a comic opera, "Puddin' Head the First," at 8 p. m. tonight at the high school auditorium.

The opera, in two acts, will be enacted by 100 school children in a benefit performance for the purpose of purchasing one of the George K. Brandriff paintings for the school collection.

Mrs. Lauretta Clifton is directing the performance and the stage and costume design is by Dorothy O'Toole.

In addition to pages, courtiers and peasants, the cast includes Richard Smith, Patsy Pardee, Bruce Pierce, Charles Boothe, Kenneth Watkins, Rosalee Goodie, R. Dell Harris, June Lighthart, Jimmy Flynn, Vernon Nogie and Dick Thurmer.

Relief Corps Meets at Mesa

COSTA MESA. — The regular meeting of the Women's Relief Corps was held Wednesday, when it was reported that 33 sick calls had been made since the previous meeting; 29 bouquets distributed and welfare work to the amount of \$10.75 in cash and \$10 other than cash.

Santa Ana visitors included Stella Gray, past department president; Hattie Cozad, president Santa Ana Corps and Lulu Hall, Costa Mesas attending were Daisy Radabaugh, Elita Tead, Clara Rollins, Maude Joseph, Nellie Martin, Pearl Brown, Merna Whitney, Florence Cleveland, Clara McMurry, Phoebe Mortimer, Claire Wright and Alvyna Ober.

Club Meets In Tustin Home

TUSTIN. — Mrs. Reta Bouchard entertained her "Eighties" bridge club Wednesday evening in her home on A street.

Present were Mrs. Bob Goetting, Mrs. Ernest Harwood, Mrs. Helen Winters, Mrs. Orlov Householder, Mrs. Harold Carson, Mrs. Jimmie McCulla, and Mrs. Worth Alexander, who substituted for Mrs. John Ebersole. Prizes went to Mrs. Winters and Mrs. Alexander.

Postal Workers Plan Session

LAGUNA BEACH. — Members of the Orange County Postal Employees association will meet in the American Legion hall here Saturday evening for their monthly session, it was announced.

Instead of the usual business meeting, Saturday's affair will be a social event, opening with turkey dinner at 7 p. m. The Laguna Beach Dramatics club will furnish entertainment.

Cypress Scout Meeting Set

CYPRESS. — Anyone interested in Boy Scout work has been invited to attend a county-wide meeting sponsored by Boy Scout troop 76 in the Cypress school auditorium at 7 o'clock Saturday evening, John Fisher announced today.

Moving pictures, speakers and demonstrations are slated on the evening's program.

WE FIX ALMOST ANYTHING. Fix-It Shop, 105 E. 3rd.—Adv.

To Return to Prison

When Cecil Miracle, 35, was apprehended after escapes from three prisons his wife, with whom he began a "new life," pledged herself to wait for him until he served out the sentences. They are shown here together in Pineville, Ky. (Associated Press Photo)

LAGUNA EBELL SLATES FIVE TEAS FOR TOMORROW

LAGUNA BEACH. — Tea drinkers turn out in full force tomorrow, according to plans of the Laguna Ebelle club, which is scheduling five bridge teas for the organization's scholarship fund.

At the home of Mr. and Mrs. R. A. Bird, the old-fashioned theme will be used with hostesses Mrs. Thomas Bird, Mrs. Jennings Bird and Miss Alberta Patterson. Mrs. Perry La Pierre will be chairman of prizes; Mrs. Daniel McFarland, refreshments. Music will be by Jack Lighthart and his trio.

Springtime will be the theme at the residence of Mr. and Mrs. Linton Simmons, with hostesses being Mrs. Joseph Frenette, Mrs. Bronson Buxton and Miss Amy Bainbridge. Mrs. Leslie Pancoast will be prize chairman; Mrs. Linton Simmons, refreshments; Mrs. Lawrence Barrell, Mrs. Schuyler Bigelow, Mrs. Joseph Hesselein, decorations.

At the Cunningham home at Emerald Bay, a May-time theme has been chosen with Mrs. Fred Leach and Mrs. Vincent Carroll as co-hostesses. Prizes are in charge of Mrs. Robert Hartley and Mrs. Elbert Clark; refreshments, Mrs. Lloyd Selset, Mrs. Herbert Case and Mrs. Paul Colburn; decorations, Mrs. Frank Kibbey and Mrs. Fred Leach.

With an Oriental theme, hostesses at the Wightman residence will be Mrs. Ardath Wightman, Mrs. Earle Hatheway and Dr. Elizabeth Conforth. Chairmen are Mrs. Wightman, Mrs. Lloyd Acoed, Mrs. David Hoffman, Mrs. David Balfour and Mrs. Charles Petty.

At the Frank D. Hevener home hostesses will be Mrs. Verne Rush, Mrs. Manfred de Anna, Mrs. John Gibson, Mrs. Manuel de Olazabal, Miss Florence Herick, Miss Lulla Herbert, Mrs. Milburn Harvey, Mrs. Charles Bothamley, Mrs. John Mariner, Mrs. Gene Dodge, Mrs. Neal Raney, Mrs. William Rex Hoover, Miss Rosemary Sheahan and Mrs. Edna Damron.

Groups of vocal solos were sung by Mrs. Leon Des Larzes and Mrs. Harold Long, Costa Mesa. Mrs. J. R. Fletcher and Mrs. N. J. Whitte were heard in readings, and Mrs. Clyde Holder played a violin solo, accompanied by Mrs. Des Larzes.

Mrs. B. Atherton presided at the tea table. Other hostesses were Mesdames V. D. Johnson, Effie Elsson, Robert Winters, Charles Clason and Sadie Sweet.

ORANGE. — About 45 guests were present at a silver tea given at the home of Mrs. A. R. Smith, 511 East Chapman avenue, Thursday afternoon, and sponsored by Mrs. Smith's group of the Missionary society of the Christian church.

Groups of vocal solos were sung by Mrs. Leon Des Larzes and Mrs. Harold Long, Costa Mesa. Mrs. J. R. Fletcher and Mrs. N. J. Whitte were heard in readings, and Mrs. Clyde Holder played a violin solo, accompanied by Mrs. Des Larzes.

Mrs. B. Atherton presided at the tea table. Other hostesses were Mesdames V. D. Johnson, Effie Elsson, Robert Winters, Charles Clason and Sadie Sweet.

ORANGE. — Members of first and second honor societies of the high school will hold their annual banquet May 15 in the Woman's clubhouse, it was announced yesterday by Miss Katherine Sutherland, who is in charge of arrangements.

The speaker will be Dr. Cass Arthur Reed, president of International College in Turkey for almost 20 years. During the evening, life membership pins will be awarded to Phyllis Kogler, Mary Spennetta, Katherine Sutherland, Harold Larson and Edward Bergemann.

Civic Center Program Told

CORONA DEL MAR. — A surprise program is planned for this evening at the Civic Center.

All residents of Corona del Mar and their friends have been asked to attend as an interesting evening is promised.

At a meeting of the group last week, Mrs. Edwin M. Williams was re-elected president; Mrs. Harold Davis, vice-president; Mrs. Florence Anderson, secretary; Mrs. Doris Diehl, treasurer and Roy Brown, Mrs. Hazel Lloyd and Dick Pritchard, members of the board.

MEETING SLATED

COSTA MESA. — A meeting of the Local Worker's Alliance group will be held Monday night in the social hall of the Community church, beginning at 7:30 p. m.

FULLERTON'S PAGEANT IS OUTLINED

FULLERTON. — Twelve historical episodes will feature the "Conquest of the Years" huge pageant planned as part of the Golden Jubilee celebration here May 13, 14 and 15, officials have announced.

Selection of "Miss Fullerton" and her court, to take part in the celebration, also is planned by the pageant workers. First rehearsals of the pageant will start early next week, according to Miss Hazel Anderson, director.

The 12 episodes will open with a symbolic ballet, "Creation of the Land of Flowers," and will follow development of Southern California from arrival of the Spaniards to the present area. About 900 persons are expected to take part, with all civic and fraternal groups furnishing players.

Club Meets in Westminster

WESTMINSTER. — Members of the Jolly Dozen club met at the home of Mrs. Fred Basse Tuesday for a 1 o'clock luncheon.

Places laid for Mrs. J. L. Easer, Mrs. Harry Kingsbury, Mrs. W. E. Moore, Mrs. J. H. Pryor, Mrs. Gale Dunstan, Mrs. N. A. Nelson, Mrs. J. C. Bellars, Mrs. Maurice Price, Mrs. Wheeler Birdwell, Mrs. Marcus Jungjohann and Mrs. Dale Brayboks. Bridge was played with high score prizes won by Mrs. Kingsbury, Mrs. Jungjohann and Mrs. Dunstan.

Grove Hostess Is Surprised

GARDEN GROVE. — When Mrs. Conrad Schreff invited a few friends to a luncheon at her home on La Grange road, Monday, nothing was said about the day marking her birthday anniversary, but the secret was learned by guests, who surprised her with a birthday gift. The afternoon hours were passed with chatting and needlework.

Guests were Mrs. Wilbur Harper, Mrs. Wesley Lamb, Mrs. S. C. Oerly, Mrs. Len Wylie and Mrs. C. P. Bryan and son, Harvey.

Calendar Club Members Meet

ORANGE. — Mrs. Laura Bowen entertained members of the Calendar club at her home on East Almond avenue Thursday afternoon, assisted by her houseguest, Mrs. Flora Boggs, Long Beach. Tray refreshments were served after the afternoon of needlework. Club members present were Mesdames Clara Whiteman, Georgia Smith, William Barnes, Claudia Boyer, Belle Condon, S. M. Wiley, Florence Ober, Charlotte Adams and C. L. Benson.

LAGUNA BOWLERS Win Tournament

LAGUNA BEACH. — Continuing their successful record, Laguna bowlers recently played Long Beach, winning six out of 10 games.

Members competing were Fred Audenkamp, L. C. Easton, George Wheeler, J. B. Andrews, William Turner, J. G. Nichol, Gavy Cravath, Grove Minter, Guy Fullmer, Andy Hall, Alfred Simmons, Lee Galloway, Earl Kittle, James Reed and Arthur Haines.

Del Mar Woman Hurt in Crash

CORONA DEL MAR. — Mrs. George T. Watkins, 618 Acacia street, was taken to the Newport Beach hospital as the result of a collision on Acacia street early Wednesday morning. She was driven by her husband, George Watkins, and one registered to T. R. McTuer, 1450 Coronado street, Long Beach.

Young Matrons Have Meeting

WESTMINSTER. — Members of the Young Matrons' club were hostesses recently at a shower in honor of Mrs. Elaine Sylvester, entertaining at the home of Mrs. Gail Halfley.

Present were Mrs. Joie Smith, Mrs. Kay Sheldon, Mrs. Hazel Behermyer, Mrs. Lucille Wise, Mrs. Margaret, Prindle, Mrs. Isabelle Penhall, Mrs. Joyce Hemstreet, Mrs. Loraine Edwards and Mrs. Cleo Hazard.

Reporter Moves To Del Mar Home

CORONA DEL MAR. — Mr. and Mrs. Edwin Williams, Alhambra, are planning on residing permanently at their beach home, 1310 Ocean drive.

Williams, who is court reporter for the superior court of Los Angeles, will commute daily.

SCHOOL CLOSURE JUNE 11

TUSTIN. — That Tustin Grammar school will close its 1936-1937 session June 11, it was announced recently by Principal Ernest Harwood.

MODEST MAIDENS

By Don Flowers

"Oh, so you're the bouncer? Well, why don't you pick on someone your own size?"

HALLIBURTON IS TO LECTURE THURSDAY IN FULLERTON

FULLERTON. — Richard Halliburton, world-famous adventurer, author and lecturer, is to be presented in a lecture at the Fullerton Union High school auditorium next Thursday evening, April 22, under the auspices of the Fullerton Junior Chamber of Commerce. A matinee for school children is to be given at 2:30 p. m. with the evening lecture to begin at 8:15.

Cited by librarians throughout the country as the most popular author of adventure stories, Halliburton will tell of his ride over the Alps on an elephant, his visit with Halle Selassie and other adventures which have taken him to all parts of the world.

Tickets will be on sale in Fullerton at the Chamber of Commerce offices, and in Anaheim at the Motor Finance company of files.

MONDAY

Yorba Linda center, 6:30 p. m. in the Woman's clubhouse. Regular dinner, with Mrs. Wanda Johnson to furnish entertainment. Speaker, R. J. McFadden, with J. J. Carter to report on avocados and S. M. Rosedale on cactus. David E. Crist, president.

TUESDAY

Garden Grove home department, 10 a. m. at Woman's clubhouse. Miss Frances Liles to discuss shoes and care of the feet. Luncheon in charge of Mrs. W. O. Broady and Mrs. Edward Chaffee. Mrs. H. Clay Kellogg, chairman.

GROVE ORATORY WINNERS TOLD

GARDEN GROVE. — Daniel Head and Tommy Warren were selected to represent the Garden Grove High school in the Anaheim finals of the Toastmasters' high school oratorical contest at an elimination affair held at the local school this week.

They will compete with students from Anaheim and Colton schools Tuesday evening at the Marigold cafe in that city.

The winners of the contest will receive cash awards and then continue into the area finals to be held the following week at Fullerton. Judges of the local contest, all members of the Anaheim club, were Walter Taylor, president; Dr. C. O. Patterson, Paul Smithers and William Claussen.

Home Department Meets in Tustin

TUSTIN. — Members of the Tustin Farm center home department met Tuesday at the home of Mrs. Roy Rummels, Bryan street, to hear a discussion of selection of shoes and care of the feet by Miss Frances Liles, county home demonstration agent.

In charge of a luncheon were Mrs. C. H. Whitney, Mrs. Rummels, Mrs. Harvey Retner and Mrs. Fred Wilson. Mrs. Guy Christian, chairman, was in charge of the business meeting and the county director's report was made by Mrs. Frank Jones.

Others present were Mesdames G. T. Edmiston, Paul Etzold, Bertha Flint, G. D. Grist, Perry E. Lewis, W. M. Belding, L. R. Stearns, Jean Tantlinger, George Phillips, R. Brotherton, G. Vech, E. L. Madden, John Dunstan, E. H. House, T. W. Clark and William Hazen.

Shower Honors Midway Woman

MIDWAY CITY. — Mrs. William Moore was the surprised hostess at a garden shower Wednesday afternoon at her new home on Adams street.

Choice roses and gardenias, ready for planting were presented by the group, which included Mrs. S. A. Miller, Mrs. Chester Campbell, Mrs. Robert Hazard, Mrs. E. A. Holly, Mrs. R. O. Pritchard, Mrs. Fred Foley, Mrs. Maurice Price, Mrs. Ray Sues, Mrs. Helen Moore and Mrs. Anthony Cain, Huntington Beach.

Harbor High Dance Slated

COSTA MESA. — Stanley Bortz and his band of Fullerton Junior College will furnish music for the annual P. T. A. Harbor High school dance Friday evening which is limited to the student body and their invited guests.

Hostesses will be Mrs. Albert Sparkes and Mrs. Clayton Thompson of Costa Mesa and Mrs. Leo MacGavren, Balboa.

ORANGE CLUB NAMES NEW OFFICERS

ORANGE. — Thomas P. Douglas was elected president of the Orange Rotary club yesterday noon, replacing H. D. Nichols as leader of the club. He was elected on recommendation of the nominating committee, which included Dr. R. B. McAnuly, Roy Willis and Louis Koth.

Other officers chosen were C. H. Robinson, secretary; Ben Brubaker, treasurer; Ed Gould, H. D. Nichols, Henry Walsworth and Karl Glasbrenner, directors. The two latter tied for third place and will serve jointly.

Mrs. Mabel Faulkner, city librarian, talked on reading trends in Orange, saying that the peak year in library circulation was 1933, just before the economic up-trend, when a total of 165,000 volumes were loaned. The year of each book in the library was loaned six times.

PLAN PLAY AT WESTMINSTER

WESTMINSTER. — "The Pirates' Ghost Garden" will be given in the school auditorium next Friday evening at 7:30 by members of the eighth grade. Francis Dell is directing the play.

The cast of characters includes Mildred Robertson, Helen Deever, Laura Lee Shimpbaugh, Dorothy Day, Frances Hurd, Junior Mayberry, Delbert Penhall, Donald Hall, Douglas Peckham, Raymond Roberge, Philip Buhrlage, Betty Herlow, Dorothy Sork, Dorothy Van Dam, Shizumi Sadakane and Billy Fuller.

Visits Judge In Orange Home

ORANGE. — Miss Ruth Coburn, Brunswick, Me., arrived in Orange Wednesday for an extended visit with her uncle and aunt, City Judge and Mrs. L. F. Coburn, 133 North Cambridge street.

Three days before Martha Halliday, daughter of a wealthy banker, is to marry Nick Garnett, playboy scion of a fine old family, she overhears gossip that he is marrying her only for her money. Also she knows that he has been trailing a dancer, Nita Lombard, on her tour about the country. Martha suddenly decides to run away from her wedding. She arrives at the Oakville Hotel, popular resort, only to discover that Nita is dancing in the hotel night club, and that Nick, too, is there. She manages, however, to keep out of their sight. Gregory White, the pianist in the night-club orchestra, is Nita's husband, who she left five years before and of whom she has never spoken to Nick. She makes Gregory promise not to reveal their relationship, but he is intensely jealous when he sees her with Nick. Meanwhile, Nita has persuaded Nick to run away with her.

CHAPTER XXIII

NICK, in his room was slowly packing his bag. Torn by conflicting emotions, he was beginning to weaken in his determination to run away with Nita tonight. Sure, he loved her, but he had been carried away by a reckless impulse of the moment.

Wouldn't it be better to go home and face Martha squarely and honestly and tell her he did not love her and couldn't go through with their wedding? That would be humiliating enough for her, but not half as humiliating as if he just ran away like this.

If he went home and had it out with Martha the truth could be hushed up—no one could be sent to the papers that unforeseen circumstances had caused a postponement of the wedding. But nothing could stop the presses from howling headlines if, without warning, he eloped with a night-club dancer two days before the wedding date.

He decided he would appeal to Nita to help him see this thing through in an honorable way. He snatched his bag shut, picked it up, and left the room.

AS HE reached the stairs, a tense voice halted him.

"No, you don't!" Gregory stepped out of an alcove. Nick recognized him only as the young man he had seen in the hallway when he had been at Nita's door. His hair was disheveled, and he was swaying slightly. Drunk, Nick thought.

"Go back into your room with that bag!" Gregory gave Nick a shove.

Nick, angered, started to hit him, then was suddenly stopped by the wild look in the other's eyes. It came to him, that this fellow might be crazy—not just drunk—that it might be better to humor him.

"What do you want?" he asked. "You and I are going to have this out," replied Gregory.

He pushed Nick down the hall into his room, then closed the door and stood leaning against it.

Nick laughed shortly. "You've got the wrong guy. I never saw you before."

"You don't know what you're talking about!" Nick flung back.

"I know this," Gregory answered, his voice cold as ice. "I know you are not going to meet Nita Lombard tonight—or ever!" He drew a revolver from his pocket.

(To be continued.) (The characters in this serial are fictitious)

DEMOCRATS TO FORM NEW CAMPAIGN ORGANIZATION TONIGHT

LOCAL GROUP WILL FORM ASSEMBLY

Dinner Here Will Draw 100 Bourbon Leaders In This County

A new Orange county Democratic organization will take form tonight.

Between 100 and 150 prominent Democrats of Orange county will meet for dinner at the Green Cat cafe to launch an Orange county unit of the California Assembly of Democrats.

One of the main purposes of the meeting scheduled for tonight is to maintain harmony in Bourbon ranks of the county and to unite the Democrats behind campaign plans for the next election.

Cotton To Attend
Hamilton Cotton, San Clemente, is one of the prominent Democrats scheduled to attend the meeting. All postmasters in the county are expected to attend.

Organizations similar to the one proposed for Orange county now are functioning in Los Angeles, San Diego and Riverside counties. Democratic leaders from other counties where assemblies have been formed are expected to speak at the session tonight.

The idea behind the organization is to have Democrats of Orange county lined up solidly behind one candidate in the gubernatorial election.

To Select Candidate
Assembly district committees, under the organization plan now in effect, elect five among their members to the county governing board, which has jurisdiction over matters concerning county affairs. Choosing from the list of candidates for nomination for governor on the Democratic ticket, each assembly district committee will vote on its choice. The candidate receiving the support of the majority of assembly district committees will be the candidate of the California Assembly of Democrats.

Phone Book Goes To Press April 30

Orange county's new telephone directory will go to press April 30. C. L. McDonald, district manager of the Southern California Telephone company, said today.

McDonald said revisions of listings of existing services will be included in the new volume if they are received by that date.

New telephone subscribers who have service by the final date also will be listed in the new book which is scheduled for distribution about May 31, the telephone company official said.

Growth in Orange county in the last year will be reflected in a larger directory which will be three columns to the page, instead of two, as at present. The increase in the number of telephones and listings in the last year was responsible for the change, McDonald reported.

Jaysee Singers To Be in Concert

Santa Ana Junior college choral groups will join in the concert of the Southern California Music association next Saturday at 8 p. m. in Long Beach, broadcasting also with the other units in a Columbia Broadcasting system program at 10 a. m.

The evening concert, in which some 200 college singers will participate, will be broadcast over Long Beach station KGER.

Coronation Curiosities

By HAROLD S. CORBIN

One of a series of 18 articles explaining some of the novel phases in the crowning of King George VI of England on May 12, and citing historical precedents for them.

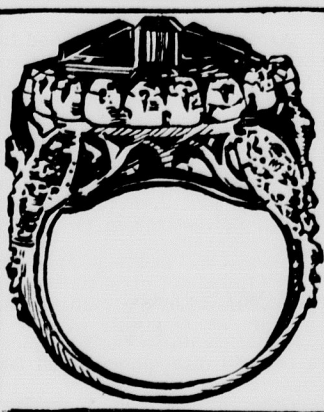

ENGLAND'S WEDDING RING
Among other intricacies of the coronation, court jewelers have been making King George's coronation ring, or "regall ring," as the old manuscript called it. This ring also has been known since the eleventh century as the "Wedding Ring of England."

A new ring is made for each sovereign, which becomes his personal property. But each ring is a reproduction of all the many previous rings worn since Edward the Confessor (1041-1066). King George's ring, like most of the others, will be a plain gold band bearing a large violet-colored ruby surrounded by 26 diamonds. Formerly the gem was a table ruby, but later this was engraved with the cross of St. George.

The original ring was supposed to have had a miraculous beginning. The legend runs that Edward the Confessor gave a beggar a valuable ring he wore. Soon afterwards an old man gave the ring to two English pilgrims in Palestine, saying he was St. John the Evangelist, and bade them return it to the King. They did, and this was the first "Wedding Ring of England."

Emblem of a bishop and of a doctor, the ring is a symbol of the faith which the King or Queen embraces and teaches to other nations.

Tradition rules that the ring must be placed on the sovereign's fourth finger of the right, or scepter hand, counting the thumb as the first finger. Jewelers who

Queen Victoria's Ring, which was made too small

made Queen Victoria's ring did not count correctly and fitted it to her little finger, forgetting the pre-Reformation rule of numbering. That mistake put a furiously blushing and stammering Archbishop of Canterbury on the spot, at the moment the ring was to be placed on Her Majesty's hand. But Victoria set her teeth and the ring was crammed on the right finger. Perhaps she took solace in the legend that the tighter the ring the more she would be beloved and the longer would her reign.

Truly the prophecy seemed fulfilled in her case. (Copyright, 1937)

S. A. JAYSEE IS HOST AT CONCLAVE

Five Colleges Sending Delegates to Meet Of Engineers

Engineering students from five junior colleges will gather here tonight for a convention of the Southern California division of the American Association of Engineers. The gathering, to begin with a dinner, will be held in the Y. W. C. A. building.

Raymond B. Stringfield, president of the Southern California section of the American Chemical society, will speak on "New Applications of Plastics." William C. Hogboom, president of the A. A. E., will be guest of honor.

Connell in Charge
Long Beach, Los Angeles, Fullerton, Compton and Riverside Junior colleges, as well as the Santa Ana college, will send five delegates each.

Dick Connell, president of the local jaysee chapter, will act as master of ceremonies.

John Ramirez and Wayne Gray, members of the Santa Ana chapter, will give a liquid air demonstration after the dinner. Discussions will also be held on various problems of interest to the association.

A dance in the Y. W. C. A. hall will be held after the demonstration.

Robert Brown Aids
Robert Brown, local business man, contributed financially for the local convention.

Selection of a place to hold next year's convention will be made at the meeting. Last year's meet was held at Compton jaysee.

Officers of Santa Ana's chapter are Connell, president; John Forsythe, vice president; Warren Kennedy, secretary; John Ramirez, treasurer, and Charles Roemer, publicity chairman.

H. O. Russell faculty advisor, is assisting in preparations.

Veterans Attend Field Funerals

Calumit camp and auxiliary members attended the funeral of Comrade D. Dudley Field and his wife, Edith, Wednesday at Winbiger's funeral parlors. Although it was not a military funeral, the pallbearers for Comrade Field were members of the company in which he served during the Spanish American war, Company L, 7th California Volunteer infantry. The company flag under which they served was displayed, and Col. S. H. Finley, who was captain of the company, was in attendance.

This makes the third death of Calumit members this year.

Edsel Ford Buys Island Estate

STUART, Fla. (AP)—Edsel Ford, president of the Ford Motor Company of Detroit, was disclosed by a deed recorded here to have purchased an estate on Jupiter island. The property has a 130-foot frontage on the Atlantic ocean.

Ford bought the estate from Joseph Verner Reed. The amount involved was not reported.

AUTHOR GETS HELP FROM WAHLBERG

Farm Advisor Assists In Writing Citrus Book on Citrus

Farm Advisor Harold E. Wahlberg is burning the midnight oil these days.

He's helping write a new book about the citrus industry on invitation of Dr. H. J. Weber, world citrus authority and author who formerly was with the Riverside Citrus Experiment station.

The work is in two volumes, covering every phase of the citrus cultural methods known in the world today. Chapters on the origin of citrus culture, its spread throughout the world, economic phases, costs of producing citrus in the various citrus areas of the world, will be included in the book.

Farm Advisor Wahlberg is writing the part of the book on cost of production of citrus in various parts of the world. More work has been done here along this line probably than anywhere else in the world. The cost study will include different districts of California, Arizona, Florida, Texas, Spain, Italy, South Africa, Palestine, Australia, Brazil and other places.

The new book is designed to answer any question regarding the growing of all varieties of citrus fruit in all parts of the world.

Local Lions To Aid Convention

Two Santa Ana men will be in key positions April 28 when Group Two of Lions clubs in this district holds a convention.

E. M. Sundquist, president of the Officers' association, and Dr. Elliott Rowland, member of the nominating committee, are named on the convention program. Homer Chaney, deputy district governor, is also listed on the program, but is at present in the East on federal work.

A. T. & T. INCOME TOLD

NEW YORK. (AP)—Net income of the American Telephone and Telegraph company for the quarter ended March 31 was reported today at \$43,435,751, equal to \$2.32 a share on the capital stock, or 7 cents more than the quarterly dividend requirement. In the like quarter of 1936 net income was \$34,442,956, or \$1.85 a share.

Half-Minute News Stories

(By Associated Press)

LANSING HAS HEAVIEST SNOWFALL OF YEAR

LANSING, Mich.—The heaviest snowfall of the year, 6.8 inches, made highway transportation treacherous in the Lansing area yesterday.

16 SO FAR ACCEPT PERKINS' INVITATION

WASHINGTON.—The labor department said Secretary Perkins had received 16 acceptances so far of invitations to her conference next week on collective bargaining.

SHIP CAPTAIN TELLS OF ENGINEER DROWNING

SAN PEDRO.—Captain James Potts of the British motorship Fresno City reported when he docked his vessel yesterday that Chief Engineer T. Bailey of England was swept overboard during a storm in mid-Pacific. Bailey was inspecting the vessel when he was lost.

WOMAN CONVICTED OF POISONING HUSBAND

SYRACUSE, N. Y.—Mrs. Cora Howe, 66-year-old housewife accused of poisoning her husband, Winfred Howe, 46, was found

guilty of murder, second degree, by a jury yesterday. She will be sentenced later. The state charged she placed poison in her husband's tea.

SISTER OF THEATRICAL PRODUCERS IS DEAD

NEW YORK.—Miss Emma Frohman, sister of Daniel Frohman and the late Charles Frohman, theatrical producers, died yesterday at Mt. Sinai hospital after a brief illness. Miss Frohman was interested in work among disabled war veterans and in behalf of aged and indigent actors.

80 End Sit-Down At Long Beach

LONG BEACH. (AP)—Dissuaded from applying the sit-down technique by police, 80 employees of the Rude Tailoring Company were on strike today.

The workers, mostly girls, stopped work in the plant yesterday morning, but left long before closing time when Police Chief Joe McClelland said they would be ejected if they stayed.

PRISON PLOT IN ENGLAND REVEALED

Mutiny Planned on Day of King's Crowning Is Broken Up

LONDON. (AP)—Dissatisfied convicts at Dartmoor prison, England's bleak "granite jug," were reported today to have been balked in a plot for a coronation day mutiny. Officials, however, denied the existence of such a plot.

An unconfirmed report said the prisoners, angered because King George VI would not reduce sentences or grant pardons in celebration of his coronation May 12, had arranged a "break" during the crowning ceremonies.

The secretary of the prison commission, however, said there was merely a "minor breach of discipline" at the prison, and that it arose after a "number of prisoners made complaints about dinner."

Only five inmates were involved in the incident, he said, "for which they were duly reported and dealt with."

The home office likewise minimized reports of impending trouble in the isolated penitentiary on the southwestern moors.

Open New Service Station Tomorrow

The formal opening tomorrow of the Wade & Sharp Associated service station at 319 South Main street was announced today by "Jay" Wade. Wade and Sharp have had wide experience in this field of automotive work and have won recognition at all types of service work.

"Ice" Sharpe points to the fact that all day Saturday balloons will be given to the kiddies and there will be plenty of them for they have over 2500 in the store for this occasion Saturday.

There will also be carried a full line of Goodrich tires and batteries besides the Associated products. Washing, polish, greasing, as well as a complete battery and tire service will be offered to the public.

Beautiful Norconian Club Is Scene of Semi-Annual Dinner Dance of Comus

Dancing Club Greeted By Directors

Those on Waiting List Are Invited to Be Special Guests

An extremely pleasant evening ended all too soon for members of Comus club who enjoyed their monthly dancing party last night at the beautiful Norconian club on Lake Norco, near Corona.

As is their custom twice a year, they had arranged for a dinner party to precede the evening of dancing to the music of Lacey Swain and his orchestra, and members were seated in groups of eight near the ballroom floor.

Long low baskets of lovely lupin and golden spring flowers added to the beauty of the setting, as did the gay-colored, springlike gowns of the women present.

The welcoming committee was composed of members of the executive board and their wives and husbands, all of whom greeted the 70 Comus couples who attended, as well as the several couples on the waiting-list, who had been specially invited. Many enjoyed a leisurely tour of inspection of the resort-hotel and its lovely grounds before the dinner hour.

Among the attractive hostesses were Mrs. Fred Merker in a smart black taffeta with panels and bodice of violet and emerald net; Mrs. Frank Miller in periwinkle blue chiffon over a blue and white print; Mrs. Frederick Elliott in Empire style flowered pique of navy blue and white; Mrs. Lester Tubbs in pale green net over a yellow and white flowered satin; Mrs. Lyle Anderson in blue and white flowered chiffon with a blue velvet jacket; Mrs. Joseph Daniger in black net and taffeta; Mrs. Wayne Harrison in a summery white crepe with navy polka-dotted bodice, and Mrs. J. Riley Huber in soft green satin with gold accessories.

MRS. ELLIOTT HONORED WITH BON VOYAGE

Mrs. H. J. Howard was hostess on Thursday at a 12 o'clock luncheon in her home at 2404 French street, entertaining in honor of Mrs. Emmett Elliott who is sailing Saturday on the Lurline for Honolulu.

The hostess arranged her table with sweet peas in a silver bowl, marking the place of the honored guest with a white lei of stock, an appropriate gesture as she, herself, has spent a year on the island where Mrs. Elliott will spend two months with her sons, Frederick and Vincent.

Guests were all friends who had at one time formed a club with the guest of honor and hostess, including Miss Maurie Hamill, Miss Mary Priscilla Allen, Mrs. Janey Wilde Lawry, Mrs. Gene Robinson, and two from Orange, Mrs. Helen Craemer and Mrs. J. Willis Thompson.

As most of the guests had to return to office or school in the afternoon, the luncheon hour ended the lovely courtesy.

REDINGOTE STYLE DINNER FROCK

Ready for spring dinners and informal dances is this black frock which unites a taffeta slip with a lace redingote top. Chartreuse-yellow velvet bands make a stream of color down the front.

PINK AND BLUE FLORAL MOTIF FOR PARTY

Mrs. George Gaylord of Pacific avenue, Tustin, entertained her bridge club Tuesday at a dessert bridge party in her home, seating the guests in foursomes at small tables centered with bowls of Belle of Portugal rosebuds and forget-me-nots. Tallies and nut cups carried out the pink tones of the centerpieces.

Prizes at the end of the day's play were awarded to Mrs. Arthur Smith, high, and Mrs. Robert Korff, second.

One guest, Mrs. T. Fugit, shared in the hospitality of the home with the club members, substituting for Miss Marjorie Fawcett. Members present were the Mesdames Albert Thorman, W. S. Leinberger, Vincent Humiston, and Ernest Byrne, besides the prize winners and the hostess.

GOLDEN STATE CAMP INITIATES

Three new members, Mrs. Martha Martin, M. U. Martin, and Miss Maxine Keeler, were initiated into Golden State camp of the Royal Neighbors of America when it met Wednesday night in the K. of C. hall, with Mrs. Nellie Baker, orator, presiding.

Plans were made for two district events: the district convention to be held April 29 in Redondo Beach, when the local camp will enter the drill; and the district meeting at which Golden State camp will entertain on the evening of April 28 in the hall, with "Holland" as the theme.

Golden State Luncheon club is to meet Friday, May 7, at the home of Mrs. Trena Johnson, in La Mirada, and the Booster club is meeting today in Lomita, it was announced.

"Elmer's Hardware Store" was the title of a play presented by Homer Welch, Enola Morse, Jake Garr, Bessie Simmons, and Pauline Chapman as a part of the program, and readings by Audrey Steele were also enjoyed. At the close, refreshments were served by Marjorie Boyd, chairman, assisted by Ray Boyd, Lena Pope, I. Pennington, and Hart Pennington. Decorations were in yellow and white.

Officers Of Las Meninas League Are Initiate Eight

Miss Harriet Ulrich, past president of the Girls' League of Tustin Union High school, and members of her board entertained the new officers Wednesday night at a waffle supper in the E. E. Ulrich home in Tustin.

Miss Ulrich, herself, made the decorations for her table, which was centered with a little white picket fence surrounded by tiny real flowers. At either end of the table was a flower pot, each with a tiny tree.

Place cards and nut cups were in the same white fence theme with spring flowers, the nut cups topped with little umbrellas bearing the verse, "April Showers Bring May Flowers."

Guessing games followed the dinner, one of them, still in the floral theme, requiring identification of 25 varieties of flowers from the Ulrich home. The two advisers of the league, Miss Florence Lindblom and Miss Stella Yocum, won the prize, which was a bouquet of San Gabriel iris, and which they did not have to divide as they live together.

Miss Dorothy Heil, new president of the league, was the guest of honor at the party, and other places were laid for the Misses Barbara Cook, Helen Betty Rittner, Norma Daly, Dorothy Winn, Virginia Mathews, Beth Kellems, and the two advisers and the hostess.

Mrs. Ulrich was assisted by her other daughter, Miss Florence Ulrich, in serving the waffle supper.

MRS. J. T. WHITE TO LEAD CHILD STUDY

That Mrs. J. Thoburn White will be leader of Child Study section this coming year was virtually decided at the group's regular meeting Wednesday evening, for a report of the nominating committee was made by Mrs. C. H. Hoiles to that effect. Mrs. Kenneth Conner was named secretary-treasurer.

It was one of the best attended meetings of the year, and everyone thoroughly enjoyed an interesting talk given by Dr. Margaret Baker on "Sex Education." She was introduced by the leader, Mrs. Aubrey Jones, who also reported that the gift committee would select the tile for the section's gift fountain to Ebell at Olvera street this week.

A dinner-dance at the Pacific Coast club June 2 will wind up the year's activities of the group.

Mrs. Nelson Visel was hostess at the April meeting, with the assistance of Mrs. Lynn Crawford and Dr. Stella Davis. A tea table decorated all in white was springlike and most effective.

Special guests of the evening were Mrs. Keller Watson, Jr., Mrs. Orville Northrup, Mrs. Earl McBay, Mrs. Don Park, Mrs. John Garthe, and Mrs. A. Powell.

Mrs. R. F. McKee was introduced as a new member, and other members present were the Mesdames Robert Biles, Roscoe Conklin, Kenneth Conner, John Elmore, Elton Elson, Aubrey Glines, C. H. Hoiles, Chester Horton, Harold Moomaw, George Peterson, Kenneth Ranney, E. L. Russell, James Merigold, Hans Wahlberg, Ralph Watson, Thoburn White, and the three hostesses.

MOTORING TO ONTARIO

Canada-bound were Mrs. Arthur Wade and Mrs. Robert Wade when they departed Monday with their father-in-law, Dr. Alfred Wade, for a leisurely motor trip through the southern states and thence up to Ontario.

Dr. Wade, a resident of Renfrew, Ontario, Canada, had been a visitor here for some time, and is taking his two Santa Ana daughters-in-law back with him.

BENEFIT FOR ST. ANNE'S

Headed by Mrs. James Sullivan, who is general chairman, members of St. Anne's parish are planning a benefit card party for April 19 in the American Legion hall.

Bridge and 500 play will start at 8 o'clock, and prizes and refreshments will be features at the close. Assisting Mrs. Sullivan are Mrs. A. Marshall, Mrs. Anton Borchard, Mrs. A. Collins, and Mrs. A. Newberry.

Eight new members were formally initiated into the Las Meninas service club at a candle light ceremony at the home of Eloise Butler, club president, Thursday evening.

Aloen Miller, Persis Davis, Eileen Gibbs, Irene McFarland, Jean McBurney, Isa Grace Young, Helen Blanche Andrews, and Josephine Butler were the pledges who became members.

Plans for the Las Meninas spring formal, to be held at the San Clemente Social club April 23, are under way. Music will be furnished by Stan Bortz's orchestra.

The dance committee chairman, Mrs. E. Watt of Pasadena, and the Mesdames C. E. Carlson, Hugh Whisenand, W. R. Sylvester, Harry Fink, J. E. Walker, and Courtney Chandler, of Santa Ana.

Members of the club present were the Mesdames Ora Jenab, Ethel Smith, Charles Mitchell, Walter Wright, Charley Ryan, Earl Lindig, C. E. Rousseau, H. G. Lyeon, Ray Graham, J. F. McWilliams, C. E. Morse, Douglas Peddy, Albert Muller, J. C. Wilson of Long Beach, and Bill Cummitt of Huntington Beach.

The next meeting, on May 12, will be at the Charles Mitchell home at 309 South Main street.

Mr. and Mrs. Alan Revell opened their home at 2215 North Ross street Wednesday night to members of Phi Sigma Phi, an honor society of the junior college, who are reorganizing and starting another series of monthly program meetings.

Election of officers at this meeting, which was held under supervision of Miss Myrtle Martin, faculty director, resulted in choice of Miss Mary Jane Belcher, directress; Miss Nina June Robertson, concert mistress; Miss Elza Mae Hoxie, librarian; and James Haarg, manager.

Programs at their meetings will feature members of the club, six of them participating in an informal musicale on Wednesday night. The numbers included piano solos by Miss Eleanor Buckles and Miss Hoxie; vocal solos by Mr. Haarg and Reuben Kreutz; violin numbers by Robert Forcey, and mandolin-guitar selections by James Fox.

Refreshments were served buffet style at the end of the evening.

PARTY GIVEN FOR MRS. BOWEN

Mrs. Grant Summerville, 1231 South Main street, recently gathered a group of friends together to bid farewell to Mrs. Herbert Bowen who is leaving soon to make her home in Red Bluff.

Card games were played during the evening, and Mrs. Bowen was presented with a pretty blue pottery coffee service as a surprise gesture. Late in the evening the hostess arranged tables with linen and flowers and served refreshments to Mrs. Bowen, Mrs. Lawrence Cruzen, Mrs. Clifford White, Mrs. Leonard Hawkins and Mrs. Carl Richardson.

THIMBLE CLUB MEETS Native Daughters finished a beautiful quilt, which they plan to sell for the benefit of the parlor, when they met in thimble club session yesterday at the home of Mrs. Naomi Schronrock, 416 South Birch street. Other work was also accomplished, and a large number of the members were present.

Book review section of the Ebell club will hear book reviews by Mrs. Merritt White when it meets next Tuesday afternoon at 2 o'clock at the home of Mrs. Sam Nau on Prospect avenue, Tustin. Mrs. A. J. Cruickshank will be co-hostess with Mrs. Nau.

CHINESE MOTIF USED AT LUNCH

Complimenting her friend, Mrs. E. Paul Young of Los Angeles, Mrs. William Otis entertained with a luncheon this afternoon. She arranged a lovely table, with Chinese cloth and Chinese dishes, and a white alabaster elephant on a mirror plateau.

A birthday cake at its conclusion, and several pretty gifts for the honoree, climaxed the day. Guests were Mrs. Young, Mrs. H. L. Daylies of Los Angeles and her mother, Mrs. P. W. Clark of Iowa, Miss Martha Doyle of Los Angeles, Mrs. M. B. Wellington, and Mrs. Alan Revell.

MARY STODDARD Psychology Teaches Us That There Must Be Play in Everyone's Life

A whole sack of letters today with advice to "M. R.," the young mother who finds herself wanting to play and dance and have fun, and wonders whether she should "break it up" before it's too late! Some blame her completely, some tell her she's silly. Others consider her problem fairly, realizing that she is not to blame if she does seem frivolous. Here is one letter that I consider of real value and that should help the young lady:

ARMESIS AND SCIOTS IN CARD PARTY

Armesis club members and their Sciots husbands joined for a covered dish dinner Wednesday night in the M. W. A. hall, and after separate business meetings, enjoyed several hours of bridge together.

Prizes at the close of the games went to Mrs. J. E. Jenkins, Mrs. W. R. Sylvester, and H. A. Fredrickson.

During the meeting, Mrs. Leonard Leonard, president of the Long Beach Loyalty club, who was present as a guest, invited the Armesis members and husbands to a covered dish dinner April 30 in their city.

Other guests from Long Beach included Mrs. C. S. Baker, Mrs. Jenkins, Mrs. Tom Anderson, Mrs. Fred H. Cramer, Mrs. E. M. Ellis, Mrs. H. A. Frederick, Mrs. L. H. June, Mrs. Roy Hanks, and Mrs. Sylvia Ryan. Also enjoying the evening with the club group were Mrs. E. Watt of Pasadena, and the Mesdames C. E. Carlson, Hugh Whisenand, W. R. Sylvester, Harry Fink, J. E. Walker, and Courtney Chandler, of Santa Ana.

Members of the club present were the Mesdames Ora Jenab, Ethel Smith, Charles Mitchell, Walter Wright, Charley Ryan, Earl Lindig, C. E. Rousseau, H. G. Lyeon, Ray Graham, J. F. McWilliams, C. E. Morse, Douglas Peddy, Albert Muller, J. C. Wilson of Long Beach, and Bill Cummitt of Huntington Beach.

The next meeting, on May 12, will be at the Charles Mitchell home at 309 South Main street.

COLLEGE MUSIC SOCIETY REORGANIZES

Mr. and Mrs. Alan Revell opened their home at 2215 North Ross street Wednesday night to members of Phi Sigma Phi, an honor society of the junior college, who are reorganizing and starting another series of monthly program meetings.

Election of officers at this meeting, which was held under supervision of Miss Myrtle Martin, faculty director, resulted in choice of Miss Mary Jane Belcher, directress; Miss Nina June Robertson, concert mistress; Miss Elza Mae Hoxie, librarian; and James Haarg, manager.

Boys' Choir Director To Speak

In order to have Ripley Dorr, one of the foremost boys' choir directors of the west, as their speaker, members of the Musical Arts club have postponed their meeting from next Tuesday to Tuesday, April 27, when they will gather for a dinner at 6:30 o'clock in the Doris-Kathryn tea room.

Mr. Dorr, who is director of the boys' choir in the Long Beach Episcopal church, will trace the history of this kind of music, and will illustrate his talk with recordings of world famous choirs and of his own choral group in recent moving picture appearances. He also plans to bring with him a few of his boy sopranos, who will be presented in vocal selections.

Mrs. Holly Lash Visel, who is planning the major programs of the club this season, has secured the speaker and will present the program.

TEACHERS GIVE PICNIC FOR P. T. A. BOARD Faculty members of Woodrow Wilson school entertained the retiring board of the Wilson Parent-Teacher association at a supper out at Jack Fisher park Wednesday evening centering their tables with pink roses from the Blanding gardens and carrying out a spring flower motif in the tablecloths and napkins and other appointments.

After supper, the group gathered around an open fire to enjoy an impromptu program of humorous readings and interpretative dances by two of the teachers, Miss Bonnie Kiser and Miss Florence Messamer.

Hostesses at the gay affair were Miss Bertha Barclay, principal, the Mesdames Messamer, Frances Corson, Lillian McDonald, Dorothy Grist, Sophie M. Hopland, and Mrs. Evelyn Blanding, teachers, and Miss Anna Edkahl, the school nurse.

Their guests were the Mesdames Carl Edgar, Harry Becker, Marcus Lassiter, J. C. Francis, W. Russell, Frank Anderson, Forrest White, Don Hilliard, Stanley Main, Clyde Patton, H. Lewis, and Fred Thompson, the P. T. A.

BENEFIT SKATING PARTY Job's Daughters and De Molays will be hosts at a public skating party next Monday night at the local roller rink, extending the invitation to everyone. The party will start at 7:15 o'clock.

gins at home and spreads and spreads.

My best wishes to "M. R." who is all ready to start over again. I almost wish I could meet her personally. We are at about the same stage in our married lives, except I do thank God for a steady man and two lovely babies to keep me entertained. Sincerely, JEANNE.

Jack Up Your Physique This Month

By CLAUD CHRISMAN, M. D.

In winter we usually eat heavier, hotter foods than we do in summer when vegetable and fruit salads are more satisfying. Consequently the system becomes loaded with proteins. Nature takes care of this by sending forth dandelion greens, watercress, and early vegetables to purify the blood. We usually are not satisfied to wait for nature to do the work however. We want something out of a bottle.

Well, the things needed do not grow in a bottle nor in mountains or out-of-the-way places.

Green vegetables will correct the trouble, but some assistance in unloading the system of the winter's accumulation of waste will be of assistance.

There are some simple things to do. Every farmer who has raised cattle and horses knows that a liberal supply of flax seed meal will hasten the shedding of the heavy winter coat of hair and help to produce a fine shiny new coat. For humans, a cup of flax seed tea once or twice a day will increase the activity of the liver, bowels and kidneys.

A little calomel will do a vast amount of good. Because our grandfathers took 10 and 20 grain doses of calomel for days at a time and finally developed mercurial poisoning, many have become fearful of it. It is, when needed, one of the most useful of drugs.

Taken in divided doses—one or two grains a day followed by a saline (such as epsom salts), repeated every three days for a week or two—it stimulates the liver to secrete bile and stir up the other digestive organs to increase their flow, with the resultant elimination of many toxic substances. It is one of the best of kidney stimulants.

When you have done this, nature will take care of the remaining trouble—if you eat vegetables and drink milk and water.

Practically all the spring purifiers in bottles contain some potassium iodide. In sufficient quantity, this produces a liberal crop of boils and carbuncles. It is an old saying that each is worth five dollars. All I've ever had I would have sold for much less.

DAUGHTERS READ ORDERS ON CONVENTION

Department convention news was included in the national and department general orders read by the regular session of Sarah A. Rounds Tent, Daughters of United Veterans, Tuesday night in the M. W. A. hall, announcing highlights of the April 25-30 sessions which will be held in Stockton.

Headquarters are to be at the Hotel Clark. It was stated, with business sessions at the Masonic temple, Monday, April 26, will be marked by a meeting of the Memorial Home board, a memorial service conducted by the department chaplain, Rowena Groat, and dedication of the memorial tree in Victory park.

Mrs. Clara McCord, patriotic instructor of the local tent, read a paper prepared by Mrs. Nellie Parker on "Appomattox Day." Mrs. Lena G. Hewitt, last year's patriotic instructor, and who serves in the same capacity this year for the Women's Relief corps, presented to the tent president, Mrs. Beren Baker, a desk set of flags, after the similar one she had presented to last year's president, Mrs. Jessie Overton, had been voted a permanent possession of the latter.

In behalf of the tent, Mrs. Ella Smith, senior vice-president, also presented Mrs. Baker a pre-convention gift.

Adding to the interest of the evening was an exhibit of Civil war day relics brought by the members to the meeting.

CUT SLENDER FIGURE THIS SUMMER IN M. MARTIN SURPLICE-STYLE

PATTERN 9247
Cut a smart, slim figure this summer—in this flattering, easily-made frock that's ever so becoming to women who are no longer as slender as they'd like to be! If you want to look a few inches taller, and strikingly young, send for Pattern 9247, and make it up in one of the new, inexpensive fabrics that are so popular this season. Marian Martin suggests a novelty synthetic in a gay "ring" print, but linen, shantung, percale, or pique are smart! You're sure to like the brief sleeves that may be pulled or allowed to hang free, also the surplice line that's accented so engagingly by a dainty frill, and the trim, straight-line skirt! Complete Diagrammed Marian Martin Sew Chart included.

Pattern 9247 may be ordered only in sizes 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44 and 46. Size 36 requires 3 1/2 yards 39-inch fabric and one-half yard ruffling. Price 15c.

Here's a clever idea! Women who haven't "Perfect Figures" (and not many of us have), can be sure of having their smart Marian Martin frocks fit perfectly! The secret? Just order our simple basic pattern in your size, and cut it to your own figure measurements, cut it out in muslin—and you have a permanent guide to use when making all your frocks! Send for Pattern 9300 today! Designed for sizes 14 to 20 and 32 to 50. Size 16 requires 3 1/2 yards 36 inch fabric. Price 15c.

Send 15 cents in coins or stamps (one preferred) for each Marian Martin pattern. Thirty cents (30c) for both. Be sure to write plainly your size, name, address and style number.

Send your order to The Journal, Santa Ana pattern department, 117 East Fifth street.

The Friday Afternoon

By DONALD BUTTON

Lloyd Cosper has been holding out!

Capably entrusted with the management of the Pasadena Spring Flower show, he has willingly, and intentionally, kept the really high points of his show to himself.

With the show opening today (Friday) he lets it be known Armstrong and Royston, florists to luxurious Pasadena, are showing \$150,000 worth of orchids!

What it is to experience coming up a great stair to a room filled with orchids, as you will at Carmelita Gardens this week-end. I don't know. It sounds worth while. Then, the past two months the South Pasadena Garden club has been growing moss in flats to authenticate their old English well in the lane.

There's a kissing gate!

And in the midst of the great trees for which Carmelita is famous a fragrant English meadow. We who link iris to Spring will revel in the gardens of it brought

DR. MAGILL AND MRS. HARPER ARE SPEAKERS

The Women's Christian Temperance Union held its regular meeting Tuesday afternoon with Mrs. Adaline Herschler, the vice-president, in charge. After Mrs. Laura Leonard had led devotional, Miss Emily Cox presented Dr. Percy Magill, who gave a splendid address on "Social Diseases."

After this topic had been discussed and Mrs. Margaret Arthur had sung a charming solo, accompanied by Miss Marie Havens, Mrs. Estelle Harper of Garden Grove, county director of child welfare, addressed the group.

It was announced that the county executive board would meet Friday, April 3 in Fullerton, at the Methodist church, at 10 a. m.

MRS. ELWELL IS RE-ELECTED

Mrs. E. A. Elwell was reelected president of the Homecraft section of the Santa Ana Woman's club at its regular session this week, and Mrs. H. M. Kinslow and Mrs. E. G. Maier were named jointly to the secretaryship.

The meeting was particularly enjoyable in that it began with a potluck lunch served out-of-doors in the lovely garden of Mrs. Vern Tachibana's home at 327 West Eighth street. The pretty nosegays of pansies that centered each table repeated the gay colors of other pansies, ranunculi and stock bordering the garden lawn.

It was announced that there would be an exhibit of the year's work at Veterans' hall at 2 p. m. May 4, and that the May meeting will be held at the beach home of Mrs. Richard Pagett.

Mrs. Trawick Hostess In New Home

Mrs. T. R. Trawick entertained the "Good Companions" club yesterday at a two-course luncheon in her new home at 1331 South Broadway, the party in the nature of a housewarming for the lovely new domicile.

While a tomato juice cocktail was being served in the living room before the luncheon, a toast to the hospitality of the new home was given spontaneously by Mrs. Ernest Crozier Phillips.

At 1 o'clock, the friends were ushered into the dining room and found one long table centered by a lovely bowl of sweet peas and blossoms, with small bowls of the same flowers centering the smaller tables.

Chat and sew filled the afternoon hours, which were enjoyed by the Mesdames Arthur Lyon, Robert Speed, Herbert Rankin, E. B. Sprague, Mac Robbins, Clarence Gustlin, E. C. Phillips, Hugh Plumb, and Dr. Margaret Baker of Santa Ana, Mrs. Harold Hopkins of Balboa Beach and the hostess.

Mrs. Alan Revell, Mrs. Loyal King, and Mrs. J. Dick Wilson, the latter of Balboa Beach, were the members unable to attend.

DECORATION OF HOME IS TOPIC FOR COMMITTEE

"Home Service," with special attention to correct furnishing of the home, was the topic of the April meeting of the Edison Women's committee of Orange county, held in Huntington Beach Tuesday evening.

Through courtesy of the Windsor club, the committee gathered in their clubrooms for a meeting in charge of S. Elizabeth Millen, chairman of the home service bureau, assisted by Adwain Smith, Lucille Knight and Lilah Esmay.

Chairman Marybelle Adams called the short business meeting to order, after which Miss Millen presented Vic Soper, air heating specialist for the Edison company, who gave a short but interesting talk on the merits of the electrically heated home.

Accorded songs by Irwin Williams, "La Golondrina" and a "Souza March," were enjoyed.

Orson H. Hunter, of Hunter Furniture company, Santa Ana, was introduced by James Dickson, of the Edison company, and talked on interior decoration, with reference to the newest drapes, rugs and furnishings, holding attention of the group from beginning to end.

As a parting gift, the committee presented Miss Marjorie Berkner with a waffle iron and waffle set, the presentation being made by A. W. Frost, district manager of the Huntington Beach territory. Miss Berkner, who is leaving the company within the next few days, is to become the bride of Pete Holmes in May.

Mr. Frost also addressed the girls expressing his appreciation of the splendid work being accomplished by the committee. Special guests, besides Mr. Frost and speakers of the evening, were Mrs. Frost and George R. Drysdale, formerly of the Santa Ana office but now of Huntington Beach; Miss Georgia Greene, of Fullerton, a new member, was welcomed into the group, as were Martha Sharpley and Ida Asplin.

MRS. HENDERSON CLUB HOSTESS

Martha Washington club welcomed two guests at its meeting Wednesday at the home of Mrs. Stella Henderson, where the group gathered for a 1 o'clock luncheon and informal afternoon.

The visitors were Mrs. Harry Feltham and Mrs. Jennie Prevost, and the members present were the Mesdames Millie West, Ruth Zabel, Bess McDonald, Mamie Zimmerman, Florence Summersville, Inez Baker, Pauline Decker, Hattie Peters, and Elizabeth Jernigan, and the hostess.

Mrs. Jernigan will entertain the club April 25 at her home at 701 North Bristol street.

ELKS' WIVES ENJOY PARTY

While the Elks were holding their installation services Tuesday evening, their wives drove to the El Toro ranch home of Mrs. Ben Osterman and had a pleasant card party.

The hostess had her rooms ablaze with lovely flowers from her own garden, and after an evening of bridge, first and second high score prizes were awarded to Mrs. Don Jerome and Mrs. Clara Johnson.

Dainty refreshments concluded the evening and were served to the Mesdames Harold Brown, V. L. Motry, G. P. Campbell, Clara Johnson, Don Jerome, Inez Currie, E. R. Majors, John Miller, C. V. Doty, George Bradley, Will Garbin, Mrs. Clarence Magner of Santa Maria and the hostess.

This Hanging Is Fascinating To Do

PATTERN 5366

"Poll" Parrot and her mate—a gayly plumed pair—make of this panel a beautiful and appropriate decoration for any room. Not only do the tropical birds lend color, but their floral setting is one to bring forth your most gorgeous colors in wool, silk or cotton floss. Panel needs only a lining. In pattern 5366 you will find a transfer pattern of a picture 15x20 inches, a color chart and key; material requirements; illustrations of all stitches used.

To obtain this pattern send 10 cents in stamps or coin (coin preferred) to The Santa Ana Journal, Household Arts Dept., 117 East Fifth Street, Santa Ana, Calif. Be sure to write plainly your name, address and pattern number.

News Bits About El Toro Folk

By MRS. CARRIE J. DREWS

Young Mr. and Mrs. Elmer Whisler had a frightful scare last Sunday evening. They were troubled about the doors being unlocked all day, and there was a light on in the window! Rushing home, they found to their great surprise, the house just swarming with people. It was a shower, and he, in his working clothes, and unshaven!

But he was brave, for after helping his wife, Grace, unwrap the

gifts, he gallantly showed everybody through their cozy little home. Then all, about 100 strong, proceeded to the El Toro hall, where music and refreshments completed the evening.

Elmer's sister, Irene, her little daughter, and friend husband, Arthur Famularo, drove from Earp for the occasion.

Louise Moulton, Helen and Beverly Bennett, returned to their respective colleges after spending the Easter vacation at home. Mrs. Rose Royal and son Harold have returned to their home in Gillette, Wyo., after spending the winter here with her brother, Dempsey W. Gould.

El Toro folk are looking forward to many enjoyable evenings together as the younger set have started taking dancing lessons now.

A well known character of our little village spied a swarm of bees in the warehouse wall the other day. Said he wasn't afraid of them. And to prove his statement he put his head to the hole.

Suddenly, Z-Z-Zip! He jumped, grabbed the back of his neck, and drawled, "Ah, it didn't hurt—"

CLUB SEWS AT MATHEWS HOME

Mrs. Fenlon Mathews assumed hostess duties for her sewing club on Wednesday, entertaining the group during the afternoon in her home and serving refreshments at the close.

For the tea hour, she seated her guests at one table which had as a pretty centerpiece a low bowl of pansies with yellow candles at either side.

Places were laid for one guest, Miss Arden Murray, and for the Mesdames Owen Murray, Earl Sharpless, Ernest Watson, Frank Greenwood, Roy Ruppells, Arthur Trickey, and Hollis Lindsey, and the hostess, members of the club.

CARNIVAL AFTER LODGE SESSION

Carnival gaiety and a bazar followed a short meeting of Torosa Rebekah lodge Wednesday night in the I. O. O. F. hall.

Highlights of the carnival were a raffle, a picture gallery in charge of Martha Vandewalker; a cooked food sale with Minnie Squires as chairman; and music by the Lentz dance orchestra, furnished by Maude Lentz.

Pies, doughnuts and coffee were served at the close by Mrs. Mattie Myer, chairman.

Cream Rouge Is More Satisfactory

By JACQUELINE HUNT

If you use rouge for color alone, you are getting only half its value. Rouge properly placed not only gives your face a warm, youthful vivacity, but it will accentuate your good points and overcome the bad ones.

Never place it nearer the nose than on an imaginary line drawn downward from the pupil of your eye. Blend it out and slightly up, then down in a long thin triangle if your face is full. Never carry the color downward directly under the eye. If your cheekbones are high or your cheeks hollow, be careful to keep the color away from the sunken area or it will cast shadows.

If you use compact rouge, apply it after you have powdered—not before—and smooth and soften the edges with a piece of clean cotton. Compact rouge is convenient morning wear when you must apply your make-up hurriedly, or for retouching your make-up when there isn't time to do a complete job. For a good make-up and a lasting one, you will find the cream rouge more satisfactory.

Thursday Club Has Luncheon

The Thursday Afternoon Luncheon club was pleasantly entertained yesterday afternoon by Mrs. Walter Wright, who first took her fellow-members to the Rossmore cafe for lunch, and then escorted them to her home where they spent the remainder of the afternoon playing bridge.

Lovely spring flowers in yellow and orchid decorated both the luncheon table and the livingroom of the home, and prizes were awarded to Mrs. Nelson Wimbush, high scorer, and Mrs. George Shippe, low.

A special guest was Mrs. William McPherson of Los Angeles, who until her marriage just a few weeks ago was Miss Nettie Wright, and who is visiting her parents until this weekend.

Other guests of Mrs. Wright were Mrs. William Sylvester, Mrs. Elton Roehm, Mrs. George Shippe, Mrs. Elma Smith, Mrs. Ora Jennings, Mrs. Al Adrian, Mrs. Glenn Lyeon, Mrs. Lillian Dawson, Mrs. Charles Ryan, Mrs. Nelson Wimbush, and Mrs. William Dean.

CANCER PLEA IS MADE BY DOCTOR

Examination Is Urged
for Any Who Think
They're Diseased

LOS ANGELES. (AP)—If persons who believe they have cancer could be induced to undergo examination at cost-free clinics now being established, much unnecessary suffering and death would be averted, Dr. William R. Dorr said at the Western Hospital convention here.

He said cancer experts of the nation are united in a movement to establish clinics where persons who fear they may have cancer may go immediately for diagnosis and, if necessary, early treatment that may be life-saving.

"At these clinics," said Dr. Dorr, who is superintendent of the Riverside county hospital, "cancer experts offer their services free in making examinations and diagnosis."

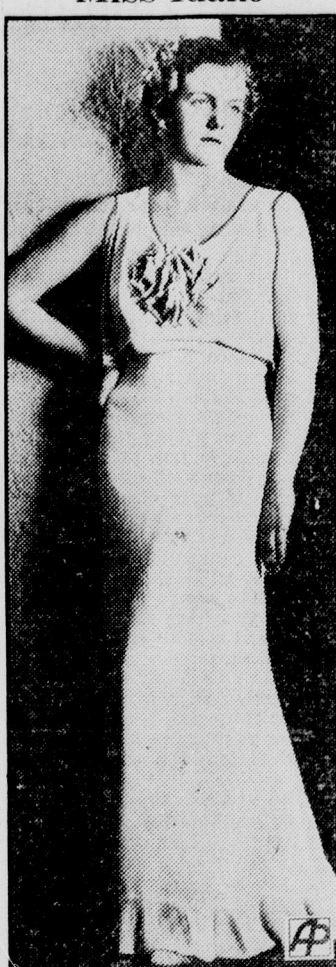

"We have four such clinics in Los Angeles now, but we should have more."

Speakers at the convention yesterday urged delegates to warn the public against delay in entering medical institutions in cases of serious illness.

The theme of "delay is often synonymous with death in many cases" was emphasized by a number of medical authorities.

Prof. Ordway of Columbia university, speaking on "Employment in the Broader Sense," declared "it is important that specific policies be adopted covering all phases of employee-employer relations."

Miss Idaho

Miss Jane Baker, University of Idaho senior—blonde, brilliant, popular—was chosen by the junior state chamber of commerce to represent Idaho in the "Miss Western America" contest that will be held in San Francisco on April 29 by the 1939 Golden Gate International Exposition.

Garden Secrets

By WILLIS CADWALLADER
Of Blanding Nurseries

"Flowers cast at random into the stream of life hours, months, and years later, show ripples and eddies far from the original landing place."—Helen E. Ruyle.

Throughout the period of the dark ages and even until the present century, it has been the custom to form beds and designs of annual plants. The present custom is to use the perennials for permanency of design and succession of bloom, and fill in the gaps and spaces with the annuals.

Color fads are creeping into these flowerbeds, and we now have all blue gardens, all-yellow gardens, all-pink, or all-white, or even a two-tone combination, such as all-blue and gold, etc.

The older form of garden beds ran to straight lines, using high material in the back, then medium, and then low-growing plants in the front. This type of planting is tiresome, inasmuch as the eye sweeps in the whole garden at a glance. If bays and recesses can be worked in, the eye can only grasp one section at a time, leaving new scenes and groupings to retain the interest.

These heights and varieties must be studied for effect. The accentuation points may be gained by the use of shrubs, or herbaceous perennials. The recesses may be planted to low material, yet the general scheme of high plants in the back and lower growing plants in the front must be followed.

The annual plants are ready to flower at the time the perennials need to be cut back, and by careful interplanting, continuity of bloom may be expected.

The Flower Bed
In the perennial border a thorough working of the soil is essential when preparing to plant, because the plants cannot be changed every year. The annual plants, being short lived, allow for a more frequent soil preparation. The secret of the great success

of the English garden is constant soil attending and plenty of moisture. The abundant fog helps them, of course. Certain plants will grow under arid conditions, but for the most part plenty of water is just that much better.

Cultivation keeps the ground neat and allows for aeration. A good dust much helps to retain the moisture. Fertilization is necessary and for immediate results blood meal is a good stimulating food. For the general garden culture, a good dairy fertilizer not only provides the necessary food material, but adds humus-forming materials.

The main purpose and the hardest work of a plant is the production of seed. When its seeds are produced and matures, its season's work is finished. If its seeds do not set for one reason or another, the plant continues to try, hence the reason for keeping the old flowers picked off. This not only keeps the plants neat, but keeps them flowering for seed production.

There are two types of insects bothering our gardens—those which chew holes in the leaves, flowers or stems, and those which suck the juice from them.

For the chewing type, the caterpillars and worms, a stomach poison is used, such as arsenate of lead, which is the basis for nearly all poisons of this type. The sucking type, aphids and leaf hoppers, must be actually hit with a good spray of nicotine sulphate or pyrethrum.

For mildew, sulphur fumes are the best. To gain this a good dusting with sulphur after the sun has come out, is effective, but it requires more than one operation. For rust, bordeaux mixture should be used. This is a mixture of lime and copper sulphate.

In all events, it requires a continuous war to keep in check the various plant ailments. One operation will not suffice.

THE BEST THE MARKET AFFORDS

DR. SMITH Says:

I do not claim to be the only good dentist, but I do claim to give each patient my personal attention and the best of my ability. I have made a life study of PLATE MAKING and the U. S. Government awarded me Patent Papers No. 1830248 for new and improved methods in the making of ARTIFICIAL DENTURES.

I tell you this so you will realize that I thoroughly understand the making of Plates that

F. D. R. HAS NO COMMENTS ON COURT

WASHINGTON, (AP)—President Roosevelt declined again today to discuss congressional developments in connection with his court program.

He also declined once more to talk about sit-down strikes.

Questioned about the supreme court decision upholding the Wagner labor relations act, the chief executive said he was not prepared to discuss it since he had not had time to read carefully the majority and minority opinions.

'Gone With Wind' Star Not Selected

HOLLYWOOD, (AP)—Selznick International Pictures company reiterated today that no one has been cast yet in the film version of "Gone With the Wind," although Tallulah Bankhead's manager announced at St. Louis that she had been offered the role of Scarlett O'Hara.

"As a matter of fact," officials said, "Director George Cukor is still searching through the South for an unknown, or comparatively unknown, actress for the leading part."

There has been more speculation on the probable cast for Margaret Mitchell's novel than any other subject in recent film history. Norma Shearer, not long ago, expressed regret she was unable to enact the heroine after her name was mentioned with Miriam Hopkins, Carole Lombard and others as candidates.

Find Two Beaten To Death on Farm

HOWELL, Mich. (AP)—J. H. Davis, 71, well-to-do farmer, and his sister-in-law, Mrs. Lydia Hilderbrand, of Utica, Mich., were found beaten to death at their farm home near Fenton yesterday. Mrs. Davis also was beaten so severely she is not expected to live.

Sheriff Irvin Kennedy ordered his deputies to search for a farm laborer employed by Davis about six weeks ago.

Cooperative Loan Fund Is Proposed

SACRAMENTO, (AP)—Proposal for a \$2,000,000 revolving fund to provide capital loans for self-help cooperatives reached the floor of the assembly today with the endorsement of the assembly committee on unemployment.

The measure, drawn by Assemblyman King, would authorize the governor to appoint a commission of five members to administer the fund.

Bombing Spanish Fort Injures 10

PERPIGNAN, Franco-Spanish Territory. (AP)—Ten persons were gravely wounded today and several others less seriously hurt when an insurgent squadron bombed the Spanish fort of Culera, just below the French border on the Mediterranean.

The planes dropped ten bombs and then, winging through a ring of anti-aircraft fire, sped toward the island of Mallorca.

Anti-Lobbying Edict Probed

SACRAMENTO, (AP)—Investigation of Relief Administrator Pomeroy's "anti-lobbying" edict to SRA employees will be launched today by the assembly committee on social service and welfare.

Subpoenas have been issued for 14 SRA attaches, including Pomeroy.

Heiress-Bride Discards Dime Wedding Ring

HOLLYWOOD, (AP)—Discarding her dime store wedding ring because "it was making my finger green," Heiress Nan Pierson Brooks Macy Brill stayed on in Hollywood today to consider a film offer.

The socially prominent New Yorker cancelled reservations on a Japan-bound liner. It was a trip she planned recently when her bridegroom, William Hunsaker Brill, filed an annulment suit after four days of marriage.

Their elopement to Yuma, Ariz., was so hurried that Brill picked out her wedding ring in the "5 and 10." She continued to wear it, even after deciding there could be no reconciliation.

Spend Honeymoon In Picket Line

OSHAWA, Ont. (AP)—Fred Gabourie, a striking General Motors employee, and his bride, Miss Dora Dobbins, began their honeymoon in a picket line yesterday.

Gabourie and Miss Dobbins had planned to be married on the day the General Motors plant here was closed by a strike. But Gabourie was called to picket duty, and the wedding was postponed.

Yesterday, however, they were married at a church wedding attended by other pickets. Immediately afterward Gabourie took his usual place in the picket line, and although his bride is not a General Motors employee, she joined him.

Missionaries to Give Talks Here

The Rev. and Mrs. Harold Jones, returned missionaries from Africa, will speak tonight at 7:30 at the Full Gospel assembly, the Rev. Ernest Friend said today. They will show slides of their work on the mission field.

SUES FOR DEATH

LOS ANGELES, (AP)—A suit for \$50,000 damages over the death of her son, Harry D. Friedlander, who was one of the five victims of a plane crash in San Francisco Bay last Feb. 9, has been filed here by Mrs. Amely Friedlander against the United Air Line Transport corporation. She alleges the plane was operated in a negligent manner.

U. S. OPENS WAR ON 'HOPPERS'

WASHINGTON, (AP)—Grasshoppers will find California and other states unhealthy if a federal appropriation of \$2,000,000 wins congressional approval. Agriculture Secretary Henry A. Wallace announced.

Wallace promised Senator Hiram W. Johnson of California federal cooperation in the war against the crop scourges if the money is appropriated.

"It is expected," Wallace said, "that such cooperation will be extended to those states which organize in a manner satisfactory to carry out the control campaign."

Boy's G-Man Idea Ends Up in Jail

HOLLYWOOD, (AP)—Vincent Rice, 16, of Stockton, N. J., is another who has found disillusionment in Hollywood.

He did not aspire to be a film player, he said, but be a "personal G-man" to them.

Rice told Deputy Sheriff K. W. Cook who held him today on a charge of carrying a concealed weapon: "I figured a lot of movie stars needed protection against gangsters. So I bought a gun, sent myself a telegram offering myself a job in Hollywood, borrowed \$100 from my dad on the strength of the wire and came West."

Hoffman Seeking Payee on Reward

TRENTON, N. J. (AP)—Governor Hoffman, seeking all possible information toward a "complete solution" of the Lindbergh kidnapping case, was said by his office today to have invited federal investigators to confer with him in connection with payment of the state's \$25,000 reward.

Conceding that the execution of Bruno Richard Hauptmann met the terms of the reward offer, the governor has been conducting an investigation in the belief that the kidnapping could not have been a "one-man job."

Subpoena Girl For Hunt Case

LOS ANGELES, (AP)—A subpoena has been forwarded to New York summoning Delight Jewett, 17, to appear before the federal grand jury here April 21 in connection with her Mann act charges against John W. Hunt, assistant United States Attorney William F. Palmer announced.

He said Miss Jewett would be asked to tell the jury of her claimed trip here from Denver with Hunt, follower of Father Divine and self-styled "John the Revelator" during which she charges Hunt betrayed her.

I COVER THE CAPITOL

By SENATOR HARRY C. WESTOVER

The following is one of a series of weekly articles written by Orange county's senator, Harry C. Westover, covering activities of the state legislature. Opinions and comment expressed in this column are not necessarily those of The Journal—Editor's note.

Very little progress was made during the past week in regard to the oil bills in the legislature. The O'Donnell bill, A. B. 2080, was reported out of committee and is now on the floor of the assembly. Amendments have been offered in regard to the bill and it is predicted that the bill can pass the assembly. At this writing no amendment has been offered to the bill relative to a division of the oil royalty with the city of Huntington Beach or the county of Orange. However, Assemblyman Kuchel has such amendments on hand ready to present the same if and when the bill is called up for passage.

The O'Donnell bill is similar to the Olson bill, S. B. 579, except that it deletes some of the provisions of the Olson bill. In the senate both the Olson and the Swing bills were amended. However, fundamentally, the Swing bill provides for the development of the Huntington Beach oil pool by drilling from the littoral lands. The Olson bill provides for the development of the oil pool by means of piers, groins or islands. No amendments have been offered as yet in the senate relative to giving a part of the royalty to the county of Orange or the city of Huntington Beach. However, such amendments have been prepared and are ready to be offered at the first opportunity.

Senator Swing attempted to gain some legislative advantage by having his bill set down for special hearing on Friday morning, April 9. At the same time he made a motion to limit the debate to 30 minutes to those who were opposed to or in favor of the bill. The proposal to limit debate upon the Huntington Beach oil bill was opposed from the floor by several senators upon the theory that the matter was of such importance that could not be adequately discussed in 30 minutes. Senator Swing's motion was lost, inasmuch as it was an attempt to change the rules of the senate when the rules of the senate may only be changed by unanimous consent.

Senator Olson also set his bill down for special hearing for Friday morning, April 9. However, when the matter was called for discussion by the president of the senate, Senator Wagay, of Bakersfield, requested that the matter go over until next week, as the bills had been amended so many times it was difficult to follow the amendments without extensive study. As a consequence, both oil bills were taken off the special order file and have been returned to the daily file, where they may or may not be heard during the week of April 11.

Senator Swing represents the "old guard" in the senate. He is one of the leaders of that group. Consequently, he has a great deal of influence. In ordinary times, the endorsement of a measure by the group represented by Senator Swing would insure its passage. However, that group is not as strong this session of the legislature as in previous sessions, and an indication of the strength of the old group in the state senate can be gotten upon the vote of senate bill No. 103 if and when the matter is up for a vote.

During the past week some criticism was levied at the presiding officer of the senate relative to the assignment of bills. Charges were made from the floor that outside influence had been brought to bear relative to such matters. Senator Crittenden of San Joaquin county was the first to complain that certain bills had been referred to other committees rather than to the normal committee. Senator McGovern of San Francisco made a similar charge in regard to assembly bill 1177, commonly known as the supervisor's bill. This bill, instead of going to the committee on social security, was sent to the committee on governmental efficiency. All other bills relative to social security have been sent to the social security committee and Senator McGovern charged that it was an attempt by the proponents of the bill to insure favorable committee action.

Protests have been filed from all over the state against senate bill No. 478 (De Lap). This bill was amended in committee last week in order to meet some of the objections. Assembly bill 1879, sponsored by the League of Women Voters, has not reached the senate as yet. The bill was amended in the assembly last week and will probably be passed sometime during the next several days. A move is on foot in the senate to resolve the whole for the purpose of discussing the entire social security program. If such procedure is agreed upon, standing room will be at a premium in the senate chamber, as possibly the city will be thronged with those who are in favor of or opposed to the various social security bills.

There is an old saying to the effect that a new broom sweeps clean. New blood in any organization is oftentimes desirable. New blood, which has been injected into the state legislature during the past six years, has caused a revision of certain ideas and policies of the legislature. The old order is slowly passing out of the picture. The assembly is now under the domination of the Democratic party. The senate is still Republican controlled but, nevertheless, the newer members of the senate have caused certain revisions in thoughts and policies.

Some severe criticism has been levied at the assembly during the present session of the legislature. However, no one can say that the assembly this year is not making a legitimate attempt to clean up its business in order to insure an early adjournment. For years it has been the policy of the legislature to adjourn on Friday morning until Monday morning. Legislators near Sacramento like to return to their homes and offices over the week-end. Many legislators return home Thursday afternoon and make no pretense of being in session on Friday or Saturday. This has long been the established rule and yet, this year, this rule has been subject to severe criticism by many of the "New Dealers." Those representatives from the extreme south and north end of the state feel that the legislators near Sacramento are taking advantage of a situation and that it would be much better to remain in session all day Friday and at least for half a day Saturday in order to clean up the work of the legislature.

The assembly has definitely discarded the old rule. For the second time this session the assembly held Saturday sessions last Saturday. Not only did the assembly meet on Saturday for the transaction of business but it remained in session last Friday night until after the midnight hour.

Certain legislators around the bay region wished to know if any controversial matters would be passed upon Friday night and Saturday morning. Speaker William Mosley Jones informed the assembly that any matter which was on the calendar, whether controversial or not, would be handled in the regular routine. Although the bay district assemblymen wished to return home over the week-end, because of certain controversial matters pending in the assembly, they remained on the job.

The wheels of industry are humming in the shops since the new quarter began last Monday. In the metal shop the boys under the direction of Mr. Bracewell are building a new vise, which was intended by the instructor. Also they are building trailer-hitches for the bicycle trailers they have made in the workshop. At the present they are working out a new aluminum lighthouse lamp.

VAN DE KAMP IS OPENING NEW STORE

Bakery to Take Space in Empire Market This Month

Another merchandising "scoop" was announced today by officials of the Empire Market, Second and Broadway.

Patrons who have found the Empire Market an attractive, convenient and economical source of daily food supplies were informed today that an additional attraction will be added by the end of this month when Van de Kamp's Holland Dutch Bakers will open one of their trim blue and white stores in this market.

The demand for Van de Kamp products has steadily increased and for some time efforts have been made by M. E. Hagan and Robert J. Vidal, who recently purchased the Empire Market, to arrange space for this progressive bakery concern through Theo J. Van de Kamp.

Start Work at Once
"You may be sure that we are happy to be associated in this market with so many other progressive food merchants," Van de Kamp said. "We are especially happy to be in a position to make our merchandise more conveniently available to the many friends we have in Santa Ana who do their marketing downtown." Work on the Van de Kamp bakery department will be started at once. Three thousand dollars will be expended on the department in remodeling and construction plans. The bakery will be located in the center of the Empire, at the front of the store. All equipment is being purchased here, and all labor will be local. The bakery will carry the biggest stock of any bakery in this district, it was stated, and never will have merchandise more than 12 hours old.

Gala Opening Soon
Hagan and Vidal, new owners of the Empire grocery, have been active in arrangements to bring the bakery here. They will cooperate with the other departments of the big market to make the Empire the most economical and satisfactory place in the Southland in which to shop, it was said.

Since purchasing the Empire grocery two weeks ago, Hagan and Vidal have been making plans for a gala opening event, the date of which will be announced in The Journal in the near future. In the meantime, they are giving their thousands of customers the advantage of purchases of huge stocks of merchandise, made before the advances in prices, it was announced.

M'INTOSH HAS FISH MARKET

Ray McIntosh, local meat merchant, has assumed operation and control of the fish department of the Empire Market. It was announced today.

McIntosh has operated the meat department of the Empire Market since its establishment in this city. Bill Truman, manager of the McIntosh Market, said the fish department carried the largest stock of fresh fish of all kinds in the entire county. Fish is delivered daily from Newport and San Pedro, he said.

At the same time Truman urged patrons and friends of the market to take advantage of the situation which has resulted from an oversupply of turkeys. He pointed out that turkeys now cost less per pound than beef at prevailing prices. Special prices on turkeys are being offered at the Empire Meat market.

It also was announced by Truman that the Empire Meat market now is handling nothing but Armour's baby beef in the entire beef line. Armour's baby beef, he said, is the only grade of beef now sold in the market.

Long Term Given Convicted Thief

LOS ANGELES. (AP)—Bayard Weibert today was under a 95-years sentence of seven to 95 years in the penitentiary on charges of the grand theft of \$40,000 from various socially prominent Los Angeles residents under promise to invest the money in radio stock.

He was convicted on 17 counts and his appeal on 15 of them was denied. Judge William T. Aggeler denied his plea for probation and reinstated the sentence imposed by the trial judge.

chairman. The discussion also included the Fifteenth amendment, the Ku Klux Klan and the Reconstruction Act. The members of the panel that carried on the lively conversation, on Friday, were Juanita Caudle, Howard Bedford, Beatrice Gonzales, Doris Jessie and Elten Denner.

Says Coffee and Doughnuts Will Keep One Slender

NEW ORLEANS. (AP)—Take the word of Dr. Howard J. Crum, coffee and doughnuts are proper fare for seekers of slenderness. Years of experimenting with reducing diets have proved the time honored combination to be "most satisfactory," he told the Southern Beauticians association.

WINDOWLESS TRANSPORT IS BUILT

Airplane, Devised for Sub-Strato Flights, Faces Tests Soon

LOS ANGELES. (AP)—A \$60,000 windowless transport plane was reported nearly completed today for preliminary flights before a series of sub-stratosphere tests by the Army Air corps at Dayton, Ohio.

Constructed at the Lockheed plant near here, the plane is designed for travel at upwards of 30,000 feet. Its cabin, seating 10 persons, is encased in an extra layer of duraluminum to withstand intense atmospheric pressure. It is supplied with special oxygen.

Of the same type used by Amelia Earhart on her recent Honolulu flight, the ship has two 550-horsepower engines which will be supercharged to function efficiently in rarefied altitudes. It is not equipped for actual combat.

Plant officials said the plane would be ready for flying in two weeks.

Townsend News, Views

By WALTER R. ROBB

(Opinions and comment expressed in this column are not necessarily those of The Journal—Editor's note.)

Mrs. Ota Everett, president of Fullerton club No. 1, writes that the club is serving a ham dinner next Monday evening in the Ebelle club building.

The ladies will begin serving at 6:30 o'clock, and 35 cents will entitle each person to a dinner and the privilege of joining in the card games that follow.

Now everybody who has ever patronized a Townsend ham dinner knows that it includes a lot of fixings which just can't be described. And so the writer is hinting to you folks who read this column whether you are a Townsendite or not that you'll be missing something if you don't get your feet under this Fullerton Townsend club dinner table Monday evening.

An Associated Press dispatch from Washington states that the house ways and means committee defeated a motion to start hearings by April 26 on the Townsend plan and other bills relating to old age assistance.

The dispatch said that the 16 Democratic party members of the committee voted against granting the hearing while the seven Republican members voted for it.

Later the Republican committee denounced the action of majority in preventing the hearings as being un-American and high-handed. They are reported to have said that steam-roller tactics had been used to take away the constitutional right of citizens to petition congress.

The writer has a hunch there will be plenty of congressmen who are members of the Democratic party left at home after the 1938 election if the Democratic party members of the ways and means committee attitude in this matter is an index to the general attitude of what this administration will be through this session of congress.

The Townsendites are not going to be hog-tied by the Democratic party nor any other party. They intend to have their plan's merits debated on the floor of the United States congress, and they don't mean maybe. The Townsendites are not hide-bound Republicans and neither are they dyed-in-the-

Softened Steaks for Miners

Tombstone, Ariz., once had the reputation of being a "tough town" but the miners even then demanded tender steaks and this huge meat chopper came in handy. The device, all iron, weighs 222 pounds and to add weight, has a five-pound iron ball on top. It has five blades and Irene Hood (left) and Mable Smith show how it was "rocked" across a piece of meat so it would be more tender when cooked. (Associated Press Photo)

wool Democrats. They are 100 per cent American citizens who are going to continue to demand the economic justice outlined in the Townsend plan. If the Democratic party doesn't use the opportunity which has been given to it during the next few years it will just be too bad. A lot of good Republican Townsendites became Democrats last fall to help the Townsend cause and there are a lot of good Democrats who are Townsendites who would be just as willing to become Republicans to put over the Townsend plan. Perhaps the Republican members of the ways and means committee were using their heads as well as their votes.

Here's the story of two men who committed suicide in Los Angeles Wednesday. One man was old to the number of 66 years. Ill health and lack of funds for proper treatment caused a wave of despondency to sweep over him. In the bedroom of the home of his son he munched a poisoned sandwich until his spirit fled its tenement of clay. When his son found him upon the bed, an un-eaten portion of the sandwich was still in his hand. Too bad, isn't it, that in a land where medical practitioners are many and where medical knowledge is abundant, the old and the poor can't have medical attention because they are without the needed price.

The other man was a young man in the prime of life. Graydon Blood was only 34 years of age. He had been unable to find employment. He was too proud to accept the charity which might have been obtained. He was too honorable to steal. The loss to be incurred to his manhood if he took the path of crime was too great to pay for the privilege of living. He had visions of a land where there was greater justice, so he believed. He took a short cut to it. It's too bad that the on-going crowd won't pause beside his bier today, before his silent form is laid forever away and resolve to correct the conditions which make employment impossible for so many of the young.

The Townsend plan enacted into law would make the purchasing of medical attention possible to the old, and put forever to an end the need of young men taking the suicide route because of the lack of employment.

BREWERIES RAISE WAGES
LOS ANGELES (AP)—Spokesmen for the 13 Los Angeles breweries and five unions of brewery workers announced a new wage and hour scale for employees yesterday. They said the scale exceeds those in effect in such brewing centers as St. Louis and Milwaukee.

RAIL REVENUES IN INCREASE

WASHINGTON.—The Association of American Railroads reported that the aggregate of estimated operating revenues of Class one carriers for March was \$311,356,969, a 22 per cent increase over the same month last year.

The association's report was based on preliminary returns from 94 class one roads, representing 82.8 per cent of total operating revenue.

Freight revenues of the carriers amounted to \$260,943,051 during the month, which compared with \$208,230,557 in the same month last year.

Passenger revenues totalled \$28,638,982, which compared with \$24,980,500 in March of last year.

A number of minor items make up the remainder of the \$311,356,969.

Charges Filed Against Husband Of Child-Bride

LOS ANGELES. (AP)—The district attorney's office issued a formal complaint this week charging Harold Toy, 21, with contributing to delinquency of a minor—his 12-year-old bride, Virginia May Shirley.

The complaint was issued after a conference between Deputy Dist. Atty. Florence Woodhead, the child bride, her sister, Maude, and their father, Clarence O. Shirley, who previously had signed the complaint.

At the hearing Virginia cried to her father:

"I love him, and no one can take him away from me! I'll marry him again if they do anything to this marriage, even if I have to wait until I'm 21."

MARX BROTHERS INDICTED
LOS ANGELES (AP)—The federal grand jury has indicted two of the Marx brothers, Groucho and Chico, on charges of violating the national copyright laws, a misdemeanor. They are accused of broadcasting over the radio last September a skit, "Mr. Diffie and Mr. Daffie," without permission of the writers, Garrett and Carroll Graham.

SENATE OKEHS NAVAL FUNDS

WASHINGTON. (AP)—The senate approved yesterday a conference committee report on the half-billion dollar naval appropriations bill. The report now goes to the house.

Amendments agreed to in conference fixed the total appropriation at \$516,258,808.

Two primary provisions for strengthening national defense are contained in the bill. One is a \$130,000,000 item to continue construction of 81 warships and begin work on 12 more, including two new battleships. The other is \$14,186,000 in appropriations and \$15,000,000 in contract authorizations for buying 397 airplanes and two non-rigid airships.

Still in disagreement was an appropriation sought by the house for a reserve supply of "strategic" minerals. The senate eliminated the original amount of \$5,000,000 specified by the house for that purpose. House conferees indicated a willingness to accept \$3,500,000 as a compromise.

Attorney Raps 'Sissy-Makers'

LOS ANGELES. (AP)—Joseph Scott, Los Angeles lawyer, says "too many women teachers are making 'sissies' out of our boys."

Scott told the Council for Promotion of Boys' Welfare that on a recent tour of Japan he found 85 per cent of the teachers are men and that the Japanese program is responsible for no "weak, effeminate men."

SRA Official to Fight Dismissal

LOS ANGELES. (AP)—William J. Plunkert, field supervisor for the state relief administration in the Sacramento district, announced he had been dismissed on order of Director Harold L. Pomeroy.

"I plan to contest the dismissal with a civil suit," Plunkert declared. A former official in the federal emergency relief administration, he joined the SRA in September, 1935.

And here's your chance to discover two delicious cereals. Both are tempting, nourishing whole wheat with the extra quality and goodness that have made Kellogg's Cereals world-famous. Both are packed in the window-package that lets you see before you buy. Both are made by Kellogg in Battle Creek.

Kellogg's Shredded WHOLE WHEAT Biscuit are extra crisp and golden-brown. Double-toasted — top and bottom. Each biscuit a convenient size. Two just fit the cereal bowl. Fifteen biscuits in every package. Economical.

Kellogg's Whole Wheat Krumbles are crunchy shreds of whole wheat, appetizingly flavored with malt, sugar and salt.

Go to your grocer's today and start your set of new table glasses. Hurry! This offer is good for a limited time only.

A WISE Old Mother

Nature, the wise old mother, *also* advertises!

Flowers, heavy with pollen, wave gay beckoning petals to the shopping bees.

Cattle turn naturally to the greener, more lucious grasses, and grow fat and sleek.

Birds visit trees whose aromatic gums attract the most insects.

The mother rabbit, with a flash of her cottony tail, leads the enemy away from her nest.

You who trade your hard-saved dollars for things to eat... drink... and wear... are attracted by cheerful service, honest quality, and fair prices. To find these... to choose merchandise designed to satisfy and priced for your profit... the wise shopper turns first to the advertising columns.

Here, in printed splendor, is the daily record of a nation's commercial progress. Here, carefully chosen, are the best offerings of the best merchants. It will pay you well to read!

And look carefully at the advertisements of the smaller stores. The nectar of the violet is as sweet as that of the rose.

DISPLAY NEW SERIES OF BOOKLETS

Miss Ethel Walker, Santa Ana library. The display consists of a series of pamphlets on display at the library. The display consists of public affairs pamphlets and is exhibited under the auspices of the Orange County forums.

The material came from the U. S. Department of Education, disseminated through Dr. John W. Studebaker, national commissioner of education. Certain centers where the adult educational movement has been in progress have been selected to display this literature. Santa Ana is one.

Wide Subject Range
The chief purpose of the display, according to Miss Walker, is to give the public some idea of the wide range and scope of the material available which deals with national, international economic, social and political matters.

They are mostly "head line" books and among the outstanding series are the publications of the Foreign Policy Association, the Education Research project series put out by the University of Chicago, and world affairs pamphlets. Much valuable material is overlooked because it happens to be in condensed form and it is chiefly for this reason that attention is focused on the display, said Miss Walker.

Not for Sale
The material is for "browsing" use only and is not to be sold, borrowed or taken from the library. The reader can purchase any of the pamphlets, however, through the Orange County forums office or can request that the library purchase whatever is desired for home use.

In many cases, it is announced, the library has on hand some of the material, which can be borrowed.

Church Group to Give Musicales

A musicale will be presented to night at the Orange Avenue Christian church, under the auspices of the ladies' council. It was announced today. The event will start promptly at 8 p. m. in the first church educational building, and the public is invited.

Taking part in the program of vocal and instrumental numbers, under the direction of Cleland Harbaugh, will be Wesley Morgan, Joy Lee Bramley, James Wiley, Dr. Leila B. Fishleigh, Betty Harbaugh, Dempsey Pride, Warren Bramley, Vivian Switzler, Ruth Switzler, Lucille Knight, Helen Gerrard, Winifred Crist, Onie Sanders and Elizabeth Morgan.

U. S. Clamps Down On Health Book

WASHINGTON, (AP)—Philip Welsh of Pacific Palisades, Calif., was under order of the trade commission today to discontinue "certain unfair representations in the interstate sale of books and booklets under the name, 'The seven essentials of health.'"

The commission announced issuance of an order directing Welsh to "stop asserting that persons, by following and using his theories and instructions, can prevent and cure all bodily diseases and receive beneficial treatment for any of a list of some 50 specific ailments, diseases and conditions ranging from adenoids to yellow jaundice."

Welsh was declared to trade under the name of "The Welsh Foundation."

Charge Cosmetics Misrepresented

WASHINGTON, (AP)—The trade commission announced today issuance of a complaint against Colonial Dames Co., Ltd., of Hollywood, Calif., alleging misrepresentation in the sale of cosmetics. The announcement said the complaint alleged the company represented that certain products have "an instant beautifying effect" and "will quickly banish all traces of dryness and sluggishness," when such is not a fact.

Movie Inspires Waikiki Wedding Salad

Inspiration for concocting a new delicacy, Waikiki Wedding Salad, was furnished by the showing here this week of Bing Crosby's new starring picture, "Waikiki Wedding," which ended last night. The tempting new salad is pictured above, and consists of a golden circle of pineapple, peach halves and a generous addition of Philadelphia cream cheese, softened with milk. Maraschino cherries top the cheese, and French dressing is added to taste. The salad is served on lettuce leaves. Joe's Grocery at Second and Broadway in Santa Ana this week-end is featuring the ingredients for this salad in a special, attractive offer.

Charlie Chaplin's Birthday Quiet Affair Today

Plans Parachute Jump to Prove His Charmed Life

WILMINGTON, N. C. (AP)—William H. Pitchell, salesman, is planning a parachute jump just to prove he bears a charmed life.

Pitchell said he got the idea from the fact that in 35 years he has survived:

Seven dog bites.
Five snake bites.
Three automobile wrecks.
Two motorcycle wrecks.
Being buried in a cave-in.
Being suspended head downward from a tree.

Britain Scrapping War Trophies to Pay for New Guns

WINDSOR, England. (AP)—Led by King George VI, a movement swept England today to scrap the proud trophies won by British armies on the field of battle to help finance Britain's \$7,500,000 program for new armaments.

George started the campaign with an order to remove two German field pieces from the east terrace of royal Windsor castle. He considers such war relics not in keeping with the beauty of the terrace and its famous sunken gardens.

Other hard won trophies will be offered for sale so much scrap iron to help finance the armament program.

The town clerk of Hythe in Kent offered the town's one rusty old tank and German field gun to the highest bidder with the disparaging comment: "They are junk anyway."

The watering place of Bath decided the 12 battered guns which stand in its public park must go.

Polkstone, only four and a half miles from Hythe, caught at the opportunity to get rid of a large tank which the city fathers have long considered dangerous to the children who play around it.

Mary Boland In Income Tax Plea

WASHINGTON, (AP)—The board of tax appeals today had before it the request of Mary Boland, screen actress of Hollywood, that it re-determine a \$2337 deficiency assessed on her 1934 income taxes.

She contended the bureau of internal revenue erred in disallowing deductions of \$3073 for business expenses, \$1128 automobile expenses, \$160 expended on a trip to location, \$1246 for wardrobe, \$229 for telephone and telegrams, \$10 for business entertainment, \$328 for rent on a New York apartment "partly used for business," and \$1800 traveling expenses.

Hollywood. (AP)—It has been a year of supreme quiet for Charlie Chaplin, whose 48th birthday came today.

Since his return from a long trip to the Orient with his fiancée, Paulette Goddard, and her mother, the diminutive movie comedian has been such a recluse that even his intimates profess to be ignorant of his activities.

They know he is preparing to produce another picture. Based on the story, "Regency," by Novelist D. L. Murray, it will star the tawny-haired Miss Goddard, but Chaplin will not appear in it. He is writing the screen story and will direct and produce it, however.

"Later," he said "I'm planning to produce another comedy of my own."

He said he doubted he would portray the baggy-pants hobo character the world knows so well. Instead, he added, he is flirting with the idea of doing a "straight" comedy role, without special costume.

The oft-repeated report that Miss Goddard really is Mrs. Chaplin has had no evidence, for or against, during the past year. He still constantly escorts her on the rare occasions when they are seen in public. But it has been more than a year since either was called upon to deny, as they invariably do, that they are married.

Grant Removal Of White Statue

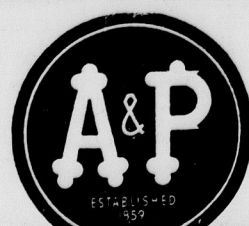

SACRAMENTO, (AP)—Removal of the statue of Stephen M. White from the old Los Angeles county courthouse grounds in Los Angeles to San Pedro has the approval of the state legislature. The senate has passed Assemblyman Reeves' bill authorizing the removal.

JESSUP DECLARES LAW NOT MANDATORY
LOS ANGELES, (AP)—Chairman Roger Jessup of the board of supervisors said the bill approved by the state legislature, as far as is known, is permissive and does not force the supervisors to remove the statue of Stephen M. White from the Los Angeles county courthouse grounds to Wilmington.

"It is a historical statue and should be kept where it is until the new courthouse is built," said Jessup.

Hongkong-Dallas Air Prize Offered

PASADENA, (AP)—Col. William Easterwood of Dallas, Tex., announced today he would pay a \$25,000 prize for the first non-stop airplane flight from Hong Kong, China, to his home city. Colonel Easterwood posted a similar award several years ago for a Paris-Dallas flight. The French aviators, Coste and Belonte, made the hop.

Inexpensive Beauty - - A PICKET FENCE

Most any house takes on an entirely new aspect of charm and dignity when framed with a decorative, but inexpensive white picket fence.

Fence materials cost but little and no great amount of labor is required to erect one. We shall be glad to price fence materials or any other building improvement.

THE ROWBOAT ADMIRAL...
Sixty-four men filed silently through the streets of Providence, R. I., on the night of June 19, 1772. Arrived at the waterfront, they clambered aboard eight rowboats and pulled out.

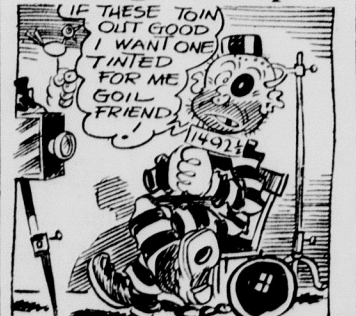

In the bow of one boat sat Capt. Abraham Whipple, leader of the expedition. In the stern of each boat was a pile of paving stones, the tiny flotilla's "armament."

Offshore a short distance loomed the British ship, "Gaspee." Nearing the ship, the boats were hailed by a British sentry. The Americans' reply was a hail of paving stones. The "Gaspee's" men rushed to their guns—but it was too late. Vardible showers of stones met their arrival on the deck. Within a few minutes Whipple's men had boarded the ship, knocked down its crew and captured it.

EUREKA...
Guide, cook and general roustabout of a prospecting party at the present site of Downieville, Cal., Jim Crow, an Indian, caught a salmon in the near-by river. Cleaning out the pot in which it was cooked, Crow found gold. The entire camp grabbed up butcher knives and dashed to the river. Digging in crevices on the bank, they uncovered \$200 worth of the metal in the same day.

Tomorrow: The Real "Dead Eye."

Judge Stump

Dear Judge: Why does the photographer always say, "Smile please!" when he takes a picture?
F. P. R.

He wants to get an idea of your sense of humor. You need a sense of humor sometimes, when you see the picture.

FLEET MOVES TO SEA FOR WAR GAMES

Maneuvers to Last Six Weeks Over Great Area in Pacific

ABOARD BATTLESHIP PENNSYLVANIA. (AP)—Anchor chains rattled. Sirens blew. One by one the big grey fighting ships moved into the early morning mists of the Pacific.

The United States fleet, 139 ships and 474 airplanes, was under way for the six weeks of the 1937 war games.

Admiral Arthur J. Hepburn, commander-in-chief, took the great armada to sea. From San Pedro, the dreadnaughts, aircraft carriers, heavy cruisers and miscellaneous craft moved today.

From San Diego bases went the lighter forces, destroyers, submarines, light cruisers and sky patrol divisions.

As in War Time

Like all navy exercises the movement to sea was in time of war. Units designated to sweep the channels in defense against submarine and mine attack carried out their missions.

Somewhere outside the steamer lanes off Southern California were rendezvous stations. The general course of the fleet, except a small independent force, will be toward the Hawaiian islands. For a week or more in this westerly movement there will be continuous day and night exercises and tactical moves.

The whole six weeks is a period of arduous battle conditions, the climax of the year in the fleet's training activities, the test of how well the officers and men have learned their lessons.

One Force Goes North

The independent force, the battleship New Mexico, two light cruisers and four of the new destroyers, termed "vest pocket cruisers," moves northward. It will visit some Alaska points and Dutch Harbor, Alaska. Admiral Hepburn expects the force to there to see the people of Alaska will see a part of the fleet and so that officers involved will get a bit of the real problems of navigation in these far northern waters where storms are born.

From Unalakleet, the Aleutian islands where fox, seals and rats abound, this force will shape a southerly course to rejoin the fleet in about three weeks. It will join the fleet in time for the big high seas battle.

There are 40,000 men aboard the fleet. Their next glimpse of California will be on the afternoon of May 28, when the fleet moves into San Francisco bay to participate in the Golden Gate bridge celebration.

Bullet Pierces Boy's Forehead, But He Lives

Struck between the eyes by a flying bullet, 6-year-old Crane of Costa Mesa was alive today through a quick of fate.

Leroy, with several other youngsters, was tending a bonfire at Costa Mesa yesterday afternoon. A rifle or revolver cartridge, evidently discarded in a pile of rubbish, exploded, the flames reached it, and the bullet hit Leroy in the center of his forehead.

Physicians at the county hospital gave him first aid for a small flesh wound.

2 Polish Papers Suppressed for Publishing News

WARSAW. (AP)—Polish newspapers defying an unofficial "request" not to print stories romantically linking the names of Chancellor Hitler of Germany and Adolf Hitler, Polish star of silent motion pictures, were suppressed by the government today.

Although no official order was issued, newspapers were made to understand such reports were not wanted, and when the Kurier Codzienny and the Agnecja Agrarna persisted in reprinting such stories from British newspapers, the government took action.

Conservation Unit Names Officers

Announcement of the election of a new executive committee of the Orange County Agricultural Conservation association was made today following a meeting of the board of directors.

J. A. Murry, Jr., Huntington Beach, was named chairman of the county committee, which acts as an executive group. Walter Polard, Tustin, was named vice chairman, and Stephen Grist, Greenville, the other member of the committee. Tim Shea, Anaheim, was elected an alternate committee member.

Ed Lang, Placentia, and Clarence McFadden, Capistrano, are other members of the board of directors.

Trooper Uses 'Working Voice' While Testifying

CAMDEN, N. J. (AP)—Judge J. Boyd Avis strained to hear testimony given by low-voiced Joseph Perry, state trooper.

"Come, come, trooper!" admonished the judge. "Speak up as though you were bawling me out for speeding."

He heard after that.

Walker's Presents Guest Act Tonight

In addition to the regular "Opportunity Night" show on the stage of Walker's theater tonight, Lois and Lorraine, two juvenile stars of stage and screen, pictured above, will present 15 minutes of dance routines and songs used by them in their latest screen engagements.

The girls have just finished working in "Top of the Town," a new Universal picture, and were one of a group of many twins used in that production. These girls are students of Al Romaine, director of children who conducts rehearsals every Saturday morning at Walker's theater for Orange county children who wish to be trained for stage and screen engagements.

Mules, Cows and Elks Will Parade Here Tomorrow

Mules and cows and Elks on crazy contraptions will dash about the streets of Santa Ana tomorrow.

It's all in fun, and designed to arouse interest in the gala hard times party to be staged by the Elks lodge tomorrow night to help raise funds for sending the club's double quartet to the grand lodge convention in Denver the week of July 12.

Gordon (Swede) Everson and Walt Hickey will turn mule-skinner tomorrow, when they drive an ancient two-wheeled survey around the streets. They tried to put Elks' horns on the mules for a colorful effect, but the mules wouldn't stand for it. Plenty of fun may result if the mules don't happen to like the public address system which will be mounted on the ancient vehicle.

Briggs on Putt-Putt

Joe Harless and Frank Briggs, who are in charge of arrangements for raising the convention fund, will be mixed up in the parade. Briggs will scuttle about on a putt-putt bicycle. Francis Ed-

SEEKS RETURN OF LICENSE

Alex Morales, jr., Anaheim, today started action in the superior court to recover his automobile driver's license, revoked by Ray Ingels, director of the state department of motor vehicles, after a hearing here.

Through Attorney Leo J. Friis of Anaheim, Morales alleged that the department was without jurisdiction to revoke his license, that the trial board here did not present findings, and that no testimony was adduced to prove him a habitual violator of traffic laws.

Ingels sustained an original revocation order on March 9 after a hearing here Feb. 11 before a trial board consisting of Donald Squires, George Peterkin and Sam Bagby of the California highway patrol.

Presiding Superior Judge R. G. Ames today ordered a review of the case in superior court April 30, and directed Ingels to forward all files in the case.

CONFER ON DAM POWER TODAY

WASHINGTON. (AP)—Representatives of the seven Colorado river basin states sat down today to a conference table today to discuss proposed revisions of the Boulder dam power contracts.

At least 35 delegates, including members of the various congressional groups, were on hand from California, Arizona, Nevada, Utah, Colorado, Wyoming and New Mexico when Dr. Charles E. Merriam, presiding as master of ceremony, called the session to order.

Prettiest Girls Named at U. C. L. A.

LOS ANGELES. (AP)—The prettiest girls on the U. C. L. A. campus, by popular vote, are Betty Runals of Claremont, Helen Wright of Pasadena and Dora Taylor of Taft.

With Dorothy Covert and Jean Eastwood, runners-up, they will be cast in a musical show at the university.

Seamen's Strike Settled Today

NEW YORK. (AP)—A strike of seamen and wireless operators which threatened to tie up 17 ships, two of them richly appointed Transatlantic liners, was settled early today at a conference attended by the regional director of the national labor relations board.

BLACK WHITE SYMPHONY TO MAN VISITS PLAY HERE TONIGHT

William L. Morrison, 49, the Riverside citrus worker who, by turning black with a rare disease, has become the center of interest of the Southern California medical profession, visited Santa Ana today.

Morrison came here for another of the thrice-weekly ray treatments given him by a prominent Santa Ana physician in an attempt to stay the spread of melanosis, one of the rarest diseases known to science.

Although he felt almost well at the beginning of this week—after losing 27 pounds since the disease attacked him in January—he wasn't feeling so well today.

"I've been feeling lots better recently, though," he told his aunt, Mrs. C. T. Seeber, 110 East Ninth street, with whom he stayed for a short while taking treatments, before he returned to his home in Riverside.

Morrison went into a citrus grove in freezing weather Jan. 21, strong, healthy and white. He came out, 50 hours later, feeling ill. Three weeks later his skin began turning black—almost as black as a negro's. He lost his appetite and his weight dwindled from 202 to 165 pounds. He has been unable to work.

Experts Baffled

Diagnosis of Morrison's case baffled physicians for weeks. After clinics, blood tests and observations at St. Joseph's hospital, the local physician and an eminent specialist, who declined to be quoted, declared "melanosis."

Melanosis is caused by a small tumor forming on the liver and varying its function so that black pigmentation fills the skin. It is accompanied by loss of appetite, weakness, and nausea in Morrison's case.

Violet rays and injections have checked the spread of the disease, Morrison says, but his physician tells him that only time will tell. He may turn white again—or he may stay black.

Mother and Son Are Reunited After 20 Years

LOS ANGELES. (AP)—For 20 years they believed each other dead, but Deputy Sheriff W. D. Berrymore and Mrs. Catherine Federoff, his mother, were rejoicing today in their reunion.

During the Russian revolution in 1917 they lived in Tomsk, Siberia, where Berrymore's stepfather, P. Federoff, was general manager of the Siberian Postal and Telegraph System. Federoff believed he could retain his office, but Berrymore, then 17, left home and came to the United States.

Failing to hear from his parents, Berrymore believed they had been killed. Mrs. Federoff, who has just arrived from Harbin, Manchuria, said they were driven from home but reached Harbin, where her husband died.

Mexican Workers' Group Independent

Jose M. Ortiz, representing local Mexican workers, today announced that "La Federacion de Camperos y Obreros Mexicanos," Orange county labor organization, has separate group and is in no way in common agreement with the C. U. C. O. M. of Los Angeles county, another workers' group.

"The said C. U. C. O. M., under leadership of William Velarde and Lillian Monroe, is not the kind of organization that would keep up to a better understanding," said Velarde. "We do not believe or agree that 'the end justifies the means' policy would accomplish anything, but would create ill feelings and misunderstanding. Therefore we choose to remain one independent group."

TOWNSEND SUED BY MARGETT

SAN FRANCISCO. (AP)—Dr. Francis E. Townsend, founder of the Townsend old age pension movement, came here on a speaking tour and found himself faced with three suits totaling \$453,827.46.

The actions, one for libel, one for slander, and another for recovery of money, were brought by his former California manager, Edward J. Margett of San Francisco.

J. W. Brinton, editor of the Townsend National Weekly, was named in the libel action with Doctor Townsend. Margett seeks \$300,000 for alleged derogatory articles concerning him which he claims appeared in the weekly.

Margett sought \$150,000 in the slander action, and \$3627.46 which he claims he paid out for Doctor Townsend as his manager.

THE BUNGLE FAMILY

Tigers. With such red mouths. Coming right at us. He comes closer...closer. Running his hot tongue over those sharp teeth.

Such hot breaths. They love vegetables. He thinks your nose is a carrot.

And now he's looking at your nose. George. Think it's a tomato. Stand very quiet.

TODAY'S CITRUS PRICES

Today citrus prices on the eastern markets, priced by size, are provided through the courtesy of the Orange County Fruit Exchange. Market is about steady. April 16, 1937.

New York Stocks

NEW YORK. (AP)—Handicapped by a sharp decline in world commodity prices, stock market leaders today retreated fractions to 2 or more points. Although a little support arrived for the list in the final hour, many issues finished not far from their low levels of the day.

Callings of speculative sentiment, especially European staples, were rumors of a European peace move, with the possibility the powers might decide on an armistice in the near future.

Volume was small throughout, although there was a pick-up on fourth-bond selling. Offerings dried up before the finish. Prices followed:

TOMATO BILLS UNOPPOSED

Orange county tomato growers were happy today, having won a legislative victory which improves the situation to a marked degree in regard to raising and marketing the early maturing carlana variety of tomatoes.

Secretary R. D. Flaherty of the farm bureau returned to Santa Ana yesterday from Sacramento, where he looked after two assembly bills affecting growing and marketing of tomatoes for canning purposes.

A. B. 1014 was given a "do pass" recommendation by the committee which held the hearing. Flaherty reported today. This measure will permit the use of harmless coloring

STATE'S WPA PUT UP 370 BUILDINGS

WASHINGTON. (AP)—Administrator Harry L. Hopkins reported today that WPA workers in California had constructed 370 new buildings and performed a wide variety of other services during the first 11 months of operation.

His report covered the period ending last Sept. 15, when WPA was just a month shy of its first anniversary.

California WPA workers not only constructed 370 new buildings, including 57 schools, Hopkins said, but they repaired or improved 770 other publicly owned structures.

In addition they built 77 athletic fields and playgrounds and improved 147, drained 129,357 acres of land; constructed 242 miles of trunk lines and lateral sewers; constructed or improved 3337 miles of highway and 154 bridges; installed 1480 culverts; planted trees and shrubs along 522 miles of highways; terraced 11,844,970 square feet of land and handled 2,138,397 cubic yards of earth in repairing and building up river levees and other navigation aids.

Moreover, Hopkins announced, workers on WPA educational and professional projects repaired 1,644,680 books and cataloged 966,786 volumes; 241 sewing rooms were operated, producing or repairing 6,108,905 articles for needy persons, and school children were served 913,174 mid-day lunches.

Business Girls Say 16 Is About Right Age to Wed

TAMPA, Fla. (AP)—Business girls attending a conference here consider 16 to be the right minimum age to take a husband.

They endorsed a proposed Florida law fixing the marriage minimum at that figure.

Compact English Design Characterizes This House

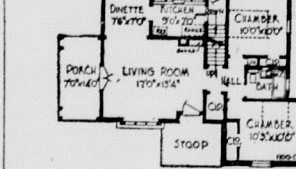

Working plans and specifications for the house illustrated here can be obtained through your local lumber company from the National Plan Service, Inc., at 1315 West Congress street, Chicago, Ill. The design is No. 1100-C.

Many homebuilders turn instinctively to a house that reflects the English influence, for the qualities that many people seek in a home of their own are almost always found in an English design. In this particular small house, English exterior has been successfully combined with all the conveniences of a present-day American home.

A paved terrace leads directly to the front entrance, opening into the living room. Grouped windows, French doors leading to an open porch and a wide opening into the adjoining dining room make this room light and cheery, and adequate wall space for furniture, built-in book shelves and a convenient closet (near enough to the front door to serve as a coat closet) for card tables and games assure its livability.

The small dining room, almost square in shape for convenient arrangement, is separated from the living room by only a cased opening... an arrangement that adds materially to the spacious feeling achieved in this small house.

The kitchen is small and planned for utmost convenience. Sink, work tables and cabinets are arranged around the window, and the opposite wall provides space for a range and refrigerator. The rear entry, a step below the level of the kitchen, provides a grade entrance to the basement, equally accessible to the kitchen and outdoors.

Cased Opening
A cased opening at one end of the living room separates the bedroom hall from the rest of the house. This space is reduced to a minimum, but at the same time takes care of the stairs to the attic, doors opening into both bedrooms and bath, and two closets. Closet space throughout the house is generously provided; the coat closet mentioned before, a linen closet, and large closets off each of the bedrooms provide adequate storage space.

Both of the bedrooms have cross ventilation, and both are well provided with wall space for all necessary pieces of furniture.

The porch at the end of the house could, if desired, be enclosed to form a livable sun porch, and the attic, with stairs convenient to the first floor bath, may be finished to provide extra bedrooms at some later date.

Shingle Finish
A modern heating plant, laundry and fuel and vegetable storage space are provided in the basement, and an attractive recreation room might be finished here.

As shown here, the house is finished in shingles, wide, unfinished lumber and stone, the latter material used for two sides of the bedroom wing and the living room bay. Where cost prohibits the use of this material, brick veneer or stucco might be combined with shingles, or the entire house could be finished in stucco and half timber or brick.

Interior finish of a house of this type is largely a matter of personal preference, since smooth plaster, wood paneling, wallpaper or rough plaster are all suitable. With either rough or smooth plaster finishes plaster arches might be substituted for the cased openings in the living room, and a beamed ceiling would be appropriate.

Stock designs for doors, windows and other items of millwork required for this plan are obtainable. Many of these designs are copies of original old English patterns, and add materially to the attractive appearance of the finished house. The same theme can be carried into the interior through the use of carefully selected hardware and lighting fixtures. Many de-

IDEAS TOLD FOR MODERN BUILDING

By WILBUR BARR

Bricks made of glass for the purpose of allowing light to penetrate, while heat, noise, and visibility are excluded. Limestone blown into cottonlike fibers to hold summer heat out of your house and to retain winter heat created within it. Shingles and exterior sidewall coverings made of a combination of asbestos and white cement to protect your house forever against fire and deterioration. Door locks and door pulls possessing a new sort of utilitarian beauty that will make your rooms a joy to the eye.

These are just a few of the things that distinguish a modern home from one of even a few years ago. Today is the day of the modern home, due to a tremendous interest in home building created by the fact that for years practically no home building was done, resulting in what virtually amounted to a vacuum, which has caused designers and manufacturers, building material dealers and lending agencies to exert their every effort in improving domestic design and the comfort of the modern American home.

Probably like everyone else, dream of a new home, or of modernizing your old home. When you build or modernize, make sure that you get a really modern home. You wouldn't buy a 1920 model automobile. Be sure you don't put your money into 1920 building ideas.

Pair Made Will Day Before Death

LOS ANGELES. (AP)—A day before Mr. and Mrs. Merle Wilford Estey boarded an airliner for New York, they made their will. "This shall only apply when and if both signed parties have been killed by accident... or premature death," the document read. It was on file today in probate court, for last April 3 the Esteys and six other persons died in the crash of the airliner against an Arizona mountain. Mr. and Mrs. Gus O. Estey will receive their son's small estate, chiefly \$750 in cash.

Hitler and Duce To Confer Soon

ROME. (AP)—Increasingly insistent rumors that Premier Mussolini and Chancellor Hitler of Germany would meet soon for a conference were heard in political and diplomatic circles today. Informal sources said nothing definite had been decided but the reports were not denied.

SPAIN CONGRATULATED
TOKYO. (AP)—Emperor Hirohito yesterday cabled congratulations to President Manuel Azana of Spain on the sixth anniversary of the founding of the Spanish republic, indicating Japan at present has no intention of recognizing the insurgent regime of Gen. Francisco Franco.

In Building With Masonry, Remember These Things

Masonry construction of all kinds has long been a favorite with home builders. The permanence, the low cost of upkeep and the general attractiveness of materials of this type have much to recommend them. But like most materials and methods of construction, there are certain dangers in the actual process of construction that must be guarded against.

Stone, brick, concrete block, cement, hollow block and tile all fall within the "fireproof" or "semi-fireproof" classification, and all of them are subject to the dangers outlined here. Since the materials themselves are generally sound and fireproof, the danger lies in the method used to put the units together to form a wall. Adequate bonding must be provided for in all types of masonry where individual units are used. The "bond" consists of a course laid across the double wall to act as a tie. Insulation must be provided, and bonding courses should be laid at intervals to assure a well laid wall.

Foundations should be carefully considered. They must always, for all types of masonry construction, be laid well below the frost line, to prevent heaving and ultimate cracking of the walls laid on them. Interior finishes should never be

INSULATION OF HOME ADVISED SOME POINTERS ABOUT PAINT

While insulation is not generally considered as an improvement to the appearance of a home, present day methods make it possible to prevent drafts and add to the attractiveness of a home at the same time.

Where siding is badly worn, cracked and loose, a new cover of building paper or a layer of a commercial "sheet" insulation, laid directly on the old wall, will adequately provide for some insulation. After this is applied, thin spaced strips should be nailed vertically, and on these, new siding can be applied. The resulting job adds an extra air space to the wall, and assures a well insulated house.

New siding, using the vertical strips, can be one of several types. The beveled or clapboard type is most common, but the smooth, flush joint type, v-grooved type, and numerous other profile types of siding can be applied.

Where shingles, either wood or composition, are to be used, the strips should be applied horizontally, to provide a firm nailing surface.

Other re-surfacing possibilities include a number of composition types of finishing, some made to simulate brick or stone, others shingles in a variety of styles.

An investment of this type, whether it is made primarily to provide a new appearance or greater comfort for the home, will return double dividends, and is well worth considering when remodeling is discussed.

Ex-King Donates Heavily to Rebels

PARIS. (AP)—The Infante Eulalia announced that her nephew, former King Alfonso of Spain, had given "nearly \$10,000,000" to Gen. Francisco Franco to further Franco's insurgent cause.

JUDGES BILL SIGNED
WASHINGTON. (AP)—President Roosevelt yesterday signed a bill providing for appointment of two additional circuit judges for the northern judicial circuit, embracing northern and Southern California, Oregon, Nevada, Montana, eastern and western Washington, Idaho, Arizona, Alaska and Hawaii.

SHIPPING IS SAFER WITH NEW LAWS

NEW YORK. (AP)—The U. S. government now has in force new standards of construction and inspection which make American ships the safest in the world. Col. J. Monroe Johnson, assistant secretary of commerce, told the eighth annual convention of the National Safety council in an address.

He said that since the Morro Castle disaster, regulations have been so revised and amended that when recommendations have been fully met a recurrence of such sea disasters will be "virtually impossible."

Providing of a continuance discharge book for seamen, enabling accurate determination of competency and dependability of crews; increase of inspector personnel, more stringent requirements concerning fire hazards and life saving equipment, and creation of distance finding stations at sea, were listed by Colonel Johnson among improvements adopted by the department of commerce.

PAINT UP

Good Paint is less expensive in the end than cheap paint.

Use a paint that will withstand the hardest wear, look well and defy dirt, grime, stains and soap and water. It is a Martin-Senour Floor and Porch Enamel. Anyone can apply it, because it brushes on freely and does not show brush marks or laps. It comes in many colors and suitable for floors. We sell it as well as other Martin-Senour Quality Paints.

Good paint deserves a good brush! Buy good ones... cheap brushes have a way of losing their bristles right in the middle of a smooth surface, and you'll lose time picking out these stray bristles if you're making a cheap brush do the job.

Don't paint on a wet surface. Paint will not cling to a damp piece of wood or metal. If there is any doubt about the piece you're painting, postpone the job until you're sure that it's thoroughly dry.

Use a paint mixed for the purpose you have in mind. Different ingredients and binders are used to give the paint you buy the qualities the manufacturer specifies. Only the correct paint will give you a satisfactory job, and it should be used for only one purpose.

U. S. Attorney Job Up in Air

WASHINGTON. (AP)—Senator William G. McAdoo told reporters he has not made a recommendation to the justice department concerning the position of United States attorney for Southern California.

Peterson M. Hall's first term ended Wednesday. He recently was involved in a controversy with Col. W. H. Nehrl, McAdoo's Los Angeles law partner. Hall, whose term started April 14, 1933, will continue to hold the post until a successor is appointed.

Bay Coast Guard Airport Okehd

WASHINGTON. (AP)—A bill by Representative John H. Tolan, Berkeley, Calif., authorizing establishment of a coast guard station on San Francisco bay has been approved by the treasury, Acting Secretary Stephen B. Gibbons announced.

The Journal's Swap Column

MEMBER OF THE ASSOCIATED PRESS

Demand More Severity, Not Less

THE state legislature is going to make things easier for the drunken driver. Authority for this statement is Municipal Judge Dawson of Los Angeles, who spoke here this week before a service club. Judge Dawson says the new plan is to give the convicted drunken driver a probationary license for a year, and if he goes through the year without being caught again, to let him have his old license back.

Reason for this is that a lot of synthetic sympathy has been whipped up for the drunk driver because the loss of his license inconveniences him and also forces him to pay a higher insurance rate.

Isn't that just too bad? But nobody seems to feel sorry, however, for the innocent, blood-smeared victims of the booze-sotted motorist. Nobody is laying his side of the case before the bright boys at Sacramento.

The L. A. jurist adds that a drunk driver is a worse public menace than a highwayman. You're safe, he says, if you simply do what the bandit tells you to do.

But try and find out what a drunken driver wants you to do. It's impossible. A drunk behind a steering wheel will just as soon run you up an alley as not, if the notion hits him, declares Judge Dawson. And the judge has seen a lot of drunks.

Highway patrol records show that approximately 12,000 operators' licenses are revoked each year for drunken driving. Presumably most of these revocations follow accidents. And presumably also the total represents a mere fraction of the actual number of cases of drunk driving.

Every drunk driver carries with him the potentiality of death, because an automobile in the hands of an intoxicated person is nothing less than a lethal weapon.

Regardless of the fact that some 12,000 licenses are revoked annually, drunk driving is on the increase. Obviously the punishment does not fit the crime.

The law is too easy on drunk drivers. That's our logical conclusion from the foregoing facts.

And yet some misguided sob sisters want the legislature to make things easier on these drunken public menaces "because it is so hard on a poor fellow to lose his license and have to pay a higher insurance rate."

It's an outrageous perversion of common sense, we believe, to even suggest easing up the law against motorist drunks.

Instead, more teeth should be cemented into it—most of them about the size of 10-penny nails.

That won't be done, however, until the general public demands it.

So the next time someone is maimed or killed in Orange county by a drunken driver, blame yourself for not letting your state senator and assemblymen know how you feel on the matter.

"F. D. R. Insists on Court Reorganization." Just won't take "yes" for an answer from the nine old men, eh?

Leisure Time Is No 'Menace'

AMERICAN civilization is on the toboggan, believes Professor Nash of New York university, who comes to that conclusion because "our streets and amusement places are filled with sleeping people doing no creating or engaging in contests involving body or brain."

Tsk, tsk, professor. You are asking too much if you expect hard-working folks, given a few hours off from their daily drudgery, to suddenly turn into creative artists.

It's hardly any wonder that they should sleep or go to shows in order to get a little rest and recreation.

True enough, a lot of us don't use our leisure time to best advantage. But you must remember that leisure time for the average working man or woman is a comparatively new thing.

The art of making intelligent use of leisure hours is still in its infancy. It is being rapidly developed, however, as the adult education classes and recreation projects now under way all over the nation show. And this leisure time, we believe, will prove the hope of civilization—not its destroyer.

The Nazi press is riding America because of those two brutal lynchings in Mississippi. Score one for the Nazi press.

Why Push the Court Plan Now?

THERE are just a lot of people busy wondering why President Roosevelt doesn't drop his supreme court packing plan, now that the high bench is giving the "go" sign to New Deal legislation such as the Wagner labor act, farm mortgage moratorium and minimum wage laws. They look at it this way: President Roosevelt's objective in proposing the court shake-up was to get a group of judges which would interpret certain "twilight zone" clauses of the constitution along lines more in keeping with modern thought.

The court has come through nobly, and on the last few decisions couldn't have pleased the New Dealers better than if it had been composed of 15 Roosevelt appointees.

Therefore, they reason, why does the President continue to insist that his personal wishes on the court plan be carried out?

Those decisions give the federal government enough power in the fields which they cover. Why insist on packing the bench now?

Why not a tax on those who pay no taxes?

Whimsies of O. O. McIntyre

Thoughts while strolling: Smile—As impossible as preceding Frank Crowninshield through a

doorway. Best chuckle of the winter: California's description of its snow as "soft hail." A great line from Gouverneur Morris recently: "Some people are too religious to leave anything to God."

Something of an Oppenheim figure about Jules Bache and his monologue. Add literary curly heads: Will Irwin. Simeon Strunsky, who writes the most learned column in town, unsigned, for the Times. And one of these days we believe that is the way all columns will be written. Watch!

Stamping a letter in a country post-office name: Lily Pons. Amelia Earhart's photographs always suggest reaching for the pocket comb. Best of the autobiography titles: Noel Coward's "Present Indicative."

Jingle name: Will Hays' brother Hinkle. Constant foursome: The Earl Benham and the Billy Gaxtons. Nobody has taken up where Karl Kitchen left off, writing about food. Fidgety person I've ever known: Will Rogers.

Diplomacy: Out in the Bronx a hot dog stand snuggles against a branch bank. A friend of the proprietor recently sought to borrow \$10. Explained the hot dog merchant: "Sorry, but I can't on account of an agreement I got with the bank. It agreed not to sell hot dogs and I agreed not to lend money."

Nothing so fascinates the French visitor as our mammoth red-fronted five and tens. While a variant of the idea is springing up in Paris, they are small and tacky in comparison to the recent avenue glitter on the drab old Wendell mansion site. Robert Lang, Paris publisher of Reste Jean, brings his wife to New York once a year so she can prove and purchase in the five and tens. There are many notable provers among Americans, too. The list includes Witter Bynner, the poet, Fannie Hurst, Helen Hayes and Billy De Beck.

The frequent comfortable cross-town buses are a boon to everybody save the clerks in the corner drug stores, tobacco shops and newsstands. To them they are constant headaches. In the rush to get inside and grab a seat, the patrons like to have a nickel fare and two cents for the transfer ready. So they besiege the small tradesman to break their dimes and quarters.

Grand Central terminal is called Optician's Paradise. There daily accidents that bring hundreds of new orders. It is all because commuting wives and husbands and such have a way of edging into the current of hurrying folk with their heads in another direction for last-minute farewells. Plop, a collision! And a new pair of \$4.80 lenses that won't be ready until Tuesday. And notice some of the optical shops in the Grand Central zone. There's a reason!

Almost every columnist has several unseen friends with whom he is in regular correspondence. Many warm friendships are thus engendered. In instances they will never meet. And that perhaps is as well. It might prove all around disillusionment. Kipling had one correspondent with whom he exchanged letters for 30 years. One day the correspondent came to London and they lunched together. The talk was stilted while their letters had been delightful. Neither proved very interesting and they shook hands in a farewell and never corresponded again. Then Oscar Wilde's lady correspondent who met him after nine years of fervid letter writing. But never wrote after their single meeting. Also the lady who wrote such beautiful missives to Charles Hawtrey. He finally, in trying to locate her, discovered the address to be an insane asylum where she was an inmate.

"First we'll take off the 10 per cent trade discount, then the 3 per cent for cash and the other discounts, and THEN we'll start to bargain."

The Merry-Go-Round

By DREW PEARSON and ROBERT S. ALLEN

WASHINGTON.—Government legal experts have been putting the microscope on supreme court opinions ever since the deluge of them in the Wagner act cases, and have unearthed some highly significant points.

Most important is that Chief Justice Hughes' opinion in the Jones-Laughlin Steel company case was not so very far off from the government brief in the Schechter Sick Chicken case.

Lay the two side by side, and you find that Hughes cited the same precedents for decreeing steel in interstate commerce and therefore subject to the labor board, as government attorneys cited in claiming that chickens were interstate commerce and therefore subject to NRA.

With the same precedents, the court declared NRA unconstitutional but the labor board O. K. Apparently Mr. Dooley was right after all. The supreme court does follow the election returns.

MODIFIED NRA?

Mr. Hughes went further than this. He threw out what New Deal legalists consider to be a subtle hint that were the NRA to come before the court again it would be O. K. too. For Hughes pointed out that besides interstate commerce there were other reasons for nullifying the NRA, among them the improper "delegation of power" by congress to the President.

The hint seemed to be that if this delegation of power were made more specific, instead of as sweeping as during General Johnson's heyday, the court would tolerate a less ferocious Blue Eagle.

Note—New Deal legalists believe Hughes' opinion was a throw into his opinion a lot of things which he didn't have to say, in order to make it absolutely plain that the Wagner act was valid.

It was the court majority's answer to criticism that it had tied Roosevelt's hands on sit-down strikes.

LANDON'S UNCLE

Incidentally, the Jones-Laughlin Company which the supreme court stepped on, hires Gov. Alf Landon's uncle as its high-powered publicity mogul. Uncle William was credited with persuading Alf to throw into his opinion a lot of things which he didn't have to say, in order to make it absolutely plain that the Wagner act was valid.

It was the court majority's answer to criticism that it had tied Roosevelt's hands on sit-down strikes.

Those who winced most at the Wagner act decisions were the Liberty League lawyers. They got out a report long in advance declaring the act a "complete departure from our constitutional theory of government." They had "no hesitancy" in recommending that it be ignored.

When other lawyers pointed out that it was unethical to issue this advice before a law had been tested in the courts, a committee of the American Bar association upheld the Liberty League.

Those who signed the report included: John W. Davis, Frank Hogan, Nathan Miller, Joseph E. Bainbridge Colby, David A. Reed, the late George Wickesham, the late James M. Beck, and Fred Stinchfield, now president of the American Bar association.

important opinions, and the liberals didn't help them out with one. Roberts handled the Associated Press and Virginia bus cases, while Hughes took the other three—Jones-Laughlin steel, Friedman-Marks clothing and Fruehauf trailer.

The liberals sat by looking pleased, as much as to say: "You two were the gentlemen who swung the court the wrong way on a lot of New Deal legislation, and now you can swing it back again."

Roberts, usually absolutely sure of himself and the most forceful of all nine in delivering an opinion, was nervous and uncertain when he launched on the Associated Press decision. He has taken some stiff editorial comment in the press for changing his mind.

FREEDOM OF THE PRESS

McReynolds surprised everyone by being calm and dispassionate when he read his dissent. In the past he frequently has lost his temper, once stormed that "the constitution was gone."

Justice Sutherland, usually the mildest mannered of men, let the time pounded on the dais, let the sparks fly. He read the dissent on the Associated Press case, upholding freedom of the press.

In 1931 Sutherland joined in the dissent on the Minnesota gas law, in which he upheld that state's right to curb newspapers which criticized public officials. Incidentally, that was another 5-4 decision. At that time the same justices who this week voted for freedom of the press then voted against it. They were Sutherland, Van Devanter, Butler and McReynolds. The five who recently voted against the Associated Press—Hughes, Brandeis, Stone, Cardozo and Roberts—at that time voted for freedom of the press.

OUCH!

Those who winced most at the Wagner act decisions were the Liberty League lawyers. They got out a report long in advance declaring the act a "complete departure from our constitutional theory of government." They had "no hesitancy" in recommending that it be ignored.

When other lawyers pointed out that it was unethical to issue this advice before a law had been tested in the courts, a committee of the American Bar association upheld the Liberty League.

Those who signed the report included: John W. Davis, Frank Hogan, Nathan Miller, Joseph E. Bainbridge Colby, David A. Reed, the late George Wickesham, the late James M. Beck, and Fred Stinchfield, now president of the American Bar association.

BACK PAY

One important phase of the Wagner act decisions is that employees are ordered reinstated with back pay. In some cases this goes back a long way.

Moreover employees don't have to sue for reinstatement. A big item for some companies, among them Remington-Rand, where about 4000 employees are ordered returned to work with back pay dating from sometime last summer.

MERRY-GO-ROUND

War department experts, who study the Spanish war, estimate that 50 per cent of the Loyalist losses in the air were caused by German anti-aircraft guns. . . . The Peruvian ambassador to the United States, Manuel de Freyre, speaks English better than he speaks Spanish.

The Mailbag

Readers are invited to contribute Mailbag letters on topics of general interest. Rules: (1), letters must not exceed about 200 words—longer ones will be edited; (2), writers must sign names, and addresses—unsigned letters will be ignored; initials only or pen names will be used when requested; (3), confine each letter to ONE idea; if you have two ideas, write two letters; (4), letters must wait turn for publication; (5), discussion of matters in the news, and therefore known to all readers, are preferred; (6), cooperate by observing these rules. Thanks.—Editor.

THE 'EDUCATED MAN'

To the Editor: I was much alarmed by the list of the "Opinions of Educated Men" given in last Friday's Journal and I greatly appreciate the correction of the first list made in today's (Tuesday's) paper. Friday I found myself flatly contradicting the supposedly intelligent minority of my fellow citizens. As the matter stands at present, investigation has proved that college graduates are generally in agreement that: 1. The white race is superior to all other races; 2. It is not necessarily bad to take another man's wife to the movies; 3. Neckties are not necessarily obligatory; 4. Criminal law must vary with place and time; 5. Feminine intuition is a myth! I wonder if your readers would be interested in reviewing the "Marks of an Educated Man," formulated by Albert A. Wiggam in his book of that title, a dozen years ago. 1. He cultivates an open mind; 2. He listens to the man who knows; 3. He never laughs at his abilities; 4. He gets along with other people; 5. He cultivates the habit of success; 6. He understands the power of thought; 7. He distrusts popular notions; 8. You can't sell him magic; 9. He espouses a great cause; 10. He suits his ambition to his abilities; 11. He governs his emotions; 12. He keeps busy at worthwhile tasks; 13. He never stops learning; 14. He considers himself a world citizen; 15. He cultivates the love of the beautiful; 16. He lives a "religious" life.

These issues are somewhat more fundamental than opinions about movies and neckties, but then "college graduates" are not necessarily "educated men" (and women). And visa versa, fortunately.

A "CONSTANT READER"

Journalaffs

By ART SHANNON
Howdy, folks! Some girls give almost as much thought to choosing a husband as they do to choosing a new hat.

Historians may say what they like, but personally we will always believe that the first screen actor was the fly.

We will now sing that famous moth ballad entitled "My Little Home in the Gray Vest."

The melancholy days are come, the saddest of the year,
The seeds we planted months ago Will not come up, we fear.

An average man these days is one who gets writer's cramp from signing his name to so many conditional sales contracts.

"Your wife loses quite a lot of money at bridge, doesn't she?"
"Yes, I do."

"Laughter creates appetite," said said the Scotchman, starting to cry at the dinner table.

Of all the pests the world affords I hold the greatest blight,
The gink who takes an hour to tell The dream he dreamt last night!

Lil' Gee Gee says she wasn't held up on her tour across the wild west last summer.
"We didn't stop at any of those swanky tourists' camps," she explains.

Please pay the cashier.

Science News

An increase of almost 70 per cent in production of paving concrete is made possible with a new paving machine equipped with a dual drum. Ingredients are poured into one end, and when they are half-mixed, they are automatically transferred to the other, where the mixing is completed. As the first batch is being finished, the No. 1 container is receiving a new mixture. It is claimed to be the most efficient paving machine on the market.

An unknown contributor left the American Legion galloping duck on the Dr. Earle doerstep, and then stepped away as silently as the Arab, although I do not know that he is being indicted. He was thoughtful, however, and a diet which Dr. Earle will do well not to follow.

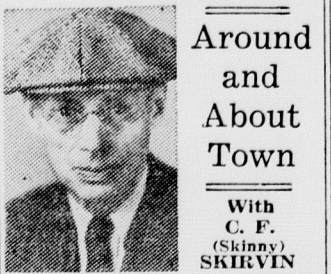

And then there is the fellow who goes into the cafe and orders a cup of coffee which the waitress has a tough time to deliver because the customer keeps moving around, and no preparation has been made to serve in transit.

I've been lookin' for a fellow named McGowan who represents a wheatie breakfast food. Not that I'm hungry, but he gave me a baseball schedule after part of the season had passed, and I wanted to find out if he is Scotch.

And then there is a friend who selected a vacation week without consulting the calendar. Rain is scheduled.

Much to my astonishment the news filters in that Howard Brown is quite a student of bird life. I heard he knew his politics and real estate but hitherto the ornithological accomplishment has been his own secret. His particular favorite in the ornithology nest is the robin, and he can tell you a lot about its habits and home life—when it is home. It is possible that I am being deceived, and that Howard is starting this robin story of his just for a lark. If he is I'll catch up with him. Sooner or later I get my man.

Skinny Skribbles

This is "be kind to animal week" and Charley Ocain came in to find out how the boys were treating me. Charley was the first to be selected by The Journal "Flowers" editor, and this is what was said about him: "Charley D. Ocain, who for several years has given his home as headquarters for and devoted much of his time and effort to the work of the Humane Society of this community." He is the president of the society. So remember if the dog or the cat knocks over a few flower pots don't lose your temper. Give them something to eat and they won't have time to disturb the flowers.

You fellows who are interested in wars will recall that the Spanish-American argument started April 21, 1898. If you are getting a pension you still remember it. Dog-gone it, they always start these wars when I am either too young or too old to get into 'em.

It has occurred to Nick Meyer to indulge in a sit-down strike on his landlord, but I hope he does not reckon without his host.

Well, maybe he won't like it but the only way I can get even with Sam Meyer for spelling my name incorrectly for the past 20 years is to spell his incorrectly for the next 40. The only trouble with this plan of mine is that I won't be here 40 years. So I'll continue my stubborn and unforgiving attitude and spell it "Myers." And if he doesn't like it let him choose his own weapons. I take no risk in issuing this challenge as he uses the same brand I do.

By way of comparison Santa Ana visitor into Arizona reports widespread damage to the crop, serious injury to lemons and grapefruit not so good.

The fellow who started this column business certainly did not have any hedonistic tendencies. Sometimes after re-reading the stuff, when it gets rather personal, I wonder if the author doesn't lean to the sadistic side and get his pleasure out of inflicting pain on others. Of course that isn't the real intent of a personal column, but it could be so interpreted by those not acquainted with the provocation or the incident. However, I am thankful that so far I have escaped bodily harm and a minimum of criticism.

Now I know why The Duke of Windsor ducked that crown. It weighs seven pounds.

You stand a better chance of getting hit at Fourth and Main if you are up town early in the morning before the signals are working. This might be classified as a newspaper invitation to make a contribution to the news of the day, but it is really intended as a safety suggestion and an excuse for getting up town late.

Maybe the depression is over, but when you "split" a doughnut with two cups of coffee it still has the earmarks of hard times.

So that there would be no misunderstanding as to his attitude, Harold Brown, on being inducted as the High Authority in a certain paternal order, placed a double-barreled shotgun on one side of the station from which he presided, and a short saber on the other. The proceedings during the evening are reported to have been unusually peaceful.

An unknown contributor left the American Legion galloping duck on the Dr. Earle doerstep, and then stepped away as silently as the Arab, although I do not know that he is being indicted. He was thoughtful, however, and a diet which Dr. Earle will do well not to follow.

And then there is the fellow who goes into the cafe and orders a cup of coffee which the waitress has a tough time to deliver because the customer keeps moving around, and no preparation has been made to serve in transit.

I've been lookin' for a fellow named McGowan who represents a wheatie breakfast food. Not that I'm hungry, but he gave me a baseball schedule after part of the season had passed, and I wanted to find out if he is Scotch.

And then there is a friend who selected a vacation week without consulting the calendar. Rain is scheduled.

Much to my astonishment the news filters in that Howard Brown is quite a student of bird life. One Man's Opinion

By X REPORTER

WHEN IS EASTER?

Do you know what date Easter falls on next year? Or the year after?

Foolish question, because nobody knows—without looking it up. Every year since childhood, I am sure, either I have asked or have been asked when Easter would fall, and invariably reference has been made to someone who was better posted on such matters.

Easter Sunday, I've learned—although I can't always remember it from year to year—may fall upon any Sunday from late in February to about mid-April, depending upon the Pascal full moon. Please don't ask me for too close a definition of the Pascal full moon.

But now churchmen all over the world, I learn from a little leaflet that comes to my desk, are talking about fixing Easter on a definite date, or at least a definite Sunday—such as the first Sunday in April.

They have their own arguments as to the value for thus setting a

definite day on which to observe the greatest anniversary on the Christian calendar—the first being, of course, Christmas.

Some of the proponents of the plan for a fixed Easter day go so far as to declare that the only fixed date known in the life of Jesus of Nazareth is April 7, the date of crucifixion.

They declare that his actual birth date, which Christian nations observe on December 25 each year, is not nearly so positively known.

Being not at all learned in such matters, but very reverent of the occasions these dates solemnize, I am hopeful that an agreement may be reached whereby the date of Easter can be given a much more definite place on our calendar—at least as definite as our Thanksgiving day, which comes always on a certain Thursday in November.

To permit the most sacred of our anniversaries to slip around so vaguely on the calendar seems to me not too sensible.
